NOTE A - DESCRIPTION OF PLAN

The following description of the Marlins Teamco LLC 401(k) Plan (the "Plan"), provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established by the Plan Sponsor, Florida Marlins, L.P. (the "Company" and "Plan Sponsor") on February 16, 2002. The Plan is a defined contribution plan covering employees of the Company and Marlins Stadium Operator, LLC over the age of 21 with at least one year of service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On November 11, 2011, the Plan Sponsor changed its legal name from Florida Marlins, L.P. to Miami Marlins, L.P. In conjunction with the name change of the sponsor, the legal name of the Plan was changed from Florida Marlins, L.P. 401(k) Plan to Miami Marlins, L.P. 401(k) Plan.

The Plan was amended effective July 1, 2013 to allow the Company to make matching contributions. Effective July 1, 2018, the Plan was further amended to allow for the Company to make matching contributions at its discretion subject to certain limitations. These contributions are to be allocated to participants as specified in the Plan document. Company contributions will be contributed to the Plan each pay period based on participants' eligible compensation. The Company will contribute an automatic 3% of participants' eligible compensation ("Automatic Contributions"), and will match 50% of the first 6% of the participants' eligible contribution that is contributed to the Plan ("Matching Contributions").

On October 2, 2017, the Plan Sponsor changed its legal name from Miami Marlins, L.P. to Marlins Teamco LLC. In conjunction with the name change of the Plan Sponsor, the legal name of the Plan was changed from Miami Marlins, L.P. 401(k) Plan to Marlins Teamco LLC 401(k) Plan.

Change in Record Keeper and Trustee

Effective December 7, 2019 the Plan changed the record keeper and trustee from John Hancock Life Insurance Company (USA) ("John Hancock") to Principal Financial Group ("Principal"). John Hancock and Principal are collectively referred to as "Trustees".

Contributions

Eligible participants are automatically enrolled in the Plan at 3% deferral percentage. Participants may elect to have the Company defer a percentage of their eligible wages with an annual limit of $19,000 in 2019. Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). Additionally, any employee who reaches age 50 during the 2019 calendar year is eligible to contribute an additional "catch-up" contribution up to an Internal Revenue Service (the "IRS") maximum of $6,000.

Participant Accounts

Each participant's account is credited with the elective deferral contribution and an allocation of the Company's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations of the Plan's earnings are based on participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their contributions and the earnings thereon as well as for Automatic Contributions. Participants vest in Matching Contributions as follows:

Years of Service	Percentage Vested
Less than 3	0%
3 years	100%

Forfeitures

Forfeitures of non-vested account balances of the Company contributions are retained by the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used by the Company to reduce future Company contributions payable under the Plan. As of December 31, 2019 and 2018, there were approximately $8,300 and $0 of unallocated forfeitures, respectively. During 2019 approximately $6,700 of forfeitures were used to offset the Company match.

Investment Options

Participants direct the investment of their contributions plus actual earnings thereon into various investment options offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

Under the terms of the Plan, a participant may borrow a minimum amount of $1,000 and up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balance in the participant's account. The loans bear interest at rates commensurate with local prevailing rates at the date of issuance, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. There is no restriction as to the number of participant loans that are allowed to be outstanding at any time. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. For the years ended December 31, 2019 and 2018, interest rates on participant loans ranged from 3.25% to 6.50% and 3.25% to 5.25%, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant (or the participant's beneficiary) may elect to receive an amount equal to the value of the vested interest in a lump-sum payment. Participants may also withdraw funds from their account when they reach the age of 59½ or in the event of financial hardship.

Upon termination of service, vested amounts of $5,000 or less are automatically distributed to the participant or rolled over to another qualified plan at the request of the participant. Vested amounts exceeding $5,000 in such terminated participant's accounts are maintained until retirement, disability, or death unless the participant elects to receive the entire vested amount in a lump-sum payment or has a direct rollover to another qualified plan. Payment will occur within one year of such election. The Company allows participants, upon their retirement, to receive distributions of their vested amounts in a lump-sum payment. Benefits are recorded as deductions from net assets available for benefits when paid.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities in general are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Guaranteed Investment contract, a fully benefit-responsive investment contract, which is stated at contract value. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts held by Trustees are valued at contract value, which represents contributions, reinvested income, less any withdrawals plus accrued interest. Contract value is a relevant measure for that portion of the net assets available for benefits for a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Administrative Expenses

The Company pays most administrative expenses associated with the Plan. Expenses relating to Plan investments are paid by the Plan and borne on a pro-rata basis by each participant. Expenses paid by the Plan were $31,578 for the year ended December 31, 2019.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures for Financial Assets and Liabilities (ASC 820)*, which defines fair value as an exit price, representing that amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability.

As a basis for considering such assumptions, ASC 820 established a three-level fair value hierarchy that prioritizes the inputs used to measure fair value.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts are valued at the net asset value ("NAV") or equivalent based on units of the pooled separate accounts. The NAV, as provided by the Trustees, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 11,917,416	$ -	$ -	$11,917,416
Total investments in the fair value hierarchy	$11,917,416	$ -	$ -	
Investments measured at NAV				87,413
Total investments at fair value				$12,004,829

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
	$ -	$ -	$ -	$ -
Total investments in the fair value hierarchy	$ -	$ -	$ -	
Investments measured at NAV				8,211,934
Total investments at fair value				$ 8,211,934

NOTE D - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (PRINCIPAL LIFE INSURANCE COMPANY AND JOHN HANCOCK)

The Guaranteed Interest Accounts ("Guaranteed Interest Accounts") with Principal Life Insurance Company, a member of the Principal Financial Group, and John Hancock are group annuity contracts that provide for a book value record of the amounts deposited to and withdrawn from the Guaranteed Interest Accounts. The Guaranteed Interest Accounts are at all times equal to the contributions made to the contract plus interest credited, plus dividends minus expenses and withdrawals made in the account. Contributions to the Guaranteed Interest Accounts are currently invested in a broadly diversified fixed income portfolio within each insurance company's general account.

The Guaranteed Interest Accounts are fully benefit-responsive. The insurance companies issue the Guaranteed Interest Account group annuity contracts and guarantees the return of principal plus accrued interest. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) Plan amendment or change in administrative practices, which the issuer determines could adversely affect the contract's financial experience; (2) changes are made to the Plan's prohibition on competing investment options; or (3) another savings program, pension or profit sharing plan is established to which Plan participants are eligible to contribute by payroll deduction. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Guaranteed Interest Accounts are included at contract value in participant-directed investments in the statements of net assets available for benefits at December 31, 2019 and December 31, 2018.

Trustees are contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Trustees and are reviewed on a semi-annual basis for resetting. Transfers to competing funds must go through a non-competing investment option for at least 90 days.

The contract interest rates for December 31, 2019 and 2018:

	2019	2018
Contract interest rate	2.15%	-
3 year contract interest rate	-	1.58%
5 year contract interest rate	-	1.80%

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan, subject to the provisions of ERISA. If the Plan should be terminated, the participants' rights to their accrued benefits are nonforfeitable.

NOTE F - TAX STATUS

The Company adopted a Prototype Non-Standardized Profit Sharing Plan with a deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on August 8, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the opinion letter. Plan management believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, accordingly, is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee's or their affiliates and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative expenses of the Plan are paid by the Company. Notes receivable from participants are considered party-in-interest transactions, because they are transacted with Plan participants.

NOTE H - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustees certified that the following data included in the financial statements and supplemental schedule are complete and accurate:

a. Investments, at fair value and contract value and notes receivable from participants, as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.

b. Net investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019.

c. Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the Trustees to the related information included in the financial statements and supplemental schedule.

NOTE I - SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared the COVID-19 outbreak to be a global pandemic. In addition to the devastating effects on the human life, the pandemic is having a negative ripple effect on the global economy, leading to disruptions and volatility in the global financial markets. There are no comparable events that provide guidance as to the effect the COVID-19 pandemic may have on the Plan's assets and operations, and, as a result, the ultimate effect of the pandemic is highly uncertain and subject to change.

On March 27, 2020, the Coronavirus, Aid, Relief and Economic Security Act (the "CARES Act") was signed into law in an effort to provide economic assistance to workers, families and businesses. The CARES Act also includes relief provisions available to tax-qualified retirement plans and their participants. The Plan adopted some of the changes permitted by the CARES Act, including permitting coronavirus-related distributions.

Effective June 15, 2020, the Plan temporarily suspended the Automatic Contributions and Matching Contributions.

The Plan evaluated its December 31, 2019 financial statements for subsequent events through October 14, 2020, the date the financial statements were available to be issued.
