Independent Auditors' Report

Plan Administrator and Participants of the
Megatel Homes, LLC 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Megatel Homes, LLC 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the year ended December 31, 2019 and period from November 1, 2018, inception of the Plan, to December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the "Trustee"), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of and for the year ended December 31, 2019 and for the period from November 1, 2018 through December 31, 2018, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2019 and 2018 are required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Megatel Homes, LLC 401(k) Retirement Plan (the "Plan"), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on November 1, 2018 ("Inception") by Megatel Homes, LLC. (the "Company" or "Plan Administrator"), under the provision of Section 401(a) of the United States Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan covers substantially all employees of the Company except those employees covered under collective bargaining agreements that do not provide for plan participation and leased employees.

All eligible employees of the Company who have completed sixty days of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of plan assets and keeping accurate records and reports. The Plan's trustee Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal" or the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. At the Participant's election, these may be either "traditional" before-tax or "Roth" after-tax contributions, depending on whether they are deducted before or after federal income taxes are withheld. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

An automatic enrollment feature exists whereby participants who do not affirmatively make a contribution election or decline participation altogether will automatically have 3% of their compensation deferred, with 1% automatic escalation on each enrollment anniversary, up to 10% of compensation deferred. Participants can elect to stop or change the automatic contribution at any time.

The Company may contribute discretionary matching contributions to the Plan. Contributions are subject to certain limitations. Participants must complete 1,000 hours of service in the Plan year and be actively employed on the last day of the Plan year to share in certain employer contributions. No discretionary matching contribution was made in the year ended December 31, 2019 and the period from inception through December 31, 2018.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and non-elective contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. Forfeited balances of terminated participant's non-vested accounts are used for payment of administrative expenses and used to reduce employer contributions.

The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon; as well as the Company's matching contribution at the time the contribution is made. Discretionary employer contributions vest 20% per year over a five-year period. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lessor of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined. Loan terms are for up to five years, except for loans for the purchase of a primary residence, which if issued, are for a reasonable period of time that may be longer than five years. The loan is secured by the balance in the participant's account and bear interest ranging from 7.00% to 7.50%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. If a participant does not repay the loan or breaches any of the obligations as set forth in the loan agreement, the note is in default. Upon default the entire principal balance and interest is immediately due and payable. Participants may only have one loan outstanding at any given time. Notes receivable from participants earned interest of $434 and $0 for the year ended December 31, 2019 and the period from inception through December 31, 2018, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more investment alternatives maintained by the Plan, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan or may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of $5,000 or less may only receive a single lump-sum payment. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are paid when recorded.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be first used to pay plan expenses. Any forfeitures left after paying plan expenses may be used to reduce the Company's matching contributions, or reallocated to participants in the same manner as employer contributions, in accordance with the Plan document. At December 31, 2019 and 2018, forfeited non-vested accounts were $0.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") are as follows:

Method of Accounting

The accounting records of the Plan are maintained on the accrual basis. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Distribution and loan fees are charged directly to the requesting participants' account. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for expenses paid on its behalf.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document and are taxable to the participants. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Notes receivable from participants have interest rates ranging from 7.00% to 7.50% and are due at various dates through May 2021.

Investment Valuation and Income Recognition

Investments are stated at fair value with the exception of the fully benefit-responsive investments. Changes in fair value are reflected in operations. Mutual funds, common/collective trusts, and pooled separate accounts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts and pooled separate accounts are valued at the unit value as reported by the investment managers at year end. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the accompanying statements of changes in net assets available for benefits. Brokerage fees, if any, are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

The Plan offers an investment in the Fixed Income Guaranteed Option, which is a guaranteed investment contract ("GIC") issued by Principal. Principal maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC is included in the accompanying financial statements at contract value as reported to the Plan by the Trustee and is considered to be fully benefit-responsive. Contract value is equal to contributions received plus interest credited, less payments, withdrawals, or transfers. Principal is the contract issuer and is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The interest rate credited on the GIC varies based on a formula determined by Principal, but will not be less than a guaranteed floor interest rate determined annually. The crediting rate is reviewed by Principal on a quarterly basis for resetting. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the Plan's ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The insurance company general accounts presented on the accompanying statements of net assets available for benefits are presented on a contract value basis. The value of the Plan's interest in the insurance company general accounts is based on information reported by the issuer at year end. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

The Fixed Income Guaranteed Option contract has surrender charges if it is terminated by the contract holder or a plan terminates its interest in such contract within certain time periods. If a contract is terminated and a surrender charge applies, the Plan may no longer be deemed benefit-responsive. This event could require the GIC to be reported at fair value and thus included in the fair value disclosures. The contract holder did not terminate the contract at December 31, 2019; therefore, the Fixed Income Guaranteed Option remains fully benefit-responsive at year-end.

Corrective Distributions

Operational errors related to the Plan or excess contributions to the Plan may occur. Upon identifying the matter, the Company determines the appropriate action to take in order to maintain the tax deferred status of the Plan. As a result, corrective distributions or corrective contributions may be required. Corrective contributions are determined under the appropriate program as allowed and are recorded as an employer contribution receivable - other in the year in which the contributions should have been made to the Plan. Corrective distributions resulting due to excess contributions are recorded as excess contributions payable in the year in which the excess contributions were made to the Plan.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and may affect the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements (see Note 10). Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

3. REPORTABLE TRANSACTIONS

During the periods ended December 31, 2019 and 2018, there were no reportable transactions, loans in default or uncollectible, or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of the following data reflected on the accompanying statements of net assets available for benefits, the schedule of assets (held at end of year), and the related investment activity reflected in the statements of changes in net assets available for benefits as of and for the periods ended December 31:

	2019	2018
Investments, at fair value:		
Mutual funds	$ 26,303	$ 11,602
Common / collective trusts	231,690	40,708
Pooled separate accounts	13,608	1,924
Investments, at contract value:		
Insurance company general account	31,071	12,292
	$ 302,672	$ 66,526

	2019	2018
Investment income (loss):		
Interest and dividends	$ 1,303	$ 429
Net appreciation (depreciation) in fair value of investments	32,325	(2,855)
	$ 33,628	$ (2,426)

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

6. TAX STATUS

The Company adopted the Principal Financial Group Prototype For Savings Plans - Basic Plan Document No. 2. The United States Internal Revenue Service ("IRS") has issued an advisory letter dated March 31, 2014 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the advisory letter (in accordance with Announcement 2011-49) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2019 and 2018 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2019 and 2018, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common / collective trusts: Valued, as a practical expedient, at the NAV of units held by the Plan at year end.

Pooled separate accounts: Valued, as a practical expedient, at the NAV of units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 26,303	$ -	$ -	$ 26,303
Total assets in the fair value hierarchy	$ 26,303	$ -	$ -	26,303
Common / collective trusts (a)				231,690
Pooled separate accounts (a)				13,608
Total investments at fair value				$ 271,601

7. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,602	$ -	$ -	$ 11,602
Total assets in the fair value hierarchy	$ 11,602	$ -	$ -	11,602
Common / collective trusts (a)				40,708
Pooled separate accounts (a)				1,924
Total investments at fair value				$ 54,234

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements	$ 307,318	$ 77,215
Excess contributions payable	-	6,842
Net assets available for benefits per Form 5500	$ 307,313	$ 84,057
Net increase in net assets available for benefits per the financial statements	$ 230,103	$ 77,215
Change in excess contributions payable – beginning of year	(6,842)	-
Change in excess contributions payable – end of year	-	6,842
Net increase in net assets available for benefits per Form 5500	$ 223,261	$ 84,057

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and units of common / collective trust funds managed by Principal. Therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus disease ("COVID-19") was reported to have surfaced in China. The virus subsequently spread to other parts of the world, including the U.S. and Europe, and caused unprecedented disruptions in the global economy as efforts to contain the spread of the virus intensified. In March 2020, the World Health Organization officially declared COVID-19 to constitute a "Public Health Emergency of International Concern" and characterized the outbreak as a pandemic. This pandemic has adversely affected global economic activity and triggered significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred significant changes in fair value since December 31, 2019. Because the values of the Plan's individual investments have, and may continue to, fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity and participants' account balances cannot be reasonably determined at this time. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

10. SUBSEQUENT EVENTS (Continued)

On March 27, 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants which includes a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals, and a waiver for minimum required distributions otherwise required to be made in the 2020 calendar year. For purposes of receiving a coronavirus-related distribution or loan, a "qualifying individual" is defined as an individual who is diagnosed with COVID-19, whose spouse or dependent is diagnosed with COVID-19, or who, as a result of COVID-19, experiences adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced, being unable to work due to lack of child care, or other factors as determined by the Secretary of the Treasury. Plan management has evaluated the optional provisions of the CARES Act and has implemented the following provisions: (1) coronavirus-related distributions for qualifying individuals up to $100,000; (2) increased loan limits for qualifying individuals to the lesser of (i) $100,000 or (ii) 100% of the participant's vested account balance; (3) deferral of the period for loan repayments, if applicable, up to one year (at which point the loan will be re-amortized); and (4) waiver of required minimum distributions otherwise payable during calendar year 2020. Written amendments to the Plan to reflect these operational changes will be formally adopted at a later date as allowed by the applicable law and guidance from the IRS.
