NOTE 1 – PLAN DESCRIPTION

The following description of NR Parentco LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan, established effective January 1, 2018, by NR Parentco LLC, (the "Company" or "Employer"), to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (IRC), and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Company has appointed a Plan administrator to manage the operation and administration of the Plan, as well as the investments selected. The Company has contracted with Matrix Trust Company to act as the custodian, and Alliance Benefit Group to act as the third-party administrator to process and maintain the records of the participant data.

Eligibility

The Plan covers all employees of the Company who have attained age 21 and have completed 1,000 hours of service at the end of the employee's first year of employment, excluding leased employees, employees covered by a collective bargaining agreement or nonresident aliens. All newly eligible employees may enroll in the Plan on the first day of the month.

Participant Contributions

Participants may elect to have the Company contribute their eligible pretax, or other after-tax, compensation to the Plan. Participants who have elected to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The amount of such automatic enrollment will increase by 1% in the second through fourth years to a maximum of 6%. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 – PLAN DESCRIPTION (Continued)

Employer Contributions
The Company may make discretionary matching, qualified non-elective and profit-sharing contributions to eligible employees. There were no discretionary contributions for the year ended December 31, 2019.

Vesting
Participants are immediately vested in their elective deferral contributions and qualified non-elective contributions, including actual earnings thereon. Participants are vested in discretionary matching and profit sharing contributions, as follows:

Completed Years of Service	Vested Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

A participant's vesting percentage is 100% if any of the following conditions are met:

1. The participant has died.
2. The participant has become totally and permanently disabled, as defined by the Plan.
3. The participant reaches the Plan's normal retirement age of 65.
4. The Plan is terminated, or contributions to the Plan are discontinued.

Investment Options
Participants direct their salary deferral contributions to selected investments, as made available and determined by the Plan administrator. Participants may change their investment options any time throughout the year, via the internet website.

Forfeitures
Forfeited non-vested amounts are applied against future employer contributions or to pay Plan expenses. There were no forfeited non-vested account balances at December 31, 2019 and 2018 applied to employer contributions.

Participant Accounts
Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION (Continued)

Notes Receivable from Participants

Participants are permitted to borrow from their accounts a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to the lesser of (1) $50,000 minus the highest outstanding balance of loans in the past 12 months, or (2) 50% of the present value of the participants' current vested account balances. The loans are secured by the participants' account balances and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. The interest rates on outstanding loans range from 5.75% to 6.50% and mature through 2021.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant will receive a lump-sum or installment amount equal to the value of the participant's vested interest in his or her account. The Plan allows for an automatic distribution of participants' vested account balances more than $1,000 but less than $5,000. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Financial Hardship Distributions

The Plan allows hardship withdrawals in accordance with IRS regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Administrative expenses not paid by the Company will be charged on a pro rata basis to the value of the participants' account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought or sold, as well as held during the year.

Management fees charged to the Plan for investments are based on assets invested and are deducted on a daily basis. Management fees are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances, plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions, based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019. As of December 31, 2019, there were no deemed distributions related to delinquent notes receivable from participants.

Benefit Payments
Benefits are recorded when paid.

Income Taxes
The Plan has adopted a standardized form of a volume submitter profit sharing plan sponsored by Alliance Benefit Group. The volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service (IRS) as to the volume submitter profit sharing plan's qualified status. The volume submitter profit sharing plan's opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors will occur in the near term, and that such changes would materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having hours reduced or being unable to work due to a lack of childcare due to COVID-19. Plan management is in the process of reviewing the CARES Act and any resulting changes to the Plan.

The Plan has evaluated subsequent events through October 13, 2020, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs, other than quoted prices, that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data, by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used during the year ended December 31, 2019. Following are descriptions of the valuation methodologies used for assets measured at fair value:

Registered investment companies (mutual funds)	Valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value, and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following tables disclose the fair value hierarchy of the Plan's investments by level, as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 438,881	$ -	$ -	$ 438,881
Total assets in the fair value hierarchy	$ 438,881	$ -	$ -	$ 438,881

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 186,594	$ -	$ -	$ 186,594
Total assets in the fair value hierarchy	$ 186,594	$ -	$ -	$ 186,594

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive group annuity contract with the Standard Insurance Company by investing in the Standard Stable Asset Fund. The Standard Insurance Company maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the Standard Insurance Company.

The fully benefit-responsive group annuity contract is a traditional contract, whereby the Plan owns only the contract itself. Contract value at December 31, 2019 and 2018 totaled $199 and $211, respectively.

The Plan's investment contract specifies that generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 30 days or, in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than contract value paid within 30 days or over time. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The crediting interest rate of the contract is based on an agreed-upon formula with the Standard Insurance Company, as defined in the contract agreement, but cannot be less than 1.0%. Such interest rates are reviewed on a quarterly basis for resetting. The key factors that influence future crediting rates could include the following: current economic and market conditions; the level of market interest rates; and both the expected and actual experience of a reference portfolio within the Standard Insurance Company's general account.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Matrix Trust Company, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019 and 2018; and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the Plan administrator, and certified as completed and accurate by Matrix Trust Company, the custodian of the Plan.

NOTE 7 – UNCERTAIN TAX POSITIONS

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability or asset if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

NOTE 8 – PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time, by resolution of its board of directors, and is subject to the provisions of ERISA. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants, based on each participant's interest in the Plan.

NOTE 9 – NON-EXEMPT TRANSACTIONS

During the Plan year ended December 31, 2019, the Employer failed to deposit $120,691 of participants' contributions within the required time frame, as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. The Plan Sponsor calculated lost earnings of $227, which will be deposited into the affected participants' accounts outside of the Voluntary Fiduciary Correction Program (VFCP) prior to the end of 2020.
