**VIVAX PROS LLC SMART PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**( 1 )    Description of plan**

The following description of Vivax Pros LLC Smart Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

**General** - The Plan is a defined contribution plan sponsored by Vivax Pros LLC (“the Company”). Effective January 1, 2016, the Plan covers employees of Vivax Pros LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**Eligibility** - In order to participate in the Plan, employees must have completed 166 hours in a two month period. If the service requirement is not met in the first consecutive two months, employees may enroll upon completion of 1,000 hours during a Plan year. Employees who are represented by a collective bargaining agreement, leased, non-resident aliens or seasonal employees are not eligible to participate in the Plan.

**Contributions** - Participants may contribute up to 100% of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan.

Participants are eligible to receive matching contributions if they have completed at least 1,000 hours of service during the Plan year and are employed by the Company on the last day of the Plan year. The Company makes matching contributions equal to 100% of the participant’s contributions up to 3% of compensation. Additional profit sharing amounts may be contributed at the sole discretion of the Company. Participants are eligible to receive profit sharing contributions if they have completed at least 1,000 hours of service during the Plan year and are employed by the Company on the last day of the Plan year. The Plan did not make any profit sharing contributions for the year ended December 31, 2019. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

**Participant investment account options** - The Plan currently offers a range of mutual funds and a money market fund as investment options for participants.

**Participant accounts** - Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) plan earnings and losses. In addition, participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**VIVAX PROS LLC SMART PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**( 1 )    Description of plan (continued)**

**Vesting** - Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

| <u>Years of Service</u> | <u>Vested %</u> |
|-------------------------|-----------------|
| Less than One           | 0%              |
| 1                       | 25%             |
| 2                       | 50%             |
| 3                       | 75%             |
| 4                       | 100%            |

**Notes receivable from participants** - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid ratably through payroll deductions.

**Payment of benefits** - On termination of service due to death or disability a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments in accordance with requirements of the IRC. For termination of service due to retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Vested account balances that are below \$5,000 upon termination of employment will be paid in a lump sum at the time such individual becomes entitled to a distribution.

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Company matching contributions as a result of a hardship withdrawal.

**Forfeited accounts** - At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$16,507 and \$6,930, respectively. These accounts will be used to reduce future employer contributions.

**( 2 )    Summary of significant accounting policies**

**Basis of accounting** - The financial statements of the Plan are prepared on the accrual method of accounting.

**Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

**VIVAX PROS LLC SMART PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**( 2 ) Summary of significant accounting policies (continued)**

**New accounting pronouncements** - In 2019, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2018-09, "*Codification Improvements*" which makes changes to a variety of topics, to clarify, correct errors in, or make minor improvements to the Accounting Standards Codification ("ASC"). The portion of ASU 2018-09 that is most applicable to the Plan relates to whether certain investments have a readily determinable fair value or qualify for the net asset value per share practical expedient in accordance with ASC 820, Fair Value Measurement. The standard is effective for fiscal years beginning after December 15, 2018, with early adoption permitted. The adoption of ASU 2018-09 did not have a material impact on the Plan's financial statements.

In 2019, the Plan adopted FASB ASU 2018-13, "*Fair Value Measurement - Disclosure Framework (Topic 820)*". The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. Management does not expect the adoption of ASU 2018-13 to have a material impact on the Plan's financial statements.

**Investment valuation and income recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Notes receivable from participants** - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

**Mistake of fact refund** - Amounts payable to the Plan Sponsor have been recorded as a result of excess amounts contributed to the Plan. The Plan distributed the mistake of fact refund to the Plan Sponsor in February 2020.

**Payment of benefits** - Benefits are recorded when paid.

**Administrative expenses** - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**VIVAX PROS LLC SMART PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**( 3 ) Information prepared and certified by the trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, LT Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Interest and dividends income
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**( 4 ) Fair value measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
|---------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                                                                                                                                                                                                                                                                                                                                                                               |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

**( 4 ) Fair value measurements (continued)**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

*Mutual funds and money market fund:* Valued at the daily closing price as reported by the fund. Mutual funds and money market fund held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds and money market fund held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

**( 5 ) Related party transactions and party-in-interest transactions**

Certain Plan investments are managed by LT Trust Company ("LT Trust"). LT Trust is the recordkeeper and trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payments to the trustee of \$3,091 for the year ended December 31, 2019 which are included in administrative expenses in the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

**( 6 ) Plan termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

**( 8 )    Tax status**

The Internal Revenue Service ("IRS") has determined that the volume submitter profit sharing plan is designed in accordance with applicable sections of the IRC and informed the trustee of such in a letter dated March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**( 9 )    Risks, uncertainties and concentrations**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2019 and 2018, approximately 48% and 58% of the Plan's investments were invested in the Quantified Market Leaders Fund Investor Class and Quantified Managed Bond Fund Investor Class, respectively.

**( 10 ) Subsequent events**

The Plan has evaluated subsequent events through October 15, 2020, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization (“WHO”) declared a global health emergency because of the coronavirus (the “COVID-19 outbreak”) creating risks to the international community as the virus spread globally, beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date these financial statements were available to be issued. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan’s investment portfolio has experienced significant volatility in fair value since December 31, 2019. Because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan’s portfolio cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement (SECURE Act) was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Additionally, March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Increased the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant’s vested account balance
- Extended the period for loan repayments, if applicable, up to one year
- Required minimum distributions for the 2020 calendar year have been temporarily waived

The Plan is in the process of operationally being amended to implement certain changes permitted by the above law changes.

Effective January 1, 2020, eligibility requirements for the employer match were modified. The service requirement and requirement to be employed as of the last day of the year have been removed.
