Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements

December 31, 2019

1. Description of Plan

The following description of the Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan (the Plan) provides general information about the Plan's provisions. Cintas Corporation (the Company) is the plan sponsor. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all qualified legacy G&K Services union employees of the Company. The Company serves as the Plan Administrator. The Company has appointed Fifth Third Bank as the trustee and recordkeeper of the Plan on October 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to make contributions to the Plan of up to 75% of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan. Non-union employees were no longer allowed to contribute to the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees continue to be eligible to contribute to the Plan.

The Company will contribute an amount equal to 100% of a participant's elective deferrals that do not exceed 3% of their compensation (as defined by the Plan), plus 50% of the participant's elective deferrals that exceed 3%, but do not exceed 5%, of such participant's compensation. The Company may also make employer retirement contributions and discretionary profit sharing nonelective contributions to the Plan. The Company shall also make employer transition contributions for participants eligible to receive such contributions. For the year ended December 31, 2019, employer transition contributions totaled approximately \$3,162.

Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant and Company contributions and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participant pre-tax contributions, rollover contributions, safe harbor matching contributions and employer transition contributions are always 100% vested and cannot be forfeited. Matching contributions made to the Plan prior to January 1, 2007 and discretionary profit sharing nonelective contributions became 20% vested each year after one year of eligible service and are fully vested after five years of service. Participants become 100% vested in employer retirement contributions after completing three years of service. Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses. At December 31, 2019 and 2018, forfeited non-vested account balances totaled \$134,512 and \$155,039, respectively. Forfeitures of approximately \$34,292 were used to pay Plan expenses in 2019.

Investment Elections

Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms may not exceed five years, unless the purpose of the loan is to acquire a principal residence. Participants are only allowed to have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2019 and 2018, the interest rates range from 4.25% to 8.50%. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through June 2025.

Payment of Benefits

Upon termination of employment, death, permanent disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. If the vested account balance is greater than \$5,000, the participant may also elect to leave their balance in the Plan. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59½, a participant may request a withdrawal of all or part of his vested account balance without limitation. Certain other benefit options are available to participants of former plans.

Administrative Expenses

Administrative expenses of the Plan are paid primarily from Plan assets. Certain fees and expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Certain Plan expenses are charged directly to the participants' accounts and are included in administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA and the collective bargaining agreement. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, the accompanying notes and supplemental schedules. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued guidance that eliminates, amends and adds disclosure requirements for Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This guidance allows the removal of certain disclosures regarding transfers between Level 1 and Level 2 investments, requires a modification to disclosures of investments that are valued at the net asset value and requires additional information related to the valuation of Level 3 investments. This guidance is effective for fiscal years beginning after December 15, 2019, although early adoption is permitted. Certain requirements of the standard should be applied prospectively, while others are required to be adopted retrospectively. The Plan Administrator is currently assessing the impact this guidance will have on the Plan's financial statements.

3. Investment

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation in the fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fifth Third Bank, trustee of the Plan.

4. Fair Value Measurements

The Plan follows the provisions of the ASC 820, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. ASC 820 defines a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumption in fair value measurements, and as noted above, ASC 820 defines a three-level fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participants.

The fair value hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- Level 1 – Inputs utilize unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.
- Level 2 – Inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
- Level 3 – Inputs are unobservable inputs for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2019				
Investments in shares of registered investment companies	\$ 10,378,163	\$ –	\$ –	\$ 10,378,163
Total assets at fair value	\$ 10,378,163	\$ –	\$ –	\$ 10,378,163
December 31, 2018				
Investments in shares of registered investment companies	\$ 8,051,522	\$ –	\$ –	\$ 8,051,522
Total assets at fair value	\$ 8,051,522	\$ –	\$ –	\$ 8,051,522

The following is a description of the valuation method used for investments measured at fair value.

- *Shares of registered investment companies:* The fair value of these securities is based on the observable market quotations for the actual underlying funds, which is traded on national exchange and is priced daily at the close of business. The Plan does not adjust the quoted price.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 25, 2018, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended as of October 4, 2018. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Subsequent to December 31, 2019, a new strain of the coronavirus (COVID-19) has spread causing a global pandemic which has triggered volatility in the markets and has had a significant negative impact on the global economy. As a result, the Plan's investment portfolio initially incurred a significant decline in its fair value from December 31, 2019. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The amount of gain or losses that will be recognized in subsequent period, if any, cannot be determined at this time. The extent to which COVID-19 will impact the Plan's investment portfolio is highly uncertain and will depend on future developments.

The Coronavirus Aid, Relief, and Economic Security Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 also resulted in several operational changes to the Plan. The Plan was changed to allow certain qualified participants to receive COVID-19 related qualified distributions and loan repayment deferrals until 2021. Additionally, the Plan has suspended required minimum distributions for the remainder of 2020 for all plan participants.

Management evaluated subsequent events for the Plan through October 15, 2020, the date the financial statements were available to be issued.
