NOTE 1 DESCRIPTION OF PLAN

The following description of the Loop Capital Markets, LLC 401(k) Plan (the Plan) provides general information about the Plan's provisions. Loop Capital Markets, LLC (the Company) is the Plan sponsor. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of the Company who have at least one year of service and are age 21 or older. The Loop Capital Markets, LLC 401(k) Plan Investment Committee (the Investment Committee) is responsible for the general administration of the Plan. VOYA Retirement Insurance and Annuity Company is the trustee and record keeper of the Plan, as described in Note 3. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Matching contributions may be contributed at the discretion of the Company. No matching contributions were made during 2019. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

The Plan offers participants various investment options to direct their elective contributions and they can change their investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with his or her contributions; the Company's matching contributions, if any, and an allocation of the investment's earnings, if any. Each participant's account is charged with an allocation of administrative expenses and investment losses, if any. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN *(continued)*

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. There were no unallocated forfeited balances as of December 31, 2019 and 2018.

Participant Loans

Participants may borrow from their accounts in increments of $1,000, up to a maximum equal to the lesser of $50,000 reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the one-year preceding period, or 50% of their vested balance. Loan terms range from one to five years; the Plan administrator may permit a longer repayment term for the purchase of a primary residence. A participant may not have more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, the loan is due and payable in its entirety. If the loan is not repaid, it will be automatically treated as a distribution to the participant.

Payment of Benefits

Upon separation from service with the Company because of disability, retirement or termination, a participant whose vested account balance exceeds $5,000 may receive a lump-sum payment. Upon separation from service because of death, benefit payments are made to the participant's selected beneficiary. A participant whose vested account balance is $5,000 or less and has not commenced receiving installment payments will automatically receive a lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all other available loan and distribution options prior to requesting a hardship withdrawal.

NOTE 1 DESCRIPTION OF PLAN *(continued)*

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund related to the expense. All other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any such intent, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts for any employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, then the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value (except for the non-benefit-responsive investment contract, which is reported at contract value, see Note 5).

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.*, an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

The Investment Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

Reclassification of Prior Year Presentation

Certain prior year amount has been reclassified for comparison with the current year presentation. This reclassification has no effect on the reported net assets available for benefits at December 31, 2018.

NOTE 3 INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of ERISA. The following investment information was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by VOYA Retirement Insurance and Annuity Company, the trustee of the Plan. NOTE 4 FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.,* an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (*e.g.*, interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

NOTE 4 FAIR VALUE MEASUREMENTS (*continued*)

Level 3: Unobservable inputs for the asset or liability (*i.e.*, supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Common stock: Valued at the closing price per share as reported on the New York Stock Exchange.

Pooled separate accounts: Valued at the accumulation unit value (AUV), which uses the underlying net asset value of the mutual funds that the separate accounts invest in as a basis for calculation. The AUV for each investment option is determined once each business day.

Money market funds: Valued at the reported closing market price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019		
	Level 1	**Level 2**	**Total**
Investments			
Common stock	$ 67,658	$ -	$ 67,658
Money market funds	10,973	-	10,973
Pooled separate accounts	-	23,883,941	23,883,941
Total investments at fair value	$ 78,631	$ 23,883,941	$ 23,962,572

	Assets at Fair Value as of December 31, 2018		
	Level 1	**Level 2**	**Total**
Investments			
Common stock	$ 49,248	$ -	$ 49,248
Money market funds	10,103	-	10,103
Pooled separate accounts	-	19,836,267	19,836,267
Total investments at fair value	$ 59,351	$ 19,836,267	$ 19,895,618

As of December 31, 2019 and 2018, the Plan has no investments classified as Level 3 assets.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a non-benefit-responsive guaranteed interest contract with VOYA Retirement Insurance and Annuity Company, which maintains the contributions in a general account. The contract value of this asset was $1,045,010 and $1,161,436 at December 31, 2019 and 2018, respectively.

The account is credited with a guaranteed and fixed rate of return. The guaranteed interest contract is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by VOYA Retirement Insurance and Annuity Company. As the guaranteed interest contract is non-benefit responsive, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. The guaranteed interest contract promises contract value for a benefit event, such as termination, death, disability or retirement. However, there is a market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity or for a non-benefit event, such as an account withdrawal to change an investment option.

The guaranteed interest contract does not permit VOYA Retirement Insurance and Annuity Company to terminate the agreement prior to the scheduled maturity date. For the year ended December 31, 2019, the interest rate in the guaranteed interest account was 1%.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan holds units of a guaranteed interest account with VOYA Retirement Insurance and Annuity Company, the trustee of the Plan, as well as invests in certain pooled separate accounts managed by VOYA Retirement Insurance and Annuity Company. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 8 INCOME TAX STATUS

The underlying, non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2018, stating that the form of the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2014-6 and 2011-49, the Plan administrator has determined that it is eligible, and it has chosen, to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator has indicated that it will take the necessary steps, if any, to ensure the Plan operations comply with the Code.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there were no uncertain tax positions taken or are expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 9 SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Management evaluated subsequent events for the Plan through October 15, 2020, the date the financial statements were available for issuance. During that period, no additional events have taken place that are required to be recorded or disclosed in the financial statements.

NOTE 1 DESCRIPTION OF PLAN

The following description of the Loop Capital Markets, LLC 401(k) Plan (the Plan) provides general information about the Plan's provisions. Loop Capital Markets, LLC (the Company) is the Plan sponsor. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering full-time employees of the Company who have at least one year of service and are age 21 or older. The Loop Capital Markets, LLC 401(k) Plan Investment Committee (the Investment Committee) is responsible for the general administration of the Plan. VOYA Retirement Insurance and Annuity Company is the trustee and record keeper of the Plan, as described in Note 3. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Matching contributions may be contributed at the discretion of the Company. No matching contributions were made during 2019. All contributions are subject to certain limitations of the Internal Revenue Code (the Code).

The Plan offers participants various investment options to direct their elective contributions and they can change their investment options on a daily basis. The Company's contributions are invested in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with his or her contributions; the Company's matching contributions, if any, and an allocation of the investment's earnings, if any. Each participant's account is charged with an allocation of administrative expenses and investment losses, if any. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN *(continued)*

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. If a participant is rehired within a five-year period, the forfeited contributions are reinstated. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. There were no unallocated forfeited balances as of December 31, 2019 and 2018.

Participant Loans

Participants may borrow from their accounts in increments of $1,000, up to a maximum equal to the lesser of $50,000 reduced by the excess, if any, of their highest outstanding balance of loans from the Plan during the one-year preceding period, or 50% of their vested balance. Loan terms range from one to five years; the Plan administrator may permit a longer repayment term for the purchase of a primary residence. A participant may not have more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, the loan is due and payable in its entirety. If the loan is not repaid, it will be automatically treated as a distribution to the participant.

Payment of Benefits

Upon separation from service with the Company because of disability, retirement or termination, a participant whose vested account balance exceeds $5,000 may receive a lump-sum payment. Upon separation from service because of death, benefit payments are made to the participant's selected beneficiary. A participant whose vested account balance is $5,000 or less and has not commenced receiving installment payments will automatically receive a lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all other available loan and distribution options prior to requesting a hardship withdrawal.

NOTE 1 DESCRIPTION OF PLAN *(continued)*

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund related to the expense. All other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any such intent, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts for any employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, then the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value (except for the non-benefit-responsive investment contract, which is reported at contract value, see Note 5).

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.*, an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

The Investment Committee is responsible for determining the Plan's valuation policies and analyzing information provided by the investment custodians and issuers that is used to determine the fair value of the Plan's investments.

Reclassification of Prior Year Presentation

Certain prior year amount has been reclassified for comparison with the current year presentation. This reclassification has no effect on the reported net assets available for benefits at December 31, 2018.

NOTE 3 INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of ERISA. NOTE 4 FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.,* an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (*e.g.*, interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

NOTE 4 FAIR VALUE MEASUREMENTS (*continued*)

Level 3: Unobservable inputs for the asset or liability (*i.e.*, supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value by the Plan.

Common stock: Valued at the closing price per share as reported on the New York Stock Exchange.

Pooled separate accounts: Valued at the accumulation unit value (AUV), which uses the underlying net asset value of the mutual funds that the separate accounts invest in as a basis for calculation. The AUV for each investment option is determined once each business day.

Money market funds: Valued at the reported closing market price.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value at December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019		
	Level 1	**Level 2**	**Total**
Investments			
Common stock	$ 67,658	$ -	$ 67,658
Money market funds	10,973	-	10,973
Pooled separate accounts	-	23,883,941	23,883,941
Total investments at fair value	$ 78,631	$ 23,883,941	$ 23,962,572

	Assets at Fair Value as of December 31, 2018		
	Level 1	**Level 2**	**Total**
Investments			
Common stock	$ 49,248	$ -	$ 49,248
Money market funds	10,103	-	10,103
Pooled separate accounts	-	19,836,267	19,836,267
Total investments at fair value	$ 59,351	$ 19,836,267	$ 19,895,618

As of December 31, 2019 and 2018, the Plan has no investments classified as Level 3 assets.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a non-benefit-responsive guaranteed interest contract with VOYA Retirement Insurance and Annuity Company, which maintains the contributions in a general account. The contract value of this asset was $1,045,010 and $1,161,436 at December 31, 2019 and 2018, respectively.

The account is credited with a guaranteed and fixed rate of return. The guaranteed interest contract is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by VOYA Retirement Insurance and Annuity Company. As the guaranteed interest contract is non-benefit responsive, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. The guaranteed interest contract promises contract value for a benefit event, such as termination, death, disability or retirement. However, there is a market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity or for a non-benefit event, such as an account withdrawal to change an investment option.

The guaranteed interest contract does not permit VOYA Retirement Insurance and Annuity Company to terminate the agreement prior to the scheduled maturity date. For the year ended December 31, 2019, the interest rate in the guaranteed interest account was 1%.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PARTY-IN-INTEREST TRANSACTIONS

The Plan holds units of a guaranteed interest account with VOYA Retirement Insurance and Annuity Company, the trustee of the Plan, as well as invests in certain pooled separate accounts managed by VOYA Retirement Insurance and Annuity Company. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 8 INCOME TAX STATUS

The underlying, non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2018, stating that the form of the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is tax exempt. In accordance with Revenue Procedures 2014-6 and 2011-49, the Plan administrator has determined that it is eligible, and it has chosen, to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator has indicated that it will take the necessary steps, if any, to ensure the Plan operations comply with the Code.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there were no uncertain tax positions taken or are expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

NOTE 9 SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

Management evaluated subsequent events for the Plan through October 15, 2020, the date the financial statements were available for issuance. During that period, no additional events have taken place that are required to be recorded or disclosed in the financial statements.
