Note 1 – Description of the Plan

The following description of the Children's Primary Care Medical Group, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all employees of Children's Primary Care Medical Group, Inc. (Company) excluding those employees covered by a collective bargaining agreement, non-resident aliens who do not receive any compensation from U.S. sources, independent contractors, and physician employees compensated on a per diem basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each year participants may contribute up to a specified percent of pretax and after-tax annual compensation, subject to limits of the tax law as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute discretionary matching, the amounts of which are determined each year. Also, upon written notice prior to the beginning of each Plan year, the Company contributes qualified non-elective contributions to all Plan participants at a prorated percentage of compensation or a flat dollar amount. Contributions are subject to certain limitations.

Investment Elections
Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options. In prior years, the Plan offered more individualized investment options and some of those investments remain in the Plan.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are made in a manner which recognizes each participant's account balance, investment selection and timing of contributions and withdrawals, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions, discretionary matching contributions, and qualified non-elective contributions plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The repayment terms provide for loan payments to be made through payroll deductions and for loans to be amortized over a reasonable period of time not to exceed five years, unless the loan is used for the purchase of a primary residence. Participants may have a maximum of two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at 2% over prime rate. The interest rates ranged from 4.25% - 6.50% for the year ended December 31, 2019.

Payment of Benefits
On termination of service due to death, disability, termination of employment or retirement, a participant with an account balance over $5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, to initiate a direct transfer to another qualified plan or individual retirement account (IRA), or to leave the vested balance in the Plan. The Plan makes automatic lump-sum distributions to terminated and retired participants with account balances of $1,000 or less. For participants with balances between $1,000 and $5,000, the participant may elect to rollover the balance into an IRA or another qualified plan, or receive the vested balance as a lump-sum distribution.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payments of Benefits
Benefits are recorded when paid.

Subsequent Events
The Plan has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the outbreak of COVID-19 (coronavirus) caused by a novel strain of the coronavirus was recognized as a pandemic by the World Health Organization, and the outbreak has become increasingly widespread negatively affecting the world economy and as a result, performance of investment options available in the Plan. The full impact of the COVID-19 continues to evolve as of the date of this report and will depend largely on future developments, which are highly uncertain and cannot be accurately predicted, including among other things, new information which may emerge concerning the severity of the outbreak and actions taken by government authorities to contain the pandemic or treats its impact. The effect of the COVID-19 will have on the Plan operations and investments is currently unknown.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted providing $2.2 trillion of economic stimulus relief to address the market conditions due to COVID-19. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distribution of benefits, withdrawals and participant loans. These provisions include, but are not limited to, penalty-free withdrawals of up to $100,000 or 100 percent of the participants vested balance before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, increased limits for participant loans, deferrals of loan payments for up to one year, and temporarily waiving the required minimum distributions through 2020. The provisions of the CARES Act may be effective and utilized immediately, prior to amending the plan document. The Plan has adopted the CARES Act provisions.

Note 2 – Summary of Significant Accounting Policies, continued

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Fees related to specific participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 – Information Certified by Custodian

The majority of the Plan's investments are held by John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Noninterest-bearing cash of $262 at December 31, 2019 and 2018
- Investments, at fair value of $57,196,469 and $43,334,017 at December 31, 2019 and 2018, respectively
- Notes receivable from participants
- Net appreciation in fair value of investments $10,184,708 for the year ended December 31, 2019
- Interest on notes receivable from participants

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 – Fair Value Measurements, continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price.

Pooled Separate Accounts (PSA): PSAs invest in a variety of domestic stock, international stocks, mutual funds, bonds and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the net asset value (NAV) of each PSA is not valued using publicly quoted prices. The NAV provided by the Custodian is used as the practical expedient to estimate fair value. PSA's can be redeemed on a daily basis.

Common and Preferred stocks: Valued at the closing price listed on the active market where the securities trade.

Bonds: Valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of December 31, 2019

Note 4 – Fair Value Measurements, continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient.

December 31, 2019	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$57,196,468	N/A	Daily	None

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	$43,334,017	N/A	Daily	None

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Internal Revenue Service has determined and informed the Plan's volume submitter sponsor by an opinion letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan with CODA sponsored by Butterfield, Schechter, and Van Clief, LLP, which has been adopted by the Plan, is acceptable pursuant to section 401 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the Internal Revenue Service. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Party-in-Interest Transactions

Certain Plan investments are managed by John Hancock Life Insurance Company (U.S.A.) who also provides recordkeeping services for the Plan. Additionally, Sagepoint Financial serves as the broker for the Plan, San Diego Pension serves as the third-party administrator for the Plan, and Aldrich CPAs and Advisors serves as the independent auditor for the Plan. Transactions with these entities qualify as party-in-interest transactions.

Note 8 – Delinquent Employee Deferral Transmittals

During the years ended December 31, 2019 the Company erroneously failed to remit certain employee deferrals totaling $146,152 to the Plan in the time period described in 29 CFR 2510.3-102. The Company subsequently remitted the deferrals to the Plan and the contributions were fully corrected through the Voluntary Fiduciary Correction Program ("VFCP") in July 2019.
