1. Description of the Plan

The following description of the System Pavers 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Systems Paving, Inc. (the Plan Administrator), System Pavers of Washington, Inc., System Pavers of Colorado, LLC, System Pavers of Oregon, LLC, System Pavers Marketing, Inc., and effective April 30, 2019, System Pavers of Texas, LLC (collectively, the Company) who have three consecutive months of service by the next entry date and, effective April 9, 2018, are scheduled to work over 1,000 hours during a Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance and reports.

The Plan was amended, effective January 1, 2019, to implement hardship distribution provisions of the Bipartisan Budget Act of 2018.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan agreement, on a pre-tax basis, an after-tax basis (Roth 401(k)), or a combination of both. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan on their entry date unless they affirmatively make a deferral election or elect not to participate in the Plan. The deferral rate for automatically enrolled participants is set at 3% of eligible compensation and the contributions are invested in an age appropriate Vanguard Target Retirement Fund until changed by the participant. Each year, the Company may elect to make, solely at its own discretion, matching and profit sharing contributions. For the years ended December 31, 2019 and 2018, the Company matched 30% of the first $1,000 of the participant's deferral. The Company made no profit sharing contributions for the years ended December 31, 2019 and 2018. Participants direct contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on the participant's years of service, as defined. A participant is 100% vested after five years of credited service.

1. Description of the Plan (Continued)

Notes receivable from participants

Active participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant's vested account balance. The interest rate, determined at the time of the loan, is set at 2% above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions. For the year ended December 31, 2019, interest rates on participant loans ranged from 4.25% to 7.50%. For the year ended December 31, 2018, interest rates on participant loans ranged from 4.25% to 7.25%.

Liabilities

Net assets available for benefits at December 31, 2019, include $66,934 allocated to the accounts of persons who as of or prior to that date had withdrawn from participating in the earnings and operations of the Plan. The $66,934 is payable to the former participants in January 2020.

Payment of Benefits

On termination of service due to death, disability, retirement, or other severance of employment, a participant or beneficiary may elect to receive the vested interest in his or her account in a lump-sum amount or partial lump-sum amounts. Participants may also elect to rollover their accounts to other tax deferred accounts or remain in the Plan until they are legally required to begin taking distributions. In-service distributions are permitted at age 59 ½ and financial hardship withdrawals are available to participants who meet the requirements, as defined, for such withdrawals. The Plan may make mandatory complete distributions following severance from employment for participants with vested account balances up to $5,000.

Forfeited Accounts

Upon termination of employment of a participant, any non-vested portion of Company contributions is forfeited. At December 31, 2019 and 2018, the balances in forfeited accounts totaled $43,609 and $49,226, respectively. These accounts are used to pay future administrative expenses and to reduce future Company contributions. During 2019 and 2018, $20,478 and $22,781, respectively, of Plan expenses were paid from the forfeited accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan Management determines the Plan's valuation policies utilizing information provided by the investment advisor and the asset custodian and Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Nonpayment of loans is considered a default and treated as a deemed distribution.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

In March of 2020, the World Health Organization characterized a novel strain of coronavirus (COVID-19) as a pandemic. Although Plan Management is continuing to monitor and assess the effects of the pandemic on the Company's business and its Plan, the ultimate impact of COVID-19 is highly uncertain and subject to change. The Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) is federal legislation that addresses qualified retirement plans in response to COVID-19. Plan Management has elected to adopt applicable provisions of the CARES Act into the Plan Agreement.

Plan Management has evaluated subsequent events through October 15, 2020, the date the financial statements were available to be issued.

3. Information Certified by the Plan's Asset Custodian and Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, LT Trust Company, the asset custodian and Trustee of the Plan, has certified to the completeness and accuracy of the following information, which is included in the financial statements as of and for the years ended December 31, 2019 and 2018, and the supplemental schedule at December 31, 2019:

	2019	2018
Cash	$ 242,468	$ 128,394
Investments at fair value	8,196,214	6,828,808
Net appreciation (depreciation) in fair value of investments	1,382,307	(663,125)
Dividends	188,300	186,257
Interest income	4,203	1,228

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds and exchange-traded funds: valued at the daily closing price as reported on the active market on which the individual securities are traded. The mutual funds and exchange-traded funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

5. Party-in-Interest Transactions

Certain Plan investments are managed by the asset custodian and Trustee of the Plan. Transactions with such investments qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA. Additionally, notes receivable from participants are considered exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

7. Tax Status

The IRS has determined and informed CCH Incorporated d.b.a. FTWilliam.com (CCH) by letter dated March 31, 2014 that the Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement, offered by CCH and adopted by the Plan, is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and Plan Management believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of and for the years ended December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.
