Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

To the Participants and Plan Administrator of
Mettler Toledo Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mettler Toledo Retirement Plan (the Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of these financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that The Northern Trust Company held plan assets and executed investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. These financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

Interest Rates for Minimum Funding Purposes	Based on segment rates with a four-month lookback (as of September 2018), each adjusted as needed to fall within the 25-year average interest rate stabilization corridor.
1st Segment Rate	3.74%.
2nd Segment Rate	5.35%.
3rd Segment Rate	6.11%.
Interest Rates for Maximum Tax Purposes	Based on segment rates with a four-month lookback (as of September 2018), without regard to interest rate stabilization.
1st Segment Rate	2.28%.
2nd Segment Rate	3.81%.
3rd Segment Rate	4.46%.
Retirement Age	
Active Participants	See Table 1.
Terminated Vested Participants	Normal Retirement Age (typically age 65).
Mortality Rates	
Healthy and Disabled	2019 static mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(e) and IRS Notice 2018-02.
Withdrawal Rates	See Table 2.
Disability Rates	See Table 3.
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 80% of males and 80% of females have an eligible spouse, and that males are three years older than their spouses.
Benefit Limits	Projected benefits are limited by the current IRC section 415 maximum benefit of \$225,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2017 Plan Year

6.75%, limited to third segment rate of 6.48%.

2018 Plan Year

6.50%, limited to third segment rate of 6.29%.

2019 Plan Year

6.50%, limited to third segment rate of 6.11%.

Trust Expenses Included in Target Normal Cost

Based on a percentage of assets. This percentage is determined each year as the prior year's actual plan administrative expenses divided by the current year's market value of assets. The percentage for the 2018 valuation was 1.27%.

Actuarial Method

Standard unit credit cost method.

Valuation Date

January 1, 2019.

Schedule SB, Part V—Summary of Plan Provisions

Effective Date	January 1, 1988. Amended and restated effective January 1, 2008.
History	The plan is effective January 1, 1988 following a spinoff from the Reliance Electric Company Retirement Plan amended and restated effective January 1, 1995. The plan was further amended effective December 31, 1996 to split the plan into two plans. The Retirement Plan covered benefits accrued through December 31, 1996 and the Replacement Plan covered benefits accrued thereafter. Effective December 31, 2001, the Retirement and Replacement Plans were merged back into one plan. Effective April 30, 2002, all benefits accrued under the plan were frozen.
Participant Eligibility	One year of vesting service.
Normal Retirement Eligibility	Age 65.
Benefit	<p>The monthly benefit, if any, earned by the participant is computed as the sum of the following:</p> <ol style="list-style-type: none">(1) The monthly benefit, if any, earned by the participant as of December 31, 1994 under an updated prior plan formula; and(2) One-twelfth of the sum of the annual accrual units earned by the participant for each of the plan years in which the participant has earned benefit service. <p>The annual accrual unit is equal to the difference between (1) and (2), below:</p> <ol style="list-style-type: none">(1) 2.0% of the participant's annual compensation for the plan year.(2) 0.6% of the lesser of:<ol style="list-style-type: none">(a) The participant's annual compensation for the plan year.(b) Covered compensation for the plan year.

Preretirement Death
Eligibility

Any participant eligible for a deferred vested retirement benefit and married at least one year.

Benefit

50% of the participant's accrued benefit reduced for both 50% joint and survivor form and early receipt and payable to the surviving spouse at the participant's earliest retirement age.

Definitions

Benefit Service

The number of plan years during which a participant completes at least 1,000 hours of service. However, no further benefit service will be earned after April 30, 2002.

Vesting Service

Each 12-month period beginning with the day of the year on which the employee commenced employment, and each anniversary thereof, in which he is credited with 1,000 or more hours.

Annual Compensation

Wages for the calendar year ending within the plan year, reduced by reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits but including amounts contributed pursuant to salary reduction agreements to plans described in sections 125, 402(e)(3), 402(h)(1)(B) and 403(b) of the Internal Revenue Code. In no event shall the amount of annual compensation taken into account under the plan exceed the adjusted annual limit permitted under section 401(a)(17) of the Internal Revenue Code for the given plan year.

Covered Compensation

The average of the maximum Social Security taxable wage bases for each of the 35 calendar years up to and including the plan year in question.

Updated Prior Plan Formula

The formula for benefit accrual for participants under the Mettler Toledo Retirement Plan, the Reliance Electric Company Plan or the Mettler Instrument Corporation Retirement Plan on December 31, 1994 as appropriate.

Actuarial Equivalence

The actuarial equivalence is based on the 1983 group annuity mortality table weighted 50% male and 50% female and an interest rate of 8.50%. The actuarial equivalence for lump sum payments is based on the applicable IRC section 417(e) mortality table and interest based on three-segment yield curve.

Independent Auditors' Report

To the Participants and Plan Administrator of
Mettler Toledo Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mettler Toledo Retirement Plan (the Plan), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of these financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that The Northern Trust Company held plan assets and executed investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. These financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of assets (held at end of year) (modified cash basis) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of the Mettler Toledo Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified noncontributory defined benefit plan, covering all salaried employees and all non-bargaining hourly employees of Mettler-Toledo, Inc. as of December 31, 1996. The Plan is the successor plan by acquisition from Ciba-Geigy AG (Ciba) in October 1996, and merger of the Mettler Toledo Replacement Plan in December 2001. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Effective April 30, 2002, the Plan was frozen for all participants. Participants who were actively employed by the Plan Sponsor on this date with at least 1,000 hours of service were automatically vested. Employees will not accrue additional benefits after this date. The benefits earned through this date will be paid to participants in accordance with the terms of the Plan.

Mettler-Toledo, LLC (a wholly-owned subsidiary of Mettler-Toledo International, Inc.), and formerly known as Mettler-Toledo, Inc., is both the Plan Sponsor and Administrator and is responsible for keeping accurate and complete records with regard to the Plan, informing participants of changes or amendments to the Plan, and ensuring that the Plan conforms to applicable laws and regulations.

Pension Benefits

At normal retirement age (65), the monthly pension benefits, if any, earned by the participant as of April 30, 2002 are computed as the sum of the following:

- The monthly benefit, if any, earned by the participant as of December 31, 1994 under an updated prior plan formula (as defined); and
- One-twelfth of the sum of the annual accrual units earned by the participant for each of the years 1995 through April 30, 2002 in which the participant has earned benefit service (as defined).

The annual accrual unit is equal to 2% of annual compensation less 0.6% of the lesser of annual compensation or social security compensation (as defined).

The Plan permits early retirement at ages 55-64 (with 10 years of continuous service). Employees may elect to receive their pension benefits in one of several optional forms. If employees terminate before rendering five years of service, they forfeit the right to receive their accumulated plan benefits.

Death and Disability Benefits

Active participants eligible for a vested benefit, and vested terminated participants, are covered under a pre-retirement surviving spouse's benefit. Under this coverage, if the participant dies prior to retirement, the participant's spouse will receive one-half of the benefit the participant would have received had the participant terminated on the day of their death and elected to receive benefits, on a 50% joint-survivor basis, on their earliest retirement date. Upon permanent and total disability after completing 10 or more years of continuous service, a participant is entitled to receive retirement benefits in accordance with the Plan's policies.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Presentation

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). The principal differences between the modified cash basis and U.S. GAAP are that contributions are recognized when received and administrative expenses are recognized when paid.

Investment Valuation and Income Recognition

Under terms of an agreement between the Trustee and the Plan Sponsor, the Trustee maintained certain assets of the Plan and paid benefits and administrative expenses for the Plan. Shares of cash equivalents and certain mutual funds are traded in active markets and are valued at a daily net asset value, equal to its fair value. Other mutual funds represent private placement funds that are valued based on the fair value of the underlying securities in the fund, as determined by the fund trustee, which represents the net asset value of the units held by the Plan at the end of the year. Hedge funds are valued at the net asset value of shares held by the fund at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Dividend and interest income are recorded when earned.

Contributions

Employer contributions are recognized when received.

Benefit Payments

Benefit payments are recognized when paid.

Administrative Expenses

Administrative expenses, including fees for the Trustee, Pension Benefit Guaranty Corporation (PBGC) premiums and consulting services, are recognized when paid from plan assets. Certain administrative expenses are paid by the Plan Sponsor and are not included in these financial statements.

Use of Estimates

The preparation of financial statements in conformity with a modified cash basis of accounting, which is a comprehensive basis of accounting other than U.S. GAAP, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Notes to the Financial Statements
For the Years Ended December 31, 2019 and 2018

Risks and Uncertainties

The Plan invests in various combinations of mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated for recognition and disclosure through the date the financial statements were available to be issued, October 14, 2020.

Subsequent to the date of the financial statements, an outbreak of a novel strain of coronavirus (COVID-19) has disrupted supply chains and affected production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan Sponsor's performance and the Plan's investments will depend on certain developments, including the duration and spread of the outbreak. Impact to the Plan cannot be predicted, and the extent to which COVID-19 may impact the statement of net assets available for benefits is uncertain at this time. There are no other material events as of the report date.

3. Obligation for Plan Benefits

Employer contributions are based upon amounts required to be funded to comply with the minimum funding requirements of ERISA. All minimum funding requirements were met in 2019 and 2018.

4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

In the event the Plan terminates, the net assets of the Plan are to be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Benefits to participants who began receiving benefits at least three years before the Plan's termination, based on plan provisions in effect five years prior to such termination;
- Vested benefits of all other participants which are guaranteed by the Pension Benefit Guaranty Corporation (PBGC) on the basis of the Plan as in effect at the beginning of the five-year period ending on the date of termination;
- Insured vested benefits resulting from amendments made within the five-year period ending on the date of termination;
- Vested benefits which were limited due to the ceiling on the amount guaranteed by the PBGC; and
- All other benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Whether all participants receive their benefits

Mettler Toledo Retirement Plan
Notes to the Financial Statements
For the Years Ended December 31, 2019 and 2018

should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

In the event that the Plan's net assets at the time of termination are in excess of those required to provide all accrued benefits, such excess shall revert to the Plan Sponsor.

5. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by the plan actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment between the valuation date and the expected date of payment.

Significant assumptions underlying the January 1, 2019 valuation included:

Actuarial method	Unit credit cost method
Rate of return	6.5% per annum, compounded annually (6.5% for 2018)
Mortality	RP2014 for healthy and disabled mortality table projected generationally from 2006 using scale MP-2018 (MP-2017 for 2018)
Retirement age	The weighted average retirement age is 65

The actuarial present value of accumulated plan benefits as of January 1, 2019 was as follows:

Participants currently receiving benefits	\$ 71,632,194
Other participants	30,766,813
Total vested benefits	<u>\$ 102,399,007</u>

The actuarial present value of accumulated plan benefits increased due to the following:

Actuarial present value of accumulated plan benefits as of January 1, 2018	<u>\$ 103,328,006</u>
Increase (decrease) during the year attributable to:	
Interest accumulation	6,472,974
Benefits paid	(7,607,340)
Assumption changes	(271,543)
Other changes	476,910
	<u>(928,999)</u>
Actuarial present value of accumulated plan benefits as of January 1, 2019	<u>\$ 102,399,007</u>

6. Federal Income Taxes

The Plan obtained its latest determination letter on January 21, 2015 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believe that the plan is qualified and the related trust is tax-exempt.

Mettler Toledo Retirement Plan
Notes to the Financial Statements
For the Years Ended December 31, 2019 and 2018

7. Transactions with Parties-in-Interest

Transactions involving the Plan's investments are managed by The Northern Trust Company, the Trustee, and qualify as party-in-interest transactions.

8. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Administrator has received certification from the Trustee that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, and the schedule of assets (held at end of year) (modified cash basis) as of December 31, 2019.
- Interest and dividends and net appreciation (depreciation) in fair value of investments, as shown in the statements of changes in net assets available for benefits (modified cash basis) for the years ended December 31, 2019 and 2018.

As permitted by the election noted above, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements.

9. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement consists of observable and unobservable inputs that reflect the assumptions that a market participant would use in pricing an asset or liability.

A fair value hierarchy has been established that categorizes these inputs into three levels:

Level 1: Quoted prices in active markets for identical assets and liabilities

Level 2: Observable inputs other than quoted prices in active markets for identical assets and liabilities

Level 3: Unobservable inputs

As of December 31, 2019 and 2018, the Plan had assets with a fair value of \$102.8 million and \$95.5 million, respectively. These assets consist of cash and cash equivalent money market funds, fixed income mutual funds, global allocation, domestic, and international equity mutual funds, and funds of hedge funds. The cash and cash equivalents are valued at cost, which approximates fair value. The Plan invests in mutual funds in active markets that produce a daily net asset value (NAV) equal to its fair value at year-end. Certain of these mutual funds represent private placement funds that are valued based on the fair value of the underlying securities in the fund, as determined by the fund trustee, which represents the net asset value of the units held by the Plan at the end of the year. Funds of hedge funds are valued at the net asset value of shares held by the fund at the end of the year. The funds of hedge funds represent primarily equity investments to profit from long and short equity positions, economic and government driven events and relative value and tactical trading strategies. The

Mettler Toledo Retirement Plan
Notes to the Financial Statements
For the Years Ended December 31, 2019 and 2018

NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. There are no unfunded commitments related to the private placement funds or the funds of hedge funds. Certain funds at the hedge funds do have limitations on redemption frequency. The fund managers' objectives for the private placement funds and funds of hedge funds is to maximize returns or achieve growth by investing in certain investment types or to match earnings of certain indices. Realized investment gains and losses for the years ended December 31, 2019 and 2018, as well as unrealized gains and losses related to assets held at December 31, 2019 and 2018, are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits (modified cash basis).

The following tables present, for each of these hierarchy levels, the Plan assets that are measured at fair value on a recurring basis at December 31, 2019 and 2018:
