Independent Auditor's Report

To the Trustees
Ohio Valley Electrical Services, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Ohio Valley Electrical Services, Inc. 401(k) Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Nationwide Trust Company, FSB and Nationwide Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the custodians as of December 31, 2019, and for the year then ended, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matters

Management is responsible for the accompanying statement of net assets available for benefits of the Plan as of December 31, 2018, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We did not audit, review, or compile the net assets available for benefits as of December 31, 2018, nor were we required to perform any procedures to verify or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the statement of net assets available for benefits as of December 31, 2018.

The supplemental schedule of assets (held at end of year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations - 2018

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019**

1. Plan description

The following description of the Ohio Valley Electrical Services, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ohio Valley Electrical Services, Inc. (the Company) who are age eighteen or older and have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year participants may contribute a percentage of their annual compensation to the Plan, as defined in the plan document. Participants may also roll over amounts representing distributions from other qualified defined contribution plans. The Company, at its discretion, may make matching contributions to the Plan each year. For the plan year ended December 31, 2019, the Company elected to match 50% of the employee contribution, up to a maximum of 4% of eligible compensation, subject to IRS limitations. The Company may also make a profit sharing contribution. There were no profit sharing contributions made in 2019.

In addition to any other profit sharing contributions otherwise provided in the Plan, an amount necessary to meet the Company's requirements under an applicable prevailing wage statute shall be allocated. The contribution is determined based on the required contribution rates for the employment classifications under the applicable federal, state or municipal prevailing wage laws. For any employee performing prevailing wage service, the employer makes the required contribution for such service. This amount is included with employer contributions on the statement of changes in net assets available for benefits.

In addition to the contributions described above, the Company may make additional qualified non-elective contributions at the discretion of the Company. There were no qualified non-elective during 2019.

The Plan may accept a rollover contribution made on behalf of any eligible employee, regardless of whether such employee has met the age and service requirements of the Plan. An eligible employee who has not yet met any of the eligibility requirements of the Plan will be deemed a participant only with respect to amounts, if any, in his or her rollover contribution account.

Participants direct the investment of their contributions, the employer matching contributions, and prevailing wage contributions into various investment options offered by the Plan. The Plan currently offers fifty-eight mutual funds and one fully benefit-responsive investment contract as investment options for participants.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's matching, qualified non-elective contribution and prevailing wage contributions and (b) plan earnings, and charged with (a) an allocation of administrative fees and expenses paid out of the Plan, and (b) decreases in investment value. Allocations of matching contributions are based on the

participant's contribution, allocations of profit sharing contributions are based on the ratio of eligible compensation for all eligible participants, prevailing wage contributions are not subject to any allocation conditions, and allocations of plan earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants are vested immediately in their contributions, the Company matching contributions, prevailing wage contributions, and earnings thereon.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to \$50,000 less the outstanding loan balance or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prevailing interest rate charged on similar loans, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as deemed distributions based upon the terms of the plan document.

Expenses of the Plan

The Plan pays certain administrative expenses. The Company provides other administrative services at no cost to the Plan, which are excluded from these financial statements. Investment income is stated net of investment fees.

Forfeited accounts

Participant forfeitures of Company matching contributions are used to either reduce the Company matching contribution or to pay expenses of the Plan. At December 31, 2019 and 2018, there were no forfeited non-vested accounts. During 2019, no forfeited non-vested accounts were used to either reduce Company matching contributions or to pay expenses of the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested balance in his or her account. Participants may also elect to receive an in-service withdrawal upon attaining the age of 59½ or apply for a hardship withdrawal, subject to approval by the plan administrator. The Plan automatically distributes participant balances of \$5,000 or less, upon a participant's termination of employment.

Net assets of withdrawing participants

No participants had elected to withdraw from the Plan prior to December 31, 2019 that had not received distributions before year end.

2. Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan utilizes various investment instruments, including mutual funds and a fully benefit-responsive investment contract. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits

Benefit payments are recorded when paid.

3. Transactions with related parties

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

Certain plan investments are managed by Nationwide Trust Company, FSB and Nationwide Life Insurance Company (together referred to as "The Nationwide Companies"). The Nationwide Companies are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

4. Tax status

On March 31, 2014, the IRS stated that the volume submitter adopted by the Plan, as then designed, qualifies under IRC Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

5. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,256,782	\$ -	\$ -	\$ 8,256,782
Investments at fair value	\$ 8,256,782	\$ -	\$ -	\$ 8,256,782

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,084,397	\$ -	\$ -	\$ 6,084,397
Investments at fair value	\$ 6,084,397	\$ -	\$ -	\$ 6,084,397

For the year ended December 31, 2019, there were no significant transfers between Level 1 and 2 and no transfers in or out of Level 3.

6. Fully benefit-responsive investment contract

The Plan holds a traditional investment contract with Nationwide Life Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- Premature termination of the contract
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

7. Reportable transactions

No reportable transactions were noted in 2019.

8. Information certified by the Plan's custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Nationwide Companies, the custodians of the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and the fully benefit-responsive investment contract, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2019
- Net investment income, as shown in the Statement of Changes in Net Assets Available for Benefits as of December 31, 2019
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedule.

9. Fidelity bonding requirements

The Plan was covered by a \$1,000,000 fidelity bond during 2019.

10. Subsequent events

The plan administrator has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic. This contagious disease has adversely impacted workforces, economies, and financial markets globally. The extent of the impact on the Plan's net assets available for benefits, contributions, and participant accounts will depend on the duration and spread of the outbreak, including any further developments. While the value of the Plan's investments have been negatively impacted, the duration of the total magnitude of the impact cannot be reasonably estimated at this time.

The plan administrator is not aware of any other subsequent events that would require recognition or disclosure in the Plan's financial statements.
