1. Plan Description

The following brief description of the NYCHSRO/MedReview, Inc. 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan’s provisions.

General and Eligibility

The Plan is a defined contribution plan covering all full time employees of New York County Health Services Review Organization, Inc. and MedReview, Inc. (collectively, the "Company") who have completed one month of eligible service and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Board of Trustees of the Company is responsible for oversight of the Plan. Management of the Company determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Trustees.

In June of 2019, the Plan transferred all of its assets from AXA Equitable Life Insurance Company ("AXA") to Massachusetts Mutual Life Insurance Company ("MassMutual") and Reliance Trust Company (“Reliance”).

Contributions

Each year, eligible employees may contribute up to 100% of their eligible compensation on a pre-tax or Roth basis, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollovers").

Participant Accounts

The Plan administrator establishes and maintains a separate account for each participant, which is credited for rollover and voluntary contributions the participants make and Plan earnings. Income earned and net appreciation or depreciation on Plan investments, are allocated in proportion to the participant’s account balance in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately and fully vested in their voluntary contributions plus actual earnings thereon.

1. Plan Description *(continued)*

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Participants may only have one outstanding loan at a time. The interest rate on the loan will be based on the prime rate of interest published by Wall Street Journal as of the date of the loan plus 2 percent. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.75% at December 31, 2019 and from 4.25% to 6.00% at December 31, 2018. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, including death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the life expectancy of the participant or the surviving spouse. For termination of services for other reasons, including hardship, a participant shall receive the value of the vested interest in his or her account as a lump-sum distribution. Distributions are subject to the applicable provisions of the plan agreement. A participant may receive in-service distributions if they have achieved the age of 59 1/2.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2019 and 2018, all of the Plan's investments, that were valued at fair value, were valued using level 1 inputs.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value except for the group annuity contract and guaranteed investment contract, which are stated at contract value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in, less any withdrawals and transfers out. Registered investment companies held by the Plan are valued at fair value based on the daily closing price as reported by the companies. All of the registered investment companies are open-ended and are registered with the Securities and Exchange Commission. These companies are required to publish their daily NAV and to transact at that price. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal amounts plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are paid. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Other expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

3. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AXA, the custodian of the Plan, and Reliance, the trustee of the Plan, have certified to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, as well as the related investment and participant interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019. Reliance held the Plan's investment assets and executed investment transactions from June 1, 2019 to December 31, 2019. AXA held the Plan's investment assets and executed investment transactions as of December 31, 2018, and for the period from January 1, 2019 to May 31, 2019.

4. Group Annuity Contract

The Plan has a benefit-responsive investment contract with MassMutual. The Guaranteed Interest Account (the "GIA") is provided through a group annuity contract (the "Contract"). A crediting rate is established for amounts invested in the GIA and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value. Such events include: removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events may also include (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification.

The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investor Service Aa3, A.M. Best Company A++, Fitch AA+, and Standard and Poor's AA+. These ratings are as of July 1, 2020.

The group annuity contract represents approximately 46% of the Plan's net assets available for benefits as of December 31, 2019.

5. Investment Contract with Insurance Company

Through June 2019, the Plan had a fully benefit-responsive investment contract with AXA. AXA maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and certain administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate was based on a formula established by the contract issuer and was reviewed on a quarterly basis for resetting. The average interest rate credited to participants was 2.5% at December 31, 2018. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This guaranteed investment contract met the fully benefit-responsive criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under their terms of the Plan. Contract value, as reported to the Plan by AXA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and/or regulatory events.

Certain events could have limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator, as well as the Company and its management, did not believe that there were events that were probable of occurring that might have limited the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields as of December 31, 2018:

Based on actual earnings	2.50%
Based on interest rate credited to participants	2.50%

5. Investment Contract with Insurance Company *(continued)*

The guaranteed investment contract represents approximately 40% of the Plan's net assets available for benefits as of December 31, 2018.

6. Tax Status

The IRS has issued an opinion letter to the prototype plan document preparer dated March 31, 2014 which states that the Plan is designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions for period since 2016; however, there are currently no examinations for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent to year end, the COVID-19 pandemic has resulted in substantial volatility in the global financial markets. As a result, the Plan's investments have incurred a significant fluctuation in their fair value since December 31, 2019. Because the value of the Plan's investments has and will fluctuate in response to changing market conditions, the amount of losses, if any, that will be recognized in subsequent periods, cannot be determined.

9. Party-in-Interest Transactions

Certain investments of the Plan are managed by Reliance. Reliance provides trustee services for Plan assets, including participant loans. As a trustee of the Plan these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

Certain employees of the Company, who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

10. Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2020.
