1. DESCRIPTION OF PLAN

The following description of the SPEC Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of SPEC Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees are eligible to participate in the Plan on the first day of the month following employment.

Contributions

Participants may elect to contribute an amount up to 90% of eligible pre-tax and post-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Eligible employees are automatically enrolled in the Plan to defer 3% of compensation or may alternatively elect a different deferral rate or to opt-out.

During 2019, the Company made a safe harbor contribution of 3% of a participant's eligible compensation. The Company may also make discretionary profit sharing contributions as determined annually by the Company. To be eligible for employer safe harbor and profit sharing contributions, employees must have completed three months of service, as defined by the Plan. For the year ended December 31, 2019, the Company made profit sharing contributions equal to 12% of a participant's eligible compensation. For the year ended December 31, 2019, the Company made safe harbor contributions of $568,364 and profit sharing contributions of $2,260,811.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer safe harbor contributions and allocations of the Company's profit sharing contributions, if any, and Plan earnings. Participant accounts may be charged with an allocation of administrative expenses. Allocations are based on participant's eligible compensation, participant contributions, investment elections and/or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and allocated to participants or used to pay Plan expenses. For the year ended December 31, 2019, $83,203 was allocated to eligible participants from forfeited nonvested accounts. There were no available forfeitures as of December 31, 2019 and 2018, after allocations to eligible participants.

1. DESCRIPTION OF PLAN – (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. A maximum of two loans may be outstanding at any given time. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance. Principal and interest is paid ratably through payroll deductions.

Administration

The Plan is administered by the Company.

Payment of Benefits

On termination of service due to death, disability, retirement, or other defined reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding $1,000, but not exceeding $5,000, may be rolled into an Individual Retirement Account. All vested account balances not exceeding $1,000 may be immediately distributed in a lump-sum payment. With the plan administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Vesting

Participants are always 100% vested in their contributions and Company safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions plus actual earnings thereon, is based on years of service and termination date according to the following schedules:

Termination dates on or after January 1, 2014:

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Company, unless paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in investment earnings.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued. See Note 10.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. FAIR VALUE MEASUREMENTS – (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Common collective trusts: These investments are composed primarily of fully benefit-responsive investment contracts contained in a collective trust and are valued at the NAV of the units of the collective trust. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Certain events would limit the ability of the Plan and the trust to transact at fair value. The Plan Administrator does not believe that any such events are probable of occurring.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS – (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Description	Total	Level 1	Level 2	Level 3
December 31, 2019				
Registered investment companies	$ 55,387,587	$ 55,387,587	$ -	$ -
Total assets in the fair value hierarchy	55,387,587	$ 55,387,587	$ -	$ -
Investments measured at net asset value [(a)]	14,116,541			
Total investments at fair value	$ 69,504,128			
December 31, 2018				
Registered investment companies	$ 46,091,476	$ 46,091,476	$ -	$ -
Total assets in the fair value hierarchy	46,091,476	$ 46,091,476	$ -	$ -
Investments measured at net asset value [(a)]	12,899,562			
Total investments at fair value	$ 58,991,038			

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended December 31, 2019. The nature, risks and investment objectives of the investments above, including those for which fair value is estimated using the NAV as a practical expedient, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2019, there were no unfunded commitments associated with any of these investments.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, F.S.B. (Prudential), the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Net appreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year).

5. TAX STATUS

The Company adopted a Prototype Non-standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on April 29, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of IRC. The Plan has since been restated and amended. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Prudential, the trustee and record-keeper of the Plan. The Plan paid $46,959 in contract administration expenses, net of fee sharing credits, during 2019. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

In connection with a fee sharing arrangement with Prudential, the Plan earned fee sharing credits of $41,401 during the year ended December 31, 2019. During 2019, $40,906 of fee sharing credits earned were allocated to participants to offset Plan expenses allocated to their respective accounts and, as of December 31, 2019, there were $13,711 in fee sharing credits available to allocate to participants.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of total additions per the financial statements to total income per the Form 5500 for the year ended December 31, 2019:

Total additions per the financial statements	$ 16,029,588
Fee sharing credits not reflected on Form 5500	(40,906)
Total income per the Form 5500	$ 15,988,682

The following is a reconciliation of total deductions per the financial statements to total expenses per the Form 5500 for the year ended December 31, 2019:

Total deductions per the financial statements	$ 5,473,835
Plan expenses paid from fee sharing credits not reflected on Form 5500	(40,906)
Total expenses per the Form 5500	$ 5,432,929

10. SUBSEQUENT EVENT

In March 2020, the World Health Organization classified the recent coronavirus (COVID-19) outbreak as a pandemic. As a result of the spread of COVID-19, economic uncertainties have arisen which are likely to negatively impact the Plan's investments. Other financial or operational impacts could occur although it is uncertain at this time.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020. The CARES Act permits plan sponsors an option to allow certain relief from distributions from qualifying participants impacted by the coronavirus on or after January 1, 2020 to December 31, 2020. In addition, the CARES Act permits plan sponsors to allow qualifying participants to delay loan repayments that would otherwise be due between March 27, 2020 and December 31, 2020 and increase the maximum loan limit, as defined. In April 2020, the Plan approved the distribution and delay of loan repayment features of the CARES Act.
