Notes to Financial Statements

As of December 31, 2019 and 2018
and for the year ended December 31, 2019

1. Description of the Plan

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust (the “Plan”) is a defined contribution plan covering substantially all eligible employees of Fat Quarter Shop LLC (the “Company” or “Plan Sponsor”). The Plan became effective January 1, 2008 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by Transamerica Financial Life Insurance Company (“Transamerica”). Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Plan Amendments

Effective January 1, 2019, the Plan was amended to increase the safe harbor matching contribution to the sum of 100% of the first 4% of each participant’s eligible Plan Compensation on an annual basis.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the completion of three months of service, as defined. Employees are eligible to participate in the Plan beginning the first of the month coinciding with or next following their eligibility date. Collectively bargained employees, non-resident aliens without U.S. income, and leased employees are not eligible to participate in the Plan.

Contributions

Participants are allowed to make elective pre-tax or Roth contributions to the Plan, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Company makes contributions to the Plan of amounts determined and authorized by the Plan and the Company’s Board of Directors up to the maximum amounts permitted by the IRC. Beginning January 1, 2019, the Company makes safe harbor matching contributions based on each participant’s contribution; the Company matches 100% of deferrals up to 4% of a participant’s eligible compensation. The Company may also make discretionary non-elective contributions. No discretionary non-elective contributions were approved or made for 2019.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in employer safe harbor contributions, their contributions, including rollover contributions, plus actual earnings thereon. A participant is 100% vested upon death or disability. Vesting in the Company's discretionary non-elective contributions, plus actual earnings thereon, is based on years of credited service, as defined, subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 2 years	0 %
2 years	20 %
3 years	40 %
4 years	60 %
5 years	80 %
6 years and more	100 %

Forfeitures

Non-vested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service. Forfeitures are retained in the Plan and used either to pay Plan administrative expenses or to reduce employer contributions. Forfeitures and related activity were not significant as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum of i) \$50,000 or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 2%. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in lump-sum form. In general, if a participant's employment is terminated other than due to retirement or death, the participant may not receive a lump sum distribution of their vested account balance prior to normal retirement, with the participant's consent. Participant account balances that are less than \$5,000, but in excess of \$1,000 (the involuntary cash-out amount) will be paid as a direct rollover to an individual retirement account. However, regardless of participant election as to the payment, the Plan may, upon termination of service of a participant for any reason, pay the benefits owed in a lump sum if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan Agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS). Effective January 1, 2019, in accordance with the Bipartisan Budget Act of 2018 (BBA), the provisions specified in the Plan were modified to remove the six-month suspension on employee contributions after a hardship withdrawal and the requirement to obtain a loan prior to a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies using information provided by investment advisers, the custodian, and the insurance company. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Interest and dividend income is not broken out from net appreciation of investments, but these amounts are not expected to be material. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 15, 2020, the date the financial statements and supplemental schedules were available to be issued. See specific subsequent events disclosed in Note 7.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

- *Pooled separate accounts:* Pooled separate accounts (PSAs) are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The net asset value (NAV) of a PSA is based on the market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments, at fair value, that are valued using NAV as a practical expedient totaled \$2,019,729 and \$1,443,231 as of December 31, 2019 and 2018, respectively.

4. Transamerica Stable Value Option

The Plan invests in a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The contract provides for a stable value fund under a group annuity contract with Transamerica under their Stable Value Option investment choices. The Transamerica Stable Value Option investment choices are backed by the general account of Transamerica.

While Transamerica declares rates periodically and backs the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company. This investment choice is not guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. The account is credited with earnings and charged for participant withdrawals, administrative expenses, and contract charges, as appropriate.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

4. Transamerica Stable Value Option (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. These investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity.

As described in Note 2, because the fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefit attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Although plan participants generally may withdraw assets from the Stable Value Option investment choice without restrictions, Transamerica may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (i) complete or partial plan termination; (ii) changes to plan's investment options; or (iii) sale of a division of the plan sponsor, corporate layoff of early retirement program. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

5. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2019.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

6. Related-Party and Party-in-Interest Transactions

Plan assets include investment in funds managed by Transamerica and notes receivable from participants. Transamerica serves as the Plan's custodian and as such, these transactions qualify as party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

7. Subsequent Events

On March 11, 2020, the World Health Organization declared a novel strain of coronavirus ("COVID-19") a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. This virus has resulted in worldwide government restrictions on the movement of people, goods, and services resulting in an economic downturn. As a result, the fair value of investments and the related net assets available for benefits have experienced increased levels of volatility. There is significant uncertainty around the duration and the overall impact on economic and market conditions. Due to this uncertainty, the impact of COVID-19 on the Plan's investment portfolio cannot reasonably be estimated; however, this disruption may have a significant impact on the Plan's financial position and results for 2020.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") became law on March 27, 2020. The CARES Act includes several relief provisions available to qualified retirement plans and their participants including, among other things, penalty free hardship withdrawal, increase in loan limits, and up to one-year loan suspensions. As part of the CARES Act, a qualified participant may elect to take a penalty-free Coronavirus Related Distribution (CRD) from 401(k) plans up to \$100,000, not to exceed the participant's vested balance. CRD distributions are available from March 27, 2020 through December 31, 2020.

Optional features within the CARES Act have not been implemented to date. Written amendments to the Plan to enact optional provisions of the CARES Act will be adopted at a later date in accordance with applicable law and IRS guidance.

8. Income Tax Status

The Plan adopted a volume submitter plan document that received an advisory letter from the IRS on March 31, 2014. The advisory letter stated that the volume submitter plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2020-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the current IRS advisory letter. The Plan has adopted other discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

Fat Quarter Shop LLC 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements (continued)

8. Income Tax Status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, and for the year ended December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

During the year ended December 31, 2019, the Plan administrator determined that certain operational errors existed with respect to the Plan. The Plan Sponsor is in the process of quantifying and correcting these operational errors in accordance with applicable IRS guidelines in order to maintain the Plan's continued qualified status.

9. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2019 and 2018, the Company failed to remit to the Plan's custodian certain employee contributions totaling \$7,398 and \$33,160, respectively, within the period prescribed by DOL regulations. Delays in remitting contributions to the custodian were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator is in the process of taking corrective action in 2020, including payment of lost interest.
