Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

FEDERAL CLEANING CONTRACTORS, INC.
EMPLOYEES' 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE 1 - Description of plan

The following description of the Federal Cleaning Contractors, Inc. Employees' 401(K) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Federal Cleaning Contractors, Inc. (referred to as “the Company”) except for those employees covered by a collective bargaining agreement. To become eligible to participate, the Plan requires employees to attain the age of 21 and complete one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to make salary deferral contributions not to exceed percentage and dollar limits set by law. Participants direct the investment of contributions. The Company may contribute employer non-elective contributions and safe harbor matching contributions. The Plan currently offers 22 mutual funds as investment options for participants. Participants may change their investment options daily.

Participants' accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s non-elective contributions and safe harbor matching contributions, if any, (b) Plan earnings, (c) forfeitures of terminated participants’ nonvested accounts, if any, and is charged with an allocation of administrative expenses. Allocations of matching contributions are based on a percentage of participant contributions. Other allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their Section 401(k) deferral contributions and Company Safe Harbor matching contributions, plus actual earnings thereon. Vesting in the Company’s non-elective contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

NOTE 1 - Description of plan (continued)

Participants' notes receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loans are secured by the balance in the participant's account. Loans are subject to an interest rate equal to the prime rate in effect at the time of the granting of the loan plus 1%. Principal and interest are paid through weekly payroll deductions.

Payment of benefits

Upon termination of service, a participant's vested benefits are generally paid either as a lump sum distribution or in installment payments.

NOTE 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of investments

The Plan's investments are stated at fair value. Investments of the Plan are in mutual funds, which are valued at quoted market prices.

Plan administrative expenses

Certain administrative expenses of the Plan have been paid by the Plan sponsor.

Payment of benefits

Benefits are recorded when paid.

NOTE 2 - Summary of significant accounting policies (continued)

Note receivable from participants

Loans to participants are reported at their unpaid balance plus any accrued unpaid interest with no allowance for credit losses, as repayments of principle and interest are received through payroll deductions and the notes are collateralized by the participants' account balances

Forfeited accounts

At December 31, 2019 and 2018, forfeited accounts totaled $382 and $0, respectively. These amounts are used to pay administrative expenses and any remaining amounts may be used to reduce future employer contributions payable under the Plan. For the plan year 2019 and 2018, neither administrative expenses nor employer contributions were decreased by forfeited balances.

NOTE 3 - Fair value measurement

Fair Value Measurements Topic ASC 820 of FASB Accounting Standards Codification establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level II – Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 - Fair value measurement (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,021,722	$ -	$ -	$ 4,021,722

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,008,222	$ -	$ -	$ 3,008,222

NOTE 3 - Fair value measurement (continued)

Gains (losses) included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation (depreciation) in fair value of investments by $544,311 and ($367,115) in 2019 and 2018, respectively.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 - Tax status

Federal Cleaning Contractors, Inc. adopted the HPL&S, Inc. Defined Contribution Volume Submitter Plan and Trust effective January 1, 2015, as an amendment and restatement in its entirety of the previously established qualified Plan and Trust.

Although the Plan has not requested determination from the Internal Revenue Service as to the Plan’s tax-exempt status, the master prototype plan from which the Plan was drafted received a favorable determination letter from the IRS on March 31, 2014. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 5 - Related party and party in interest transactions

The Plan invests in shares of mutual funds managed by an affiliate of First American Bank. As First American Bank also provides investment advisory and recordkeeping services to the Plan, these investments qualify as party-in-interest investments, which are exempt from prohibited transaction rules. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. For the plan year 2019 and 2018, the administrative fees paid amounted to $10,586 and $9,816, respectively.

NOTE 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

In March 2020, The World Health Organization declared a novel strain of coronavirus, COVID-19, a global pandemic. This contagious disease outbreak, which has continued to spread, and the related adverse public health developments, has adversely and may continue to adversely affect economic activity globally, nationally, and locally. Following the COVID-19 outbreak, the value of the investment securities declined significantly. The economic and market conditions and other effects of the outbreak may continue to adversely affect the Plan. The extent of the adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported in the 2019 financial statements cannot be predicted at this time.

NOTE 8 - Subsequent events
