## Note 1: Description of Plan

The following description of the Kate Somerville Skincare, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering all employees of the Kate Somerville Holding, LLC (the "Company"). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan initially became effective on January 1, 2008. The Plan Adoption Agreement was amended and restated on January 1, 2018.

Employees will become eligible to participate in the Plan once they have reached the age of 18. There is no minimum service requirement. Plan entry dates are on the first day of each month after satisfying eligibility requirements.

### Contributions

Each year participants may contribute 100% of pretax annual compensation, as defined in the Plan, up to the IRC annual maximum. Such contributions may be pre-tax elective Deferrals (as defined). In addition, participants may make after-tax Roth Contributions (as defined). Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants are automatically enrolled in the Plan after becoming eligible to participate. Unless the participant elects to change the deferral percentage or chooses not to make any deferral contributions, each participant is automatically enrolled to make deferral contributions to the Plan at 3% of their compensation as of the participant's entry date.

The Company is required to make safe-harbor matching contributions equal to 100% of the employee's salary deferrals that do not exceed 4% of the employee's compensation, up to the applicable Internal Revenue Service ("IRS") compensation limit. The contributions are made on a per payroll basis. For the year ending December 31, 2019, the Company made safe harbor contributions of $290,605.

The Plan also allows for the Company to make a discretionary matching contribution. The Company may also make a discretionary profit sharing contribution to the Plan. During the year ended December 31, 2019, no discretionary matching contribution nor profit sharing contribution were made.

### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Note 1: Description of Plan (Continued)**

**Vesting**

Participants are immediately 100% vested in their contributions and the Company's safe-harbor matching contributions plus actual earnings thereon. The Company's discretionary matching contributions and profit sharing contributions and earnings thereon will be vested in accordance with the following schedule:

| Years of Service | Percentage |
|---|---|
| Less than 1 | 0% |
| 1 | 25% |
| 2 | 50% |
| 3 | 75% |
| 4 or more | 100% |

The vesting percentage for a participant who is an employee on or after the date the participant reaches normal retirement age (as defined by the Plan) will be 100% vested in employer contributions.

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Roth deferrals are not available to fund loans to participants. The loans are secured by the balance in the participant's account. All loans shall bear an interest rate equal to the prime rate, which shall remain fixed throughout the duration of the loan. Principal and interest are paid ratably through payroll deductions. Each participant may have only one loan outstanding at a time.

**Payment of Benefits**

Upon leaving the Company for any reason (retirement, termination, disability, or death) a participant can elect to receive their vested benefits in the form of either a single lump-sum cash payment, or have a payment paid as a direct rollover to an individual retirement account ("IRA") or to another employer's tax qualified plan. However, if the participant's vested account balance is $5,000 or less, the Company can elect to cash the balance out of the account by establishing a separate IRA outside the Plan. All vested account balances not exceeding $1,000 may be immediately distributed in a lump sum payment.

Additionally, under certain circumstances of financial hardship or upon attaining the age of 59½, participants are allowed to take a hardship or in-service distribution from their accounts. Hardship distributions are subject to income taxes and may be subject to additional tax based on early withdrawal. Matching contributions and employer profit sharing contributions are not available for hardship distributions. Participants may not contribute to the Plan or any other retirement plan for six months following a hardship withdrawal.

## Note 1: Description of Plan (Continued)

### Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-allocated accounts totaled $1,818 and $484, respectively. Forfeitures are retained in the Plan and may be used to reduce future employer contributions or to pay Plan expenses. For the year ended December 31, 2019, the employer match was reduced by $1,427 and administrative fees were reduced by $1,653 from forfeited non-vested accounts.

## Note 2: Summary of Accounting Policies

### Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The 2018 statement of net assets available for benefits have been restated and presented on the accrual basis of accounting. The Plan had reported its activity for the years 2018 and prior on the cash basis of accounting. Effective for the year 2019, the Plan has changed its accounting method for reporting its activity from the cash basis to the accrual method of accounting.

### Use of Estimates

The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on a cash basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable that are deemed by the plan administrator to be in default are treated as distributions based on the terms of the Plan document. Interest income on notes receivable from participants is recorded on accrual basis.

### Payment of Benefits

Benefits are recorded when paid.

**Note 2: Summary of Accounting Policies (Continued)**

### Deemed Distributions

Plan provisions provide that participants must repay note receivable balances upon termination from the Plan. Outstanding balances that are not repaid are treated as deemed distributions.

### Plan Fees and Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

### Subsequent Events

#### COVID-19

On March 11, 2020, the World Health Organization declared the current coronavirus, or COVID-19, outbreak to be a global pandemic. Both prior to and in response to this declaration and the rapid spread of COVID-19 around the world and within the United States, international, federal, state, and local government or other authorities have instituted certain preventative measures. These restrictions are disrupting economic activity worldwide, resulting in volatility in the global capital markets. The complete impact of COVID-19 on companies, the Plan's financial position, results of operations and changes in equity remains dependent on future developments, including the duration of the pandemic and the related length of its impact on the global economy, which cannot be predicted at this time.

#### Coronavirus Aid, Relief, and Economic Security Act

Following this declaration, the U.S. Federal government passed the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" on March 27, 2020. The CARES Act allows eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The plan sponsor is not amending the Plan with these changes.

#### Date of Management's Review

Events occurring after December 31, 2019 have been evaluated for possible adjustments to the financial statements or disclosures as of October 15, 2020, which is the date the financial statements were available to be issued.

**Note 3: Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Cash and cash equivalents:* Short-term money market instruments are reported at fair value based on quoted market prices.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 3: Fair Value Measurements**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

| | Fair Value Measurements Using Input Type | | | |
|---|---|---|---|---|
| INVESTMENTS | Level 1 | Level 2 | Level 3 | Total |
| Cash and cash equivalents | $ 38,937 | $ - | $ - | $ 38,937 |
| Mutual funds | 3,303,737 | - | - | 3,303,737 |
| Investments at fair value | $ 3,342,674 | $ - | $ - | $ 3,342,674 |

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

| | Using Input Type | | | |
|---|---|---|---|---|
| INVESTMENTS | Level 1 | Level 2 | Level 3 | Total |
| Cash and cash equivalents | $ 70,943 | $ - | $ - | $ 70,943 |
| Mutual funds | 2,171,075 | - | - | 2,171,075 |
| Investments at fair value | $ 2,242,018 | $ - | $ - | $ 2,242,018 |

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the years ended December 31, 2019 and 2018. These investments can be redeemed immediately and without a redemption notification period. For the years ended December 31, 2019 and 2018, there were no unfunded commitments associated with any of these investments.

**Note 4: Information Certified by the Plan's Custodians**

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, respectively;

**Note 4: Information Certified by the Plan's Custodians (Continued)**

- Investment income and interest income on notes receivable from participants as reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2019.

**Note 5: Party-In-Interest Transactions**

The Plan allows for transactions with certain parties who may perform investment or recordkeeping services for the Plan. The Plan also issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

**Note 6: Plan Termination**

Although it has not expressed any intent to do so, the sponsoring Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in any employer contributions.

**Note 7: Tax Status**

The Plan is a prototype plan that is the subject of a favorable opinion letter from the IRS dated January 1, 2018. Although the Plan has been amended since its initial effective date, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles general accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 8: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Note 9: Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31:

| | 2019 | 2018 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 3,388,220 | $ 2,277,436 |
| Employer contributions receivable | - | (11,116) |
| Participant contributions receivable | - | (23,856) |
| Net assets available for benefits per Form 5500 | $ 3,388,220 | $ 2,242,464 |

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the year ended December 31, 2019 to the amount pe the Form 5500:

| | 2019 |
|---|---|
| Increase in net assets available for benefits per financial statements | $ 1,110,784 |
| Add: 2018 employer and participant contributions receivable | 34,972 |
| Increase in net assets available for benefits per the Form 5500 | $ 1,145,756 |

**Note 10: Operational Errors**

During 2019, Plan management identified certain operational errors related to the calculation of vested balances. Plan management is in the process of correcting these errors.

During 2019, Plan management identified certain operational errors related to the failure to automatically enroll eligible participants in the Plan and to withhold participant deferral contributions for certain participants who were automatically enroll in the Plan. Plan management will take the appropriate corrective action to correct these errors and remit to the Plan any lost earnings.
