INDEPENDENT AUDITOR'S REPORT

The Board of Trustees & Participants
McAllister Savings Plan
New York, New York

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of McAllister Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Vanguard holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Vanguard as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by Vanguard is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Vanguard has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the McAllister Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan that covers all eligible employees. The Plan was established by McAllister Towing & Transportation Co., Inc. and substantially all subsidiaries (the "Company") to provide supplemental retirement benefits to its employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All non-union employees of the Company who have completed half a year of service are eligible to participate in the Plan. There is no age requirement to become an active member. All eligible employees are automatically enrolled in the plan with a 3% deferral of compensation, increasing 1% per year up to a maximum of 10%, unless the employee makes a contrary election.

The Trustee Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's participants.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). Participants may also contribute to the Plan a Roth deferral that is subject to certain limitations imposed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows catch-up contributions in a taxable year if the participant will be at least 50 by the end of that year.

The Company matches 100% of each participant's contribution to the Plan, up to a maximum of $1,000 per participant per calendar year. The Company may also make an additional discretionary contribution. For the years ended December 31, 2019 and 2018, the Company made additional discretionary contributions of 15% and 45%, respectively, of the employees' year-to-date contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers one common collective trust and various mutual funds as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Upon termination for any reason other than death, disability or retirement, a participant shall not be entitled to any of the employer contributions or earnings thereon unless three years of service have been completed.

NOTE 1. DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants
Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates in accordance with the Plan document. The Company determines the appropriate interest rate based on interest rates for loans of comparable quality and duration extended by banks and other financial institutions for loans under similar circumstances. Rates on outstanding loans ranged from 4.25% and 6.50% at December 31, 2019 and 4.25% to 6.25% at December 31, 2018. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, or thirty years for loans used for the purchase of a primary residence.

Payment of Benefits
Upon termination of service, death, disability or retirement, participants receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account. For balances that exceed $5,000 upon termination of service, a participant may choose to either withdraw his or her balance or continue to maintain the balance in the Plan. For balances below $5,000, the Plan administrator will distribute the account as a lump-sum cash payment. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures
Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan, if so directed by the Employer or applied to reduce the contributions of the Employer. At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately $27,000 and $44,000, respectively. During 2019 and 2018 forfeitures of approximately $87,000 and $0 were used to reduce employer contributions, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, additions to net assets and deductions from net assets. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. (See Note 4 for discussion of fair value measurements.)

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance from credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits
Benefits are recorded when paid. Amounts allocated to participants who have chosen to withdraw from the Plan but who have not yet been paid are not recorded as a liability, but are disclosed.

Expenses
The Company pays certain administrative expenses associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events
The Plan has evaluated all events and transactions that occurred after December 31, 2019 for potential recognition or disclosure through October 15, 2020 the date the financial statements were available to be issued. (See Note 9.)

Reclassifications
Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

NOTE 3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2019 and 2018; the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The following methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Common Collective Trust
Valued at the Net Asset Value (NAV) of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The Vanguard Retirement Savings Trust III is a stable value investment that invests primarily in synthetic investment contracts back by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks.

Mutual Funds
Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of the mutual funds is readily determinable because the fair value per share is determined and published and is the basis for current transactions.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018 respectively:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 72,010,372	$ -	$ -	$ 72,010,372
Total Assets in the Fair Value Hierarchy	$ 72,010,372	$ -	$ -	72,010,372
Measured at Net Asset Value				11,080,114
Investments at Fair Value				$ 83,090,486

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 58,637,932	$ -	$ -	$ 58,637,932
Total Assets in the Fair Value Hierarchy	$ 58,637,932	$ -	$ -	58,637,932
Investments Measured at Net Asset Value				9,680,506
Investments at Fair Value				$ 68,318,438

Transfer between Levels

The Plan's policy is to recognize transfers between level 1, level 2, and level 3 as of the end of the year. There were not transfers between level 1, level 2, and level 3 for the years ended December 31, 2019 and 2018.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. The investments are grouped according to the investments' significant investment strategy. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value 2019	Fair Value 2018	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective Trust Funds:					
Vanguard Retirement Savings Trust III	$ 11,080,114	$ 9,680,506	$ -	Daily	None
Investments Measured at Net Asset Value	$ 11,080,114	$ 9,680,506	$ -		

NOTE 5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust managed by Vanguard, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. TAX STATUS

On May 28, 2014, the Internal Revenue Service provided an opinion that stated that the Prototype Non-Standardized Profit Sharing Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During the years ended December 31, 2018 and 2019 the Plan identified certain operational deficiencies in the operation of the Plan. Plan management is in the process of determining the necessary corrections to be made in accordance with the Internal Revenue Service's Employee Plans Compliance Resolution System. Plan management does not believe these operational deficiencies will have an effect on the qualified status of the Plan.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. SUBSEQUENT EVENTS

During 2020, the Plan implemented changes to the Plan polices for participant loans and distributions related to the CARES Act. The Plan has yet to be formally amended to reflect these changes. According to the implemented changes, participants may request a distribution of up to $100,000 that will be exempt from the usual 10% penalty tax on premature distributions, regardless of the participant's age as well as not mandatory 20% federal tax withholding requirement. In addition, the CARES Act allows for qualified loans at increased limits, and it allows for participants to suspend payments on existing loans temporarily. For new loans, the maximum qualified loan amount is increased from the lessor of $50,000 or 50% of vested account balance to the lessor of $100,000 or 100% of vested account balance. This increases applies to loans taken on or before September 23, 2020. For existing loans, eligible participants may suspend loan payments scheduled to occur between March 27, 2020 and December 31, 2020. When payments resume, the loan must be re-amortized to reflect the amount of the suspended repayments and interest accrued while payments were suspended, so participants will not be responsible for two payments at once.

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees & Participants
McAllister Savings Plan
New York, New York

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of McAllister Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Vanguard holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Vanguard as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by Vanguard is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Vanguard has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the McAllister Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan that covers all eligible employees. The Plan was established by McAllister Towing & Transportation Co., Inc. and substantially all subsidiaries (the "Company") to provide supplemental retirement benefits to its employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All non-union employees of the Company who have completed half a year of service are eligible to participate in the Plan. There is no age requirement to become an active member. All eligible employees are automatically enrolled in the plan with a 3% deferral of compensation, increasing 1% per year up to a maximum of 10%, unless the employee makes a contrary election.

The Trustee Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's participants.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). Participants may also contribute to the Plan a Roth deferral that is subject to certain limitations imposed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows catch-up contributions in a taxable year if the participant will be at least 50 by the end of that year.

The Company matches 100% of each participant's contribution to the Plan, up to a maximum of $1,000 per participant per calendar year. The Company may also make an additional discretionary contribution. For the years ended December 31, 2019 and 2018, the Company made additional discretionary contributions of 15% and 45%, respectively, of the employees' year-to-date contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers one common collective trust and various mutual funds as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Upon termination for any reason other than death, disability or retirement, a participant shall not be entitled to any of the employer contributions or earnings thereon unless three years of service have been completed.

NOTE 1. DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants
Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates in accordance with the Plan document. The Company determines the appropriate interest rate based on interest rates for loans of comparable quality and duration extended by banks and other financial institutions for loans under similar circumstances. Rates on outstanding loans ranged from 4.25% and 6.50% at December 31, 2019 and 4.25% to 6.25% at December 31, 2018. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, or thirty years for loans used for the purchase of a primary residence.

Payment of Benefits
Upon termination of service, death, disability or retirement, participants receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account. For balances that exceed $5,000 upon termination of service, a participant may choose to either withdraw his or her balance or continue to maintain the balance in the Plan. For balances below $5,000, the Plan administrator will distribute the account as a lump-sum cash payment. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures
Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan, if so directed by the Employer or applied to reduce the contributions of the Employer. At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately $27,000 and $44,000, respectively. During 2019 and 2018 forfeitures of approximately $87,000 and $0 were used to reduce employer contributions, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, additions to net assets and deductions from net assets. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. (See Note 4 for discussion of fair value measurements.)

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance from credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits
Benefits are recorded when paid. Amounts allocated to participants who have chosen to withdraw from the Plan but who have not yet been paid are not recorded as a liability, but are disclosed.

Expenses
The Company pays certain administrative expenses associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events
The Plan has evaluated all events and transactions that occurred after December 31, 2019 for potential recognition or disclosure through October 15, 2020 the date the financial statements were available to be issued. (See Note 9.)

Reclassifications
Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

NOTE 3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2019 and 2018; the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The following methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Common Collective Trust
Valued at the Net Asset Value (NAV) of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The Vanguard Retirement Savings Trust III is a stable value investment that invests primarily in synthetic investment contracts back by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks.

Mutual Funds
Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of the mutual funds is readily determinable because the fair value per share is determined and published and is the basis for current transactions.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018 respectively:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 72,010,372	$ -	$ -	$ 72,010,372
Total Assets in the Fair Value Hierarchy	$ 72,010,372	$ -	$ -	72,010,372
Measured at Net Asset Value				11,080,114
Investments at Fair Value				$ 83,090,486

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 58,637,932	$ -	$ -	$ 58,637,932
Total Assets in the Fair Value Hierarchy	$ 58,637,932	$ -	$ -	58,637,932
Investments Measured at Net Asset Value				9,680,506
Investments at Fair Value				$ 68,318,438

Transfer between Levels

The Plan's policy is to recognize transfers between level 1, level 2, and level 3 as of the end of the year. There were not transfers between level 1, level 2, and level 3 for the years ended December 31, 2019 and 2018.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. The investments are grouped according to the investments' significant investment strategy. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value 2019	Fair Value 2018	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective Trust Funds:					
Vanguard Retirement Savings Trust III	$ 11,080,114	$ 9,680,506	$ -	Daily	None
Investments Measured at Net Asset Value	$ 11,080,114	$ 9,680,506	$ -		

NOTE 5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust managed by Vanguard, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. TAX STATUS

On May 28, 2014, the Internal Revenue Service provided an opinion that stated that the Prototype Non-Standardized Profit Sharing Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During the years ended December 31, 2018 and 2019 the Plan identified certain operational deficiencies in the operation of the Plan. Plan management is in the process of determining the necessary corrections to be made in accordance with the Internal Revenue Service's Employee Plans Compliance Resolution System. Plan management does not believe these operational deficiencies will have an effect on the qualified status of the Plan.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. SUBSEQUENT EVENTS

During 2020, the Plan implemented changes to the Plan polices for participant loans and distributions related to the CARES Act. The Plan has yet to be formally amended to reflect these changes. According to the implemented changes, participants may request a distribution of up to $100,000 that will be exempt from the usual 10% penalty tax on premature distributions, regardless of the participant's age as well as not mandatory 20% federal tax withholding requirement. In addition, the CARES Act allows for qualified loans at increased limits, and it allows for participants to suspend payments on existing loans temporarily. For new loans, the maximum qualified loan amount is increased from the lessor of $50,000 or 50% of vested account balance to the lessor of $100,000 or 100% of vested account balance. This increases applies to loans taken on or before September 23, 2020. For existing loans, eligible participants may suspend loan payments scheduled to occur between March 27, 2020 and December 31, 2020. When payments resume, the loan must be re-amortized to reflect the amount of the suspended repayments and interest accrued while payments were suspended, so participants will not be responsible for two payments at once.

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees & Participants
McAllister Savings Plan
New York, New York

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of McAllister Savings Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Vanguard holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Vanguard as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the plan administrator by Vanguard is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2019 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Vanguard has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the McAllister Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution savings plan that covers all eligible employees. The Plan was established by McAllister Towing & Transportation Co., Inc. and substantially all subsidiaries (the "Company") to provide supplemental retirement benefits to its employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All non-union employees of the Company who have completed half a year of service are eligible to participate in the Plan. There is no age requirement to become an active member. All eligible employees are automatically enrolled in the plan with a 3% deferral of compensation, increasing 1% per year up to a maximum of 10%, unless the employee makes a contrary election.

The Trustee Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's participants.

Contributions

Each year, participants may contribute a percentage of their pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code ("IRC"). Participants may also contribute to the Plan a Roth deferral that is subject to certain limitations imposed by the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan allows catch-up contributions in a taxable year if the participant will be at least 50 by the end of that year.

The Company matches 100% of each participant's contribution to the Plan, up to a maximum of $1,000 per participant per calendar year. The Company may also make an additional discretionary contribution. For the years ended December 31, 2019 and 2018, the Company made additional discretionary contributions of 15% and 45%, respectively, of the employees' year-to-date contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers one common collective trust and various mutual funds as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Upon termination for any reason other than death, disability or retirement, a participant shall not be entitled to any of the employer contributions or earnings thereon unless three years of service have been completed.

NOTE 1. DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants
Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates in accordance with the Plan document. The Company determines the appropriate interest rate based on interest rates for loans of comparable quality and duration extended by banks and other financial institutions for loans under similar circumstances. Rates on outstanding loans ranged from 4.25% and 6.50% at December 31, 2019 and 4.25% to 6.25% at December 31, 2018. Loans are repayable ratably through periodic payroll deductions over a term not exceeding five years, or thirty years for loans used for the purchase of a primary residence.

Payment of Benefits
Upon termination of service, death, disability or retirement, participants receive their benefits as a lump-sum amount equal to the value of the participant's vested interest in his or her account. For balances that exceed $5,000 upon termination of service, a participant may choose to either withdraw his or her balance or continue to maintain the balance in the Plan. For balances below $5,000, the Plan administrator will distribute the account as a lump-sum cash payment. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Forfeitures
Forfeited balances of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan, if so directed by the Employer or applied to reduce the contributions of the Employer. At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately $27,000 and $44,000, respectively. During 2019 and 2018 forfeitures of approximately $87,000 and $0 were used to reduce employer contributions, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates
The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, additions to net assets and deductions from net assets. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. (See Note 4 for discussion of fair value measurements.)

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance from credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits
Benefits are recorded when paid. Amounts allocated to participants who have chosen to withdraw from the Plan but who have not yet been paid are not recorded as a liability, but are disclosed.

Expenses
The Company pays certain administrative expenses associated with the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events
The Plan has evaluated all events and transactions that occurred after December 31, 2019 for potential recognition or disclosure through October 15, 2020 the date the financial statements were available to be issued. (See Note 9.)

Reclassifications
Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

NOTE 3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company ("Vanguard"), the trustee of the plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2019 and 2018; the related investment activity and interest income on notes receivable from participants reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. The following methods described may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Common Collective Trust
Valued at the Net Asset Value (NAV) of units of a collective trust. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. The Vanguard Retirement Savings Trust III is a stable value investment that invests primarily in synthetic investment contracts back by high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks.

Mutual Funds
Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The fair value of the mutual funds is readily determinable because the fair value per share is determined and published and is the basis for current transactions.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018 respectively:

Investments at Fair Value				$ 68,318,438

Transfer between Levels

The Plan's policy is to recognize transfers between level 1, level 2, and level 3 as of the end of the year. There were not transfers between level 1, level 2, and level 3 for the years ended December 31, 2019 and 2018.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. The investments are grouped according to the investments' significant investment strategy. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value 2019	Fair Value 2018	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective Trust Funds:					
Vanguard Retirement Savings Trust III	$ 11,080,114	$ 9,680,506	$ -	Daily	None
Investments Measured at Net Asset Value	$ 11,080,114	$ 9,680,506	$ -		

NOTE 5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a common collective trust managed by Vanguard, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. TAX STATUS

On May 28, 2014, the Internal Revenue Service provided an opinion that stated that the Prototype Non-Standardized Profit Sharing Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

During the years ended December 31, 2018 and 2019 the Plan identified certain operational deficiencies in the operation of the Plan. Plan management is in the process of determining the necessary corrections to be made in accordance with the Internal Revenue Service's Employee Plans Compliance Resolution System. Plan management does not believe these operational deficiencies will have an effect on the qualified status of the Plan.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. SUBSEQUENT EVENTS

During 2020, the Plan implemented changes to the Plan polices for participant loans and distributions related to the CARES Act. The Plan has yet to be formally amended to reflect these changes. According to the implemented changes, participants may request a distribution of up to $100,000 that will be exempt from the usual 10% penalty tax on premature distributions, regardless of the participant's age as well as not mandatory 20% federal tax withholding requirement. In addition, the CARES Act allows for qualified loans at increased limits, and it allows for participants to suspend payments on existing loans temporarily. For new loans, the maximum qualified loan amount is increased from the lessor of $50,000 or 50% of vested account balance to the lessor of $100,000 or 100% of vested account balance. This increases applies to loans taken on or before September 23, 2020. For existing loans, eligible participants may suspend loan payments scheduled to occur between March 27, 2020 and December 31, 2020. When payments resume, the loan must be re-amortized to reflect the amount of the suspended repayments and interest accrued while payments were suspended, so participants will not be responsible for two payments at once.
