NOTE 1 **DESCRIPTION OF PLAN**

The following brief description of the MSI 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

GENERAL

The Plan is a defined contribution plan covering all employees of Management Systems International, Inc. (Company), who are age 18 or older, have completed 30 days of service, and are not excluded employees, as defined, for the purposes of deferral and employer match contributions only. For the purpose of employer safe harbor nonelective and employer profit sharing, employees must be age 18 or older and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan, subject to certain annual limitations in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

For the year ended December 31, 2019, the Company elected to make a safe harbor qualified non-elective contribution equal to 3% of compensation, as defined by the Plan, for all active participants employed by Management Systems International, Inc. The Company also may make discretionary matching contributions and discretionary profit sharing contributions for the benefit of all eligible participants in amounts determined by the Company. The matching contribution is equal to a uniform percentage of each participant's salary deferrals. The total discretionary matching contribution each year is limited to 4% of the participant's annual compensation for a safe harbor year. For the year ended December 31, 2019, the matching percentage was 25% of the first 5% of each participant's compensation. Participants who are employed on the last day of the Plan year are eligible to receive Company discretionary profit sharing contributions. The Company's discretionary profit sharing contribution was approximately \$736,126 for the year ended December 31, 2019. Contributions are subject to certain limitations.

(See Independent Auditors' Report)

PARTICIPANTS' ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow up to 50% of their vested account balances not to exceed \$50,000. Participants may have no more than three loans outstanding at any time. Loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator.

VESTING

Years of service are defined as a minimum of 1,000 hours worked per calendar year. Participants are immediately vested in their contributions and employer safe harbor contributions, plus actual earnings thereon. Vesting in employer matching and discretionary profit sharing contributions is based on years of service. Participants are 50% vested after one of year of service, vest 25% for each additional year of service, and become 100% vested in all contributions after three years of service.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Distributions may be in the form of a lump-sum, single life, or joint and survivor annuity for balances attributable to the Plan. The Plan provides for automatic rollovers to individual retirement accounts for benefits of at least \$1,000 but less than \$5,000, unless another form of benefit is elected.

FORFEITED ACCOUNTS

Each year, forfeitures are reallocated to eligible participants in the proportion of their eligible compensation to total eligible compensation of all participants. At December 31, 2019 and 2018, forfeited nonvested accounts totaled approximately \$187,647 and \$274,000, respectively. For the year ended December 31, 2019, forfeitures totaling approximately \$208,000 were allocated to participants.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ACCOUNTING STANDARDS CODIFICATION

All references in the financial statements to the Codification refer to the Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (GAAP) issued by the Financial Accounting Standards Board. The Codification is the single source of authoritative GAAP in the United States.

BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

VALUATION OF INVESTMENTS

Investments are stated at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. See Note 4 for a discussion of fair value measurements.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are carried at their unpaid principal balances plus accrued interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Administrative expenses include direct fees paid from the Plan assets. In addition, the Company pays certain Plan expenses and provides services to the Plan without charge.

(See Independent Auditors' Report)

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through October 12, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) global pandemic and recommended containment and mitigation measures worldwide. This contagious disease outbreak, which continues to spread, has adversely affected workforces, customers, economies, and global financial markets. As a result, the Plan's investments have and will fluctuate in response to changing market conditions. The extent of the impact on the Plan's future financial condition cannot be determined at this time.

NOTE 3 INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments are held by the Custodian, Great-West Life and Annuity Insurance Company, at December 31, 2019 and 2018. Financial information related to those investments is included in the accompanying financial statements based on information provided by the Custodian. That information, which has not been audited by independent auditors, is summarized below. The Plan's investments are as follows:

	<u>2019</u>	<u>2018</u>
Guaranteed Interest Account	\$ 2,014,736	\$ 1,434,672
Mutual Funds	<u>40,352,987</u>	<u>31,715,821</u>
Total Investments	<u>\$ 42,367,723</u>	<u>\$ 33,150,493</u>

During 2019, certified investment income consisted of the following:

Net Appreciation in Fair Value of Investments	\$ 7,833,379
---	--------------

(See Independent Auditors' Report)

NOTE 4 VALUATION OF INVESTMENTS

The Fair Value Measurements and Disclosures Topic of the Codification establishes a hierarchal disclosure framework, which prioritizes and ranks the level of market price observability used in measuring investments and other financial instruments at fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market. These assets are classified as Level 1 within the fair value hierarchy.

(See Independent Auditors' Report)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 **GUARANTEED INTEREST ACCOUNT**

The Plan has an investment in the Great-West Life and Annuity Insurance Company Key Guaranteed Portfolio Fund which is a benefit-responsive investment contract and, therefore, reported at contract value. Contract value, as reported to the Plan by Great-West Life and Annuity Insurance Company, represents contributions made under the fund, plus earnings, less participants' withdrawals and administrative expense. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the Plan's ability to transact at contract value with Great-West Life and Annuity Insurance Company. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan Administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participants' accounts and distributed in accordance with the provisions of the Plan.

(See Independent Auditors' Report)

NOTE 7 **TAX STATUS**

The Plan adopted a volume submitter plan developed by SunGard Corbel. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the prototype plan's qualified status. The Plan has since been amended and restated. The Plan Administrator believes the Plan is designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

GAAP requires Plan management to evaluate uncertain tax positions for recognition in the financial statements. The Plan Administrator has concluded there were no uncertain tax positions as of December 31, 2019.

NOTE 8 **RELATED PARTY TRANSACTIONS**

Certain Plan investments are managed by the Custodian of the Plan. These transactions qualify as party-in-interest transactions. The Plan pays investment management and recordkeeping fees to parties-in-interest. The Plan paid approximately \$43,590 to parties-in-interest for the year ended December 31, 2019. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, administrative fees were paid indirectly through revenue sharing and are included in the change in fair value of investments.
