1. Description of the Plan

The following description of The John Gore Organization, Inc. 401K and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan sponsored by The John Gore Organization, Inc. (the Company or Plan Sponsor) to enable eligible employees to save for retirement. The Plan was effective January 1, 2008. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees become eligible to participate in the Plan upon date of hire and attainment of age 21. Upon becoming eligible, participants are automatically enrolled to contribute 3% of pre-tax annual eligible compensation but may choose to either not participate or change their elective deferral percentage. An employee will enter the Plan on the first day of the month after meeting the service and age requirements.

The following employees are not eligible to participate in the Plan:

- Employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan
- Leased, part-time or seasonal employees (employees whose regularly scheduled service is less than 1,000 hours of service per computation period)
- Nonresident aliens who do not receive any earned income from the Company, which constitutes United States source income

For the period January 1, 2018 to May 31, 2019 the recordkeeper and trustee was Fidelity Management Trust Company (Fidelity).

Effective June 1, 2019, the Plan changed its recordkeeper and trustee from Fidelity to ADP Retirement Services (ADPRS) as recordkeeper and to Reliance Trust Company (Reliance) as trustee. In connection therewith, the Plan document was restated effective June 1, 2019.

Contributions

Participants may elect to defer up to 90% of eligible compensation into the Plan. The total participant contribution in any year is subject to certain limitations of the Internal Revenue Code (IRC). The limit for 2019 and 2018 was $19,000 and $18,500, respectively. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth 401(k) basis. Participants may increase, decrease, suspend, or resume their deferral contributions on the first day of each month. In addition, participants who will have attained age 50 or older by the end of the calendar year may make additional catch-up contributions of $6,000 in 2019 and 2018.

The Company may make discretionary matching contributions equal to a percentage of the participant's contributions, to be determined annually by the Company. Employees are eligible for the discretionary matching contributions upon completion of six months of service. For the Plan years ended December 31, 2019 and 2018, the Company made a matching contribution equal to 50%

of the participant's contribution up to a maximum of 5% of the participant's compensation, which was $667,958 for 2019 and $625,397 for 2018. The Company may also make a discretionary nonelective contribution. The Company did not make any nonelective contributions for the years ended December 31, 2019 and 2018.

Participants can roll over part or all of an eligible rollover distribution they have received from an eligible retirement plan into this Plan as a rollover contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, an allocation of Plan earnings or losses and charges for benefits paid. Participant accounts may also be charged with an allocation of certain administrative expenses. Allocations are based on the participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollovers, and the actual earnings or losses thereon. Vesting in the employer contribution portion of their accounts is based upon the elapsed time method. Employees are on a three-year vesting schedule (one year - 20%, two years - 50% and three years - 100%).

Forfeited Accounts

If a participant leaves the Company before becoming fully vested, any non-vested employer contributions, if any, and investment earnings thereon are forfeited. These forfeitures are used to either reduce future employer contributions or pay reasonable administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $33,277 and $30,139, respectively. In 2019 and 2018, employer contributions were reduced by $23,816 and $0 from forfeited non-vested accounts, respectively.

Notes Receivable from Participants

Participants may borrow from their investment account a minimum of $1,000 up to a maximum equal to the lesser of ½ of the participant's vested account balance or $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. The loans are adequately secured by the vested account balance. The loans are made for terms not to exceed five years unless the loan is used to acquire a principal residence, in which case the loan may not exceed ten years. For the years ended December 31, 2019 and 2018, notes bear interest at a rate of 4.25% to 6.50%. Principal and interest are repaid ratably through after-tax payroll deductions. A participant may have only one loan outstanding at any given time.

Payment of Benefits

The Plan allows the following types of benefit payments: withdrawals after normal retirement age, hardship withdrawals, withdrawals after age 59½, withdrawals after age 70½, and withdrawals of rollover contributions.

Participants, or in certain cases their designated beneficiary or beneficiaries, may request a distribution of their vested account balances based on any of the following events: death, disability, retirement, minimum required distributions, or termination of employment. Participant's vested account balances will be paid as a non-rollover distribution, a direct-rollover distribution, or a combination non-rollover distribution and direct-rollover distribution. If the value of the participant's account is less than $1,000, the payment will be made in cash in a single lump sum.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Transaction-based fees are associated with optional services offered under the Plan and are charged directly to the participant's account based on use of a particular Plan feature, such as a Plan loan. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Company deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During 2019, the Plan had $2,435 in loan defaults, which is included in benefits paid to participants and beneficiaries in the statements of changes in net assets available for benefits. No loans were defaulted for the year ended 2018.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2019 and 2018, there were no amounts allocated to participants who have elected to withdraw from the Plan but have not been paid.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Reliance from June 1, 2019 to December 31, 2019, and Fidelity for the period January 1, 2018 to May 31, 2019, the trustees of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – These assets are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 25,856,673	$ -	$ -	$ 25,856,673
Total Investments, at fair value	$ 25,856,673	$ -	$ -	$ 25,856,673

December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,570,551	$ -	$ -	$ 19,570,551
Total Investments, at fair value	$ 19,570,551	$ -	$ -	$ 19,570,551

The Plan had no assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2019 and 2018. There were no transfers between levels during the years ended December 31, 2019 and 2018.

6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Company will facilitate the distribution of account balances in single lump-sum payments to each participant until all assets have been distributed by the Trustee.

7. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Reliance from June 1, 2019 to December 31, 2019 and managed by Fidelity for the period January 1, 2018 to May 31, 2019.

Therefore, these transactions related to these investments qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

8. Tax Status

Effective June 1, 2019, the Plan adopted the ADP, LLC Prototype Non-Standardized Profit Sharing Plan with a Cash or Deferred Arrangement. The Internal Revenue Service (IRS) has determined and informed ADP, LLC by a letter dated July 16, 2014, that the Plan is designed in accordance with the applicable sections of the IRC. Previously, the Plan adopted a volume-submitter plan sponsored by Fidelity. On March 31, 2014, the IRS stated in a letter that the volume-submitter previously adopted by the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

The following is a reconciliation of the net increase per the financial statements to Form 5500:

Add: employer contributions receivable	**18,358**	18,029
Net Increase, per Form 5500	**$ 6,414,755**	$ 482,530

10. Prohibited Transactions

Employee contributions and loan repayments withheld for certain payroll periods during 2019, 2018 and 2017 totaling $5,664, $158,474 and $82,833, respectively, were not remitted to the Plan on a timely basis. These contributions are considered nonexempt prohibited transactions. The Company has taken the appropriate steps to correct the situation. During January 2019, the Company reimbursed the Plan for the lost earnings with respect to late remittances for 2018 and 2017. During May and August of 2019, the Company reimbursed the Plan for the lost earnings with respect to late remittances for 2019. The Form 5330, Return of Excise Taxes Related to Employee Benefit Plans, will subsequently be filed with the IRS.

11. Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to instability in financial markets. As a result, the Plan's investment portfolio has seen fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that could be recognized in subsequent periods, if any, cannot be determined at this time.

As a result of a reduction in the Company's workforce due to the effects of the pandemic, Plan management has determined that a partial termination of the Plan occurred during 2020. All affected Plan participants were fully vested in their accounts upon this determination.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Increase the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020

Subsequent events were evaluated by the Plan's management through October 15, 2020, the date the financial statements were available to be issued. There were no other subsequent events requiring adjustment to the financial statements or disclosures.
