SDI serves as distributor of mutual funds, as well as for variable annuities issued by Security Benefit Life Insurance Company. The plan administrator has obtained certification from the trustee/custodian as of and for the years ended of December 31, 2019 and 2018, that the information it provided to the plan administrator is complete and accurate.

LA Dodgers 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the LA Dodgers 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Organization

The Plan was established by Los Angeles Dodgers LLC (the “Company”) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was established on March 1, 2004 and restated on January 1, 2012, when it converted to a Volume Submitter Profit Sharing Plan with CODA offered by ASC Institute LLC.

The plan assets are held by Security Benefit Corporation (SBC) through its affiliates. Security Financial Resources, Inc., a subsidiary of SBC, provides online plan services to the employer and participants.

The Plan is a participant-directed defined contribution plan and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan recognizes The Los Angeles Dodgers Foundation, Elysian Park Ventures, LLC, Guggenheim Baseball Management, L.P. and American Media Productions, LLC, as adopting employers for the benefit of eligible employees.

Eligibility

Employees are eligible to participate in the Plan who have completed six months of service and worked 500 hours; there are no age requirements. Members of a collective bargaining unit, leased employees, baseball players and non-resident aliens are not permitted to participate in the Plan.

After completion of eligibility requirements, employees are permitted to participate in pretax elective deferrals, matching and discretionary profit sharing contributions. Employees become participants on the first day of each calendar month coinciding with or following the completion of the eligibility requirements.

Participant Contributions

Participants may elect to contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and subject to IRC limitations. Participants attaining age 50 before the end of the Plan year are eligible to make catch-up contributions, up to the maximum annual amount allowed by the IRC.

Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The plan will not accept rollovers of designated Roth contributions.

All contributions made by participants are deposited in the trust and allocated among the investment funds in accordance with the participants’ effective elections.

NOTE 1 - DESCRIPTION OF PLAN - continued

Employer Contributions

Safe harbor contributions were made for the 2019 plan year. This method requires 100 percent match of salary deferrals up to 4% (not less than 4% and not more than 6%) of compensation.

The plan also permits discretionary matching contributions. The discretionary match is determined, by the employer, at the beginning of each plan year. No discretionary match was made for the 2019 Plan year. The Plan permits the employer to designate all or a portion of any matching contributions as “qualified matching” or “qualified nonelective.”

All contributions made on a participant’s behalf shall be deposited in the trust and allocated among the investment funds in accordance with the participant’s effective elections.

Vesting

Participants are fully vested in their rollover and voluntary and safe-harbor contributions, plus actual earnings thereon.

The vested portion of any participant account attributable to other employer contributions (discretionary employer contributions and discretionary matching contributions) and the earnings thereon is based on years of credited service. A participant becomes 100 percent vested after three (3) years of credited service, or upon reaching normal retirement age, becoming disabled or upon his or her death. Participants vest according to the following schedule:

Discretionary Employer Matching Contributions And Discretionary Employer Contributions	
Years of Service	Percentage
Less than 1	0%
1	50%
2	75%
3 or more	100%

Investment Options

Fixed Annuity Account – Security Benefit Life Insurance Company

Participants may choose as one of its investments, Security Benefit Advisor 457 Variable Annuity (the Fixed Account) which is a separate account of Security Benefit Life Insurance Company (SBL) and established under Kansas law on August 25, 2003. The assets of the separate account are managed by Guggenheim Partners Investment Management, LLC (“GPIM”).

The Fixed Account is subject to regulation and supervision by the Kansas Department of Insurance. In reliance on certain exemptive and exclusionary provisions, interests in the Fixed Account have not been registered as securities under the Securities Act of 1933 (the 1933 Act), and the Fixed Account has not been registered as an investment company under the Investment Company Act of 1940 (the 1940 Act). Accordingly, neither the Fixed Account nor any interests therein are generally subject to the provisions of the 1933 Act or the 1940 Act. Initial deposits were received April 12, 2004. The Fixed Account’s assets are treated as applicable to variable annuity contracts and, therefore, are not chargeable with liabilities arising out of any other business SBL may conduct.

The Fixed Account Option is a group unallocated fixed annuity contract issued by Security Benefit Life Insurance Company ("SBL"), policy form GV4586. The obligations under the Fixed Account option are guaranteed by SBL's General Account in the event that the assets are not sufficient to meet the Fixed Account obligations.

The owner is the employer whose name the contract is issued to fund a retirement plan established by a unit of a state or local government under Section 457 of the Internal Revenue Code (IRC).

As an investment advisor, GPIM manages Security Benefit’s Fixed Account to provide:

1. An option for retirement accounts to provide a fixed crediting rate that is established on a quarterly basis, with a minimum rate that is set at the beginning of each calendar year
2. Adequate liquidity that allows retirement plan participants to move funds in and out of their accounts

Registered Mutual Fund Companies

In addition to the annuity contract offered by Security Benefit Life, participants may also invest in various mutual fund companies offered through Security Financial Resources, Inc. Under provisions of the contract, participant contributions and investment earnings are directed by the participants, which may be invested in various investment alternatives. Investment options include shares of various registered investment companies and an insurance contract account. Participants may elect to transfer investments from one investment fund to any other investment fund on a daily basis.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants. Each participant's account is credited with the participant's contributions plus allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Fund investment expenses charged by the funds are netted against revenues before allocated to the participant accounts. Expenses for fees paid to the Plan's registered investment advisor (RIA) are reduced from participant accounts based upon participant account balances at the time the fees are paid to the RIA.

Forfeiture of Benefits

If a participant terminates prior to vesting 100 percent in any portion of the Company contributions, the forfeited balance from matching contributions shall be used to pay Plan administrative expenses. Any portion of forfeitures not used to pay Plan administrative expenses shall be used to reduce future employer contributions payable to the Plan. The forfeiture account activity for the plan years ended December 31, 2019 and 2018 is as follows:

Forfeiture Activity	2019	2018
Balance, Beginning of Year	\$ 983	\$ 759
Forfeitures Credited During the Year	1,263	208
Earnings	30	16
Forfeiture Balance - Year-End	\$ 2,276	\$ 983

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. A loan setup fee is deducted from the participant's account for each loan that is processed. A participant is allowed two outstanding loans at any given time. Loan terms range up to five (5) years unless the loan is used for the purchase of a primary residence, for which the loan term may be extended. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rates on loans outstanding during 2019 were between 5.25 and 7.50 percent and during 2018 the rates were between 5.25 and 7.25 percent, with various maturity dates. Principal and interest is paid ratably through payroll deductions.

NOTE 1 - DESCRIPTION OF PLAN - continued

Payment of Benefits

Upon termination of service due to death, disability or normal retirement age, a participant (or participant's beneficiary in the event of death) will receive a lump-sum distribution equal to the total value of the participant's account. If a participant is terminated for any other reason, the participant shall be entitled to receive a distribution equal to the value of the vested interest in his or her account. A mandatory 20 percent federal tax is withheld on cash distributions. As an alternative to a cash distribution, the participant or beneficiary may request a rollover distribution to another qualified plan. In the event of financial hardship, as defined by the Plan, a participant may request a distribution of any part of their elective deferral contributions. A participant may not make contributions to the Plan for the 6-month period following the date of a hardship distribution.

Administrative Expenses

The expenses related to administration of the Plan are paid by the Plan unless the Company elects to make such payment. Expenses paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Total administrative expenses paid from the plan for years ended December 31, 2019 and 2018 totaled \$148,534 and \$140,038, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants become 100 percent vested in their account balances.

Plan Amendments

There were no material plan amendments made during the plan year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

LA Dodgers 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at the net asset value of shares held by the Plan at year-end. Investments in insurance company contracts are reported at contract value, as determined by Security Benefit, if the contract is fully benefit-responsive; otherwise, the investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued as of the ex-dividend date. Net realized and unrealized appreciation (depreciation) in fair value of investments represents the realized gain or loss on disposition of investments plus the unrealized increase or decrease in fair value of investments held from the beginning of the plan year or date of purchase, whichever is later.

Notes Receivable from Participants

As described in Accounting Standards Codification Topic 962, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASC Topic 962), FASB ASC 962-310-45-2 and ASU 2010-25 requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions

Contributions are recorded on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain amounts in the 2018 financial statements have been reclassified to conform to the 2019 presentation with no effect on previously reported net income.

NOTE 3 – INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2019 and 2018;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2019.

LA Dodgers 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 3 – INVESTMENTS - continued

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year). The Plan maintains an investment in a guaranteed investment contract (Fixed Account Option) with Security Benefit Life Insurance. Security Benefit Corporation guarantees the obligations under the Fixed Account Option with Security Benefit's General Account in the event that the assets are not sufficient to meet the Fixed Account obligations. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reviewed quarterly for resetting. The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that any such events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring. For the year ended December 31, 2019, the average yield for the guaranteed investment contract were as follows:

Average Yield	2019
Based on Earnings of the Plan	1.15%
Based on Interest Credited to Participants	1.15%

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

ASC Topic 820 Fair Value Measurement Framework Fair Value Hierarchy Priority – Observable Inputs	
Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> a. Quoted prices for similar assets or liabilities in active markets; b. Quoted prices for identical or similar assets or liabilities in inactive markets; c. Inputs other than quoted prices that are observable for the asset or liability; d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>Note: If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LA Dodgers 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 4 - FAIR VALUE MEASUREMENTS - continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value:

- **Registered Investment Companies:** Valued at the net asset value of shares held by the Plan at year end.
- **Guaranteed Investment Contracts:** Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2019.

The following tables sets forth by level, within the fair value hierarchy as of December 31, 2019 and 2018:

Investments Classified at Fair Value Level				
December 31, 2019				
Description	Level 1	Level 2	Level 3	Total
Total Registered Investment Companies	\$ 23,603,808	\$ -	\$ -	23,603,808
Total Guaranteed Investment Contract		2,224,204		2,224,204
Total Investments	\$ 23,603,808	\$ 2,224,204	\$ -	25,828,012

Investments Classified at Fair Value Level				
December 31, 2018				
Description	Level 1	Level 2	Level 3	Total
Total Registered Investment Companies	\$ 17,843,267	\$ -	\$ -	17,843,267
Total Guaranteed Investment Contract		2,305,092		2,305,092
Total Investments	\$ 17,843,267	\$ 2,305,092	\$ -	20,148,359

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

NOTE 5 - TAX STATUS

The Plan was established on March 1, 2004 and restated on January 1, 2012, when it converted to a Volume Submitter Profit Sharing Plan with CODA offered by ASC Institute LLC. In a letter dated March 31, 2008, the Internal Revenue Service issued a favorable opinion accepting the plan as qualified under Section 401(a) of the Internal Revenue Code. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - ERISA BONDING REQUIREMENTS

The Plan is in compliance with ERISA bonding requirements.

NOTE 7 - PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Section 3(14) of ERISA defines a party in interest to include fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The plan sponsor engages the outside services of Forest Capital, a registered investment advisor (RIA). The RIA monitors the investments and provides advisory services to the plan sponsor and its employees. The fees are paid by the plan.

The plan sponsor engages an outside third party administrator, Retirement Solutions Advisors, to prepare the Form 5500 and perform year-end compliance testing, as well as draft amendments and restatements to comply with ERISA requirement. The fees are paid by the plan sponsor.

The plan sponsor is also a party-in-interest with respect to the Plan as personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan.

Notes Receivable from Participants and the related interest income are considered related party transactions.

Certain plan investments are managed by related affiliates of Security Benefit Life Insurance Company, the trustee of the Plan, and therefore, the transactions qualify as party-in-interest transactions. Fees for such services are paid by the Plan.

NOTE 8 - SIGNIFICANT RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the plan sponsor is required to segregate and deposit participant contributions to the Plan at the earliest date that they can be reasonably segregated from the Company's general assets, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages.

LA Dodgers 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

For the plan year ended December 31, 2019, cumulative deposits totaling \$356,369 were remitted to the Plan beyond the period prescribed by these regulations. Although the participant contributions were remitted to the Plan, the delinquent contributions are reported as prohibited transactions on supplemental Schedule 2 to the financial statements pending the plan sponsor's calculation and restoration of lost earnings, in accordance with ERISA reporting requirements. The Company intends to make future contributions to the affected participant accounts to compensate those participants for lost investment earnings related to these delinquent contributions. Schedule 2 reflects a total of \$449,943 requiring restoration of lost earnings and preparation of excise tax returns.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement on net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued. The Plan has evaluated subsequent events through **October 08, 2020** which is the date the financial statements were available to be issued.

The Department of Labor is conducting a Plan Review for plan years 2017 through 2020. As of October 08, 2020, this Review is ongoing. Corrections for lost earnings and excise tax returns will be required for late remittances as reported on Supplemental Schedule 2.
