NOTE 1 – DESCRIPTION OF PLAN

General:
The following description of West Coast Code Consultants, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of West Coast Code Consultants (the Company) who have completed three consecutive months of employment (at least 250 hours) and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan administrator is responsible for the oversight of the Plan including the appropriateness of the Plan's investment offerings and monitoring of the investment performance.

Contributions:
The Plan allows for both pre-tax and Roth salary deferrals. Each year, participants may contribute up to 100% of their pre-tax or post-tax annual compensation into the Plan. However, salary deferrals cannot exceed a maximum dollar amount determined by the federal government each year. For 2019, total contribution limits are $19,000 for both pre-tax and Roth deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions in an amount up to $6,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company will make a safe harbor matching contribution equal to 100% of the employee's salary deferrals that do not exceed 6% of the participant's compensation. The Company may also elect to make a discretionary profit-sharing contribution to the Plan. To be eligible for discretionary profit-sharing contributions, participants must be employed on the last day of the Plan year and have completed at least one year of service. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts:
Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions (b) plan earnings (losses) and (c) any administration fees charged to a participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are vested immediately in their contributions, including rollovers, and the Company safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts is based on years of continuous service and five-year graded schedule. A Participant is 100% vested after five years of credited service. A participant shall become 100% vested upon death, disability, or employed on or after your normal retirement age.

Notes Receivable from Participants:
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal Prime Rate plus 2% at the loan issue date. Principal and interest are paid ratably through payroll deductions. The loan will be considered in default if any scheduled payment is not made before the end of the quarter.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits:
On termination of service due to death, disability or retirement, a participant or their beneficiary(ies) may elect to receive a lump-sum or partial payments, equal to the value of participant's vested account. A vested account balance less than $5,000 will receive an automatic lump-sum payment to the participant or their beneficiary(ies). Benefits are recorded when paid.

Forfeited Accounts:
At December 31, 2019, forfeited non-vested accounts totaled $24,530. Forfeitures may be applied to payment of administrative expenses and/or to reduce employer discretionary profit-sharing contributions. During the year ended December 31, 2019, forfeited non-vested accounts of $0 were used to reduce employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:
The accompanying financial statements of the Plan are prepared on the accrual basis of accounting where the investments are presented at fair market value. Contributions and the refund of excess deferral contributions, if applicable, are reported on a Plan year accrual basis.

Use of Estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by third party investment advisers and custodian. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant’s account. No allowance for credit losses has been recorded as of December 31, 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded.

Refund of Excess Contributions:
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions payable were $5,980 as of December 31, 2019.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses:
Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

	2019	2018
Investments at fair value	$ 9,285,325	$ 6,547,528
Notes receivable from participants	$ 3,815	$ 4,882
Investment income	$ 1,542,486	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds:
Valued at daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund:
Valued at the NAV of units of a bank common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisers reserve the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 9,064,601	$ -	$ -	$ 9,064,601
Common/Collective Trust Fund	-	-	-	220,724
Total Investments At Fair Value	$ 9,285,325	$ -	$ -	$ 9,285,325

Assets at Fair Value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,094,006	$ -	$ -	$ 6,094,006
Common/Collective Trust Fund	-	-	-	453,522
Total Investments At Fair Value	$ 6,094,006	$ -	$ -	$ 6,547,528

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018.

	December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trust Fund	$ 220,724	N/A	Daily	None

	December 31, 2018			
	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trust Fund	$ 453,522	N/A	Daily	None

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Charles Schwab. Charles Schwab is the trustee as defined by the Plan and, therefore, transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G – TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 stating that the form of the Plan is accepted under Section 401(a) of the Internal Revenue Code (the "Code") for use by employers for the benefit of their employees. In accordance with Revenue Procedure 2011-49, 2011-44 I.R.B. 608, the plan sponsor has adopted this Plan and may rely on the current qualifications of the IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes the Plan has been designed to comply with the requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I – ELIGIBLE COMPENSATION ERRORS

During the audit, it was discovered that in current and prior years, the plan sponsor was not properly including bonuses and other compensation in the calculation of eligible compensation for participant and employer safe harbor matching contributions owed to the Plan. The plan sponsor is making a good-faith effort to correct this. They are working on a resolution within ERISA requirements and will make corrections as may be due under IRS and Department of Labor requirements. If material, this could result in a restatement to current and prior year financial statements.

NOTE J – SUBSEQUENT EVENTS

Management evaluated all activity of the Plan through October 15, 2020, the date the financial statements were available to be issued, and concluded that that no subsequent events occurred that would require recognition or disclosure in the financial statements or notes, except as discussed below.

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of all Plan assets. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

Effective April 15, 2020, the Plan was amended to remove the safe-harbor matching provisions of the Plan. In addition, the plan sponsor is working to correct the matter noted in Note I to the financial statements.
