Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malnati Organization 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Capital Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Plan Description

The following brief description of Malnati Organization 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General: The Plan is a defined contribution 401(k) plan which provides retirement benefits to all employees of Malnati Organization (the Company) upon completion of one year of service and attainment of 21 years of age. Employees may enter the Plan on January 1 or July 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under the 401(k) provisions of the Plan, participants may, but are not required to, contribute pre-tax annual compensation to the Plan, not to exceed the Internal Revenue Code (IRC) limits as adjusted in any plan year (in 2019, $19,000; $25,000 for those 50 years or older). Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for a discretionary company matching contribution determined annually by the Company. For the year ended December 31, 2019, there was no discretionary matching contribution. The Company may also make additional discretionary profit sharing contributions, of which none were made for the year ended December 31, 2019. Participants must be employed on the last day of the plan year in order to participate in the discretionary company matching and profit sharing contributions, if any.

Participant accounts: Each participant's account is credited with the participant's contributions and company matching contributions, if any, and allocations of the company profit sharing contributions, if any, and plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and losses or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant’s vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company matching and profit sharing contribution portions of their accounts plus the actual earnings thereon is based on years of credited service. Once two years of credited service is completed, participants vest 20% each year until fully vested after six years of credited service.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into various investment options offered by the Plan. Participants are responsible for determining the type and nature of their investments. Participants may change their investment options at any time.

Payments of benefits and withdrawals: On termination of service due to death, disability, attainment of age 59½ or retirement, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance or partial withdrawals. Prior to termination of service with the Company, a participant may elect to withdraw all or any portion of his or her Company contribution account if the participant continues to work for the Company after attaining normal retirement age, or if the participant continues to work for the Company after attaining age 59½ and is 100% vested in his or her account balance. Withdrawals are also allowed at any time for hardship reasons, as defined in the Plan.

Forfeitures: At December 31, 2019 and 2018, forfeited nonvested accounts were $33,449 and $14,175, respectively. These accounts may be used to pay plan expenses or to reduce future Company contributions. During 2019, $19,274 forfeitures were allocated and $0 forfeitures were used to pay plan expenses.

Note 1. Plan Description (Continued)

Notes receivable from participants: A participant may borrow from their account a minimum of $1,000 up to a maximum amount of the lesser of 50% of their vested account balance or $50,000, less any outstanding loans. The maximum number of notes outstanding available to any participant is two. The note repayment period is not to exceed five years, or a longer period if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest based on the prime rate on the first business day of each month, plus 1%, at the time of note origination. Principal and interest are paid ratably through bi-weekly payroll deductions.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and business. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. As a result, the Plan’s investments may have incurred significant volatility in fair value since December 31, 2019.

Additionally, it is reasonably possible that estimates made in the financial statements, have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including investment valuations.

The Plan has implemented certain requirements by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related withdrawals, relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable are treated as distributions based upon the terms of the plan document. Loan terms range from one to fifteen years, maturing from 2019 through 2033. Loans are secured by the balance in the participant's account. At December 31, 2019, the interest rates on outstanding loans ranged from 4.25% to 6.50%.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of the Plan, such as investment management and plan administrative fees, are paid by the Plan. Other expenses of the Plan are paid by the Company.

Note 3. Information Certified or Provided by Capital Bank and Trust Company (the Trustee)

The following is a summary of the plan asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information certified and provided by Capital Bank and Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and (loss) income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Shares of registered investment companies	$ 17,687,134	$ 13,467,932
Units of common/collective trust	381,387	254,143
Notes receivable from participants	723,458	601,456
Net appreciation in fair value of investments	2,590,157	
Dividends	720,796	
Interest	9,508	
Interest income on notes receivable from participants	33,339	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust fund: Valued based on the NAV of units of the common/collective trust fund. The NAV, as provided by the trustee, has a readily determinable fair value as published by the issuer. Participant transactions occur on a daily basis.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 17,687,134	$ -	$ -	$ 17,687,134
	$ 17,687,134	$ -	$ -	17,687,134
Units of common/collective trust measured at NAV (a)				381,387
Investments at fair value				$ 18,068,521

	2018			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 13,467,932	$ -	$ -	$ 13,467,932
	$ 13,467,932	$ -	$ -	13,467,932
Units of common/collective trust measured at NAV (a)				254,143
Investments at fair value				$ 13,722,075

(a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the lie items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) as of December 31, 2019 and 2018:

Investment	2019 Fair Value	2018 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of common/collective trust	$ 381,387	$ 254,143	$ -	Daily	30 days

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies issued by American Funds, which is affiliated with Capital Bank and Trust Company, the trustee of the Plan. Accordingly, transactions in these investments are deemed party-in-interest transactions. Administrative expenses paid by the Plan to Capital Bank and Trust Company, DeMarco, Kinnaman, Lewis & Co., the third-party administrator of the Plan and IFP Advisors, investment advisors to the Plan were $80,116 for the year ended December 31, 2019.

Note 5. Related-Party and Party-in-Interest Transactions (Continued)

Certain employees of the Company perform administrative services for the Plan. These employees receive no compensation from the Plan for these services. The Company pays certain administrative fees of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a volume submitter plan sponsored by DeMarco, Kinnaman, Lewis & Co. The volume submitter plan has received an opinion letter from the IRS, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per financial statements	$ 18,726,833	$ 14,690,818
Differences in:		
Company contributions receivable	-	(411,874)

Malnati Organization 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malnati Organization 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Capital Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Plan Description

The following brief description of Malnati Organization 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General: The Plan is a defined contribution 401(k) plan which provides retirement benefits to all employees of Malnati Organization (the Company) upon completion of one year of service and attainment of 21 years of age. Employees may enter the Plan on January 1 or July 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under the 401(k) provisions of the Plan, participants may, but are not required to, contribute pre-tax annual compensation to the Plan, not to exceed the Internal Revenue Code (IRC) limits as adjusted in any plan year (in 2019, $19,000; $25,000 for those 50 years or older). Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for a discretionary company matching contribution determined annually by the Company. For the year ended December 31, 2019, there was no discretionary matching contribution. The Company may also make additional discretionary profit sharing contributions, of which none were made for the year ended December 31, 2019. Participants must be employed on the last day of the plan year in order to participate in the discretionary company matching and profit sharing contributions, if any.

Participant accounts: Each participant's account is credited with the participant's contributions and company matching contributions, if any, and allocations of the company profit sharing contributions, if any, and plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and losses or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant’s vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company matching and profit sharing contribution portions of their accounts plus the actual earnings thereon is based on years of credited service. Once two years of credited service is completed, participants vest 20% each year until fully vested after six years of credited service.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into various investment options offered by the Plan. Participants are responsible for determining the type and nature of their investments. Participants may change their investment options at any time.

Payments of benefits and withdrawals: On termination of service due to death, disability, attainment of age 59½ or retirement, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance or partial withdrawals. Prior to termination of service with the Company, a participant may elect to withdraw all or any portion of his or her Company contribution account if the participant continues to work for the Company after attaining normal retirement age, or if the participant continues to work for the Company after attaining age 59½ and is 100% vested in his or her account balance. Withdrawals are also allowed at any time for hardship reasons, as defined in the Plan.

Forfeitures: At December 31, 2019 and 2018, forfeited nonvested accounts were $33,449 and $14,175, respectively. These accounts may be used to pay plan expenses or to reduce future Company contributions. During 2019, $19,274 forfeitures were allocated and $0 forfeitures were used to pay plan expenses.

Note 1. Plan Description (Continued)

Notes receivable from participants: A participant may borrow from their account a minimum of $1,000 up to a maximum amount of the lesser of 50% of their vested account balance or $50,000, less any outstanding loans. The maximum number of notes outstanding available to any participant is two. The note repayment period is not to exceed five years, or a longer period if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest based on the prime rate on the first business day of each month, plus 1%, at the time of note origination. Principal and interest are paid ratably through bi-weekly payroll deductions.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and business. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. As a result, the Plan’s investments may have incurred significant volatility in fair value since December 31, 2019.

Additionally, it is reasonably possible that estimates made in the financial statements, have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including investment valuations.

The Plan has implemented certain requirements by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related withdrawals, relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable are treated as distributions based upon the terms of the plan document. Loan terms range from one to fifteen years, maturing from 2019 through 2033. Loans are secured by the balance in the participant's account. At December 31, 2019, the interest rates on outstanding loans ranged from 4.25% to 6.50%.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of the Plan, such as investment management and plan administrative fees, are paid by the Plan. Other expenses of the Plan are paid by the Company.

Note 3. Information Certified or Provided by Capital Bank and Trust Company (the Trustee)

The following is a summary of the plan asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information certified and provided by Capital Bank and Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and (loss) income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Shares of registered investment companies	$ 17,687,134	$ 13,467,932
Units of common/collective trust	381,387	254,143
Notes receivable from participants	723,458	601,456
Net appreciation in fair value of investments	2,590,157	
Dividends	720,796	
Interest	9,508	
Interest income on notes receivable from participants	33,339	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust fund: Valued based on the NAV of units of the common/collective trust fund. The NAV, as provided by the trustee, has a readily determinable fair value as published by the issuer. Participant transactions occur on a daily basis.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019 and 2018:

	2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 17,687,134	$ -	$ -	$ 17,687,134
	$ 17,687,134	$ -	$ -	17,687,134
Units of common/collective trust measured at NAV (a)				381,387
Investments at fair value				$ 18,068,521

	2018			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 13,467,932	$ -	$ -	$ 13,467,932
	$ 13,467,932	$ -	$ -	13,467,932
Units of common/collective trust measured at NAV (a)				254,143
Investments at fair value				$ 13,722,075

(a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the lie items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) as of December 31, 2019 and 2018:

Investment	2019 Fair Value	2018 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of common/collective trust	$ 381,387	$ 254,143	$ -	Daily	30 days

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies issued by American Funds, which is affiliated with Capital Bank and Trust Company, the trustee of the Plan. Accordingly, transactions in these investments are deemed party-in-interest transactions. Administrative expenses paid by the Plan to Capital Bank and Trust Company, DeMarco, Kinnaman, Lewis & Co., the third-party administrator of the Plan and IFP Advisors, investment advisors to the Plan were $80,116 for the year ended December 31, 2019.

Note 5. Related-Party and Party-in-Interest Transactions (Continued)

Certain employees of the Company perform administrative services for the Plan. These employees receive no compensation from the Plan for these services. The Company pays certain administrative fees of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a volume submitter plan sponsored by DeMarco, Kinnaman, Lewis & Co. The volume submitter plan has received an opinion letter from the IRS, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per financial statements	$ 18,726,833	$ 14,690,818

Malnati Organization 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Malnati Organization 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Capital Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following brief description of Malnati Organization 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

General: The Plan is a defined contribution 401(k) plan which provides retirement benefits to all employees of Malnati Organization (the Company) upon completion of one year of service and attainment of 21 years of age. Employees may enter the Plan on January 1 or July 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Under the 401(k) provisions of the Plan, participants may, but are not required to, contribute pre-tax annual compensation to the Plan, not to exceed the Internal Revenue Code (IRC) limits as adjusted in any plan year (in 2019, $19,000; $25,000 for those 50 years or older). Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans. The Plan provides for a discretionary company matching contribution determined annually by the Company. For the year ended December 31, 2019, there was no discretionary matching contribution. The Company may also make additional discretionary profit sharing contributions, of which none were made for the year ended December 31, 2019. Participants must be employed on the last day of the plan year in order to participate in the discretionary company matching and profit sharing contributions, if any.

Participant accounts: Each participant's account is credited with the participant's contributions and company matching contributions, if any, and allocations of the company profit sharing contributions, if any, and plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and losses or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant’s vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company matching and profit sharing contribution portions of their accounts plus the actual earnings thereon is based on years of credited service. Once two years of credited service is completed, participants vest 20% each year until fully vested after six years of credited service.

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balances into various investment options offered by the Plan. Participants are responsible for determining the type and nature of their investments. Participants may change their investment options at any time.

Payments of benefits and withdrawals: On termination of service due to death, disability, attainment of age 59½ or retirement, a participant may elect to receive a lump-sum distribution equal to his or her vested account balance or partial withdrawals. Prior to termination of service with the Company, a participant may elect to withdraw all or any portion of his or her Company contribution account if the participant continues to work for the Company after attaining normal retirement age, or if the participant continues to work for the Company after attaining age 59½ and is 100% vested in his or her account balance. Withdrawals are also allowed at any time for hardship reasons, as defined in the Plan.

Forfeitures: At December 31, 2019 and 2018, forfeited nonvested accounts were $33,449 and $14,175, respectively. These accounts may be used to pay plan expenses or to reduce future Company contributions. During 2019, $19,274 forfeitures were allocated and $0 forfeitures were used to pay plan expenses.

Note 1. Plan Description (Continued)

Notes receivable from participants: A participant may borrow from their account a minimum of $1,000 up to a maximum amount of the lesser of 50% of their vested account balance or $50,000, less any outstanding loans. The maximum number of notes outstanding available to any participant is two. The note repayment period is not to exceed five years, or a longer period if used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest based on the prime rate on the first business day of each month, plus 1%, at the time of note origination. Principal and interest are paid ratably through bi-weekly payroll deductions.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and business. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Company operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. As a result, the Plan’s investments may have incurred significant volatility in fair value since December 31, 2019.

Additionally, it is reasonably possible that estimates made in the financial statements, have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including investment valuations.

The Plan has implemented certain requirements by the CARES Act and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related withdrawals, relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted notes receivable are treated as distributions based upon the terms of the plan document. Loan terms range from one to fifteen years, maturing from 2019 through 2033. Loans are secured by the balance in the participant's account. At December 31, 2019, the interest rates on outstanding loans ranged from 4.25% to 6.50%.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of the Plan, such as investment management and plan administrative fees, are paid by the Plan. Other expenses of the Plan are paid by the Company.

Note 3. Information Certified or Provided by Capital Bank and Trust Company (the Trustee)

The following is a summary of the plan asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from the information certified and provided by Capital Bank and Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and (loss) income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Shares of registered investment companies	$ 17,687,134	$ 13,467,932
Units of common/collective trust	381,387	254,143
Notes receivable from participants	723,458	601,456
Net appreciation in fair value of investments	2,590,157	
Dividends	720,796	
Interest	9,508	
Interest income on notes receivable from participants	33,339	

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trust fund: Valued based on the NAV of units of the common/collective trust fund. The NAV, as provided by the trustee, has a readily determinable fair value as published by the issuer. Participant transactions occur on a daily basis.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019 and 2018:

Units of common/collective trust measured at NAV (a)				254,143
Investments at fair value				$ 13,722,075

(a) In accordance with Subtopic 820-10 certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the lie items presented in the statements of net assets available for benefits.

The following table sets forth the fair value of investments in certain funds that calculate NAV per share (or its equivalent) as of December 31, 2019 and 2018:

Investment	2019 Fair Value	2018 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of common/collective trust	$ 381,387	$ 254,143	$ -	Daily	30 days

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies issued by American Funds, which is affiliated with Capital Bank and Trust Company, the trustee of the Plan. Accordingly, transactions in these investments are deemed party-in-interest transactions. Administrative expenses paid by the Plan to Capital Bank and Trust Company, DeMarco, Kinnaman, Lewis & Co., the third-party administrator of the Plan and IFP Advisors, investment advisors to the Plan were $80,116 for the year ended December 31, 2019.

Note 5. Related-Party and Party-in-Interest Transactions (Continued)

Certain employees of the Company perform administrative services for the Plan. These employees receive no compensation from the Plan for these services. The Company pays certain administrative fees of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 7. Tax Status

Effective January 1, 2016, the Plan adopted a volume submitter plan sponsored by DeMarco, Kinnaman, Lewis & Co. The volume submitter plan has received an opinion letter from the IRS, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
