Ahlstrom-Munksjo NA Specialty Solutions LLC 401(k) Plan
Notes to Financial Statements

Note 1: Plan Description

The following description of the Ahlstrom-Munksjo NA Specialty Solutions LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of Ahlstrom-Munksjo NA Specialty Solutions LLC, formerly known as Expera Specialty Solutions, LLC, (the "Company") and its divisions who reached the age of 18. However, seasonal employees, interns, and part-time employees not subject to a collective bargaining agreement became eligible upon completion of 1,000 hours of service in the plan year and reaching the age of 21. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The 401(k) Plan Committee was responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Effective November 27, 2018, the Plan was amended to change its name from Expera Specialty Solutions LLC 401(k) Plan to Ahlstrom-Munksjo NA Specialty Solutions LLC 401(k) Plan.

Plan Merger

Effective December 31, 2019, the Plan was merged into the Ahlstrom-Munksjo Retirement Savings Plan. On December 31, 2019, the assets of the Plan were transferred to the Ahlstrom-Munksjo Retirement Savings Plan in the amount of $225,676,394, which included notes receivable from participants in the amount of $3,951,151.

Contributions

Eligible employees could elect to contribute up to 85% of pre-tax and after-tax eligible compensation, up to the maximum contribution allowable by the Internal Revenue Service (IRS). The Plan allowed participants to roll over distributions from other qualified retirement plans (rollover contributions). Rollover contributions were not matched. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. The Plan also included an auto-enrollment provision whereby all newly eligible full-time employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan or elected an alternate deferral percentage. Automatically enrolled participants, as defined by the plan document, had their pretax deferral rate set at 5% of eligible compensation, subject to an increase of 1% each year thereafter to a maximum of 10% if the participant did not opt out of the automatic enrollment.

The Company made matching contributions to the Plan based on a participant's location, union status, and if the participant was hourly or salary. For 2019, the matching contribution was as follows:

- Kaukauna union hourly participants received a match of 100% of participant contributions up to 3% of eligible compensation.
- Mosinee and Rhinelander union hourly participants received a match of 100% of the first 3% of eligible compensation deferred, plus 50% of the next 2% of eligible compensation deferred.

Note 1: Plan Description (Continued)

Contributions (Continued)

- Nonunion participants received a safe harbor match of 100% of the first 6% of eligible compensation deferred.

The Company made nonelective contributions to the Plan based on a participant's location, union status, and if the participant was hourly or salary. For 2019, the nonelective contribution was as follows:

- Kaukauna union hourly participants received a nonelective Company contribution of 2.75% - 6.50% of eligible compensation based on years of service.
- Mosinee union participants hired on or before June 26, 2013, received a nonelective Company contribution of 2.50% - 6.50% of eligible compensation based on age and years of service.
- Mosinee union participants hired after June 26, 2013, received a nonelective Company contribution of 2.75% - 6.50% of eligible compensation based on years of service.
- Rhinelander union hourly participants hired on or before June 26, 2013, received a nonelective Company contribution of 2.50% - 6.50% of eligible compensation based on age and years of service.
- Rhinelander union hourly participants hired after June 26, 2013 (nonformer employees of Wausau Paper), received a nonelective Company contribution of 2.75% - 6.50% of eligible compensation based on years of service.

Contributions were subject to certain IRS limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's contributions, and allocations of plan earnings (losses) and was reduced for withdrawals and charged with an allocation of administrative expenses. Allocations were based on account balances or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were vested immediately in their voluntary contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting for certain participants, as defined by the plan document, in Company matching and nonelective contributions, occurred upon the completion of three years of service, with no vesting prior to that time. Participants in the Plan prior to January 1, 2015, should refer to the plan document for the specific vesting provisions.

Note 1: Plan Description (Continued)

Notes Receivable From Participants

Participants could borrow from their fund accounts a maximum of one note at a time with a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Note terms ranged from one to five years unless the loan qualified as a loan for the purchase of a participant's primary residence, which shall not have exceeded 10 years. The notes were secured by the balance in the participant's account and bore interest at a fixed rate to approximate market rates at the loan inception date. Principal and interest were paid ratably through payroll deductions.

Payment of Benefits

Upon termination of services for any reason (normal retirement age (59 1/2), disability retirement, death, or termination of employment), a participant received a mandatory distribution as a lump-sum amount equal to the value of the participant's vested interest in their account if the balance was less than or equal to $1,000. If the participant's vested account balance exceeded $1,000, but less than $5,000, the mandatory distribution was made to an individual retirement account or annuity for the participant's benefit. If the account balance was greater than $5,000, a participant could elect to receive a lump-sum or installments equal to the value of the participant's vested interest in their account. In addition, hardship distributions out of the participant's voluntary contributions account were permitted if certain criteria were met. The Plan also allowed for in-service distributions upon attaining age 59½. A participant could withdraw rollover contributions at any time.

Forfeitures and Unallocated Assets

Plan forfeitures arose as a result of participants who terminated service with the Company before becoming 100% vested in the Company's contributions. Due to the Plan merger, there were no forfeited nonvested accounts at December 31, 2019. Forfeited nonvested accounts totaled $8,524 at December 31, 2018. These accounts were used to reduce future Company contributions or to pay administrative expenses of the Plan, as directed by the Company. During the year ended December 31, 2019, Company contributions were reduced by $168,395 from forfeited nonvested accounts.

The Plan received revenue credits from Fidelity Management Trust Company for management fees charged by certain funds in excess of an agreed upon level. These revenue credits were placed in an expense reimbursement account which was an asset of the Plan. The funds in this account were available to be used to pay plan expenses or for allocation to participants. Because of the plan merger, there were no unallocated assets at December 31, 2019. At December 31, 2018, there were $49,534 of unallocated assets available to offset future plan expenses. During 2019, the Plan did not use amounts from this account to pay plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. No allowance for credit losses had been recorded as of December 31, 2019 and 2018. If a participant ceased to make note repayments and the plan administrator deemed the participant note to be in default, the note balance was reduced and a benefit payment was recorded.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Included in administrative expenses were administrative fees paid by the Plan, fees related to in-service distributions to participants, and loan origination and maintenance fees associated with notes receivable from participants. All other expenses of maintaining the Plan were paid by the Company and excluded from these financial statements. Investment-related expenses were paid through revenue sharing and included in net appreciation in fair value of investments.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

Subsequent events have been evaluated through October 12, 2020, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would be used only if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end mutual funds that were registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily net asset value and to transact at that price. The money market fund and mutual funds held by the Plan were deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that were valued on the basis of readily determinable market prices.

There were no investment assets measured at fair value as of December 31, 2019. The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 9,352,816	$ -	$ -	$ 9,352,816
Mutual funds	164,825,309	-	-	164,825,309
Self-directed brokerage accounts	2,367,661	-	-	2,367,661
Total investment assets at fair value	$ 176,545,786	$ -	$ -	$ 176,545,786

Note 4: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments, notes receivable from participants, and non-interest-bearing cash held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, the trustee of the Plan.

Note 5: Party-in-Interest Transactions

Certain plan investments were managed by Fidelity, the trustee, as defined by the plan document. These transactions qualify as party-in-interest transactions; however, they were exempt from the prohibited transaction rules under ERISA. The Plan paid administrative fees to Fidelity of $2,129 for the year ended December 31, 2019. Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Strategic Advisors, Inc. was the investment advisor for the Plan. The Plan paid fees of $78,667 to Strategic Advisors, Inc. for the year ended December 31, 2019.

Notes receivable from participants also qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules of ERISA.

Note 6: Tax Status

The Plan adopted a nonstandard volume submitter plan document with an IRS notification letter dated March 31, 2014, which stated the volume submitter plan document was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan was amended since receiving the determination letter, the plan administrator believes the Plan was designed and being operated in compliance with the applicable requirements of the IRC and had no income subject to unrelated business income tax. Therefore, no provision for income taxes was included in the Plan's financial statements.

Note 7: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
