Note 1 – Description of Plan

The following description of the Southwest Protective Services 401(k) Profit Sharing Plan (the "Plan") provides only general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Southwest Protective Services 401(K) Profit Sharing Plan is a contributory savings plan under Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan sponsor is Southwest Protective Services ("SPS" or the "Company"). The Plan began effective January 1, 2016 and was amended and restated effective January 1, 2018.

Plan Operations and Department of Labor Investigation and Subsequent Event

In 2016, the Plan was established and originally set up with and administered by Paychex, Inc ("Paychex") who also processed the Company's payroll. The 401(k) contributions of employees were automatically withdrawn from the Company bank account and deposited with the Plan custodian by Paychex. In October 2016, the Company changed its payroll processor and the transfer of employee contributions was no longer withdrawn and remitted to the custodian unbeknownst to the Company. This error was not discovered and addressed until brought to the Company's attention by participants in 2018. During this timeframe, Paychex was still contracted to be the administrator of the Plan. The Company never received any notice from the custodian or Paychex regarding the lack of contributions or discontinuance of automatic transfers to the Plan. Because of this failure to monitor the Plan properly, the Company changed the Plan Trustee in late 2018 and began unraveling the Plan issues caused by the change in payroll processors and correcting participant contributions that were never remitted to the Plan. The late contributions that had not been transferred to the Plan were corrected in 2019. (See Note 10).

In May 2019, the Department of Labor ("DOL") began an investigation into the Plan because of the issues described above. The investigation ultimately resulted in a notice that found the Plan administrator and fiduciary of the Plan to be in breach of their fiduciary obligations to the Plan because of prohibited transactions and that several provisions of the ERISA regulations were violated. These violations include delinquent and unremitted Employee contributions, failure to have a Fidelity Bond, the failure to file an accurate Form 5500 and the failure of the Company to issue Summary Annual Reports ("SAR") to the plan participants.

In 2019 and 2020, the Company made the necessary corrections to the Plan, obtained a Fidelity Bond, filed accurate Form 5500's, provided SAR reports to the participants and filed Form 5330 and paid excise tax related to the prohibited transactions that occurred. Because of the corrective actions taken, the DOL has closed its investigation.

Trustee, Plan Administration and Recordkeeping

The Plan is administered by the Company. The Company has contracted with Unified Trust Company ("Trustee" or "Unified") to serve as the Trustee of the Plan and also the contract administrator of the Plan. Unified holds the Plan investment assets and executes investment transactions and has been given all powers necessary to carry out its duties, including, but not limited to, the power to administer and interpret the Plan, to answer all questions affecting eligibility of participants in the Plan and to authorize disbursements for the payment of Plan benefits. The Plan was previously administered by Paychex and the assets held by Paychex were transferred to Unified in 2018.

Participant Eligibility

The Plan is a profit sharing plan covering all full-time employees who are age twenty-one or older and are not covered by a collective bargaining agreement. There is a one-year service requirement to participate in the Plan. The age and service requirements were waived for all employees employed on February 4, 2016 at the inception of the Plan. Once employees reach eligibility, they may enroll in the Plan beginning on the next enrollment date of either January 1 or July 1. Automatic plan enrollment began for employees eligible to enter the Plan after October 1, 2018. The enrollment elections of existing employees prior to October 1, 2018 remain in effect.

Contributions

Eligible employees may elect to defer from 1% to 100% of their pre-tax annual compensation as defined in the Plan. Additionally, participants may contribute after tax Roth 401(K) deferrals. The maximum employee deferral permitted by the Internal Revenue Service for the year 2018 was $19,000. Additionally, participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions up to $6,000.

Prior to a Plan amendment effective October 1, 2019, the Plan provided that eligible participants were automatically enrolled in the Plan at a 3% deferral rate. The Plan also had a provision to increase participant deferrals 1% annually effective January 1 of each plan year. The Plan was amended to remove both of these provisions (see Note 11).

The plan sponsor may make matching contribution equal to a uniform percentage of the salary deferrals at the Employers discretion. In addition, the Company may also make a discretionary profit sharing contribution to the Plan. There was no employer contribution to the Plan for the year ended December 31, 2019 and 2018.

Participant Accounts

Each participant's interest in the Plan is maintained in three sub-accounts within one main account. These sub-accounts are a Pre-tax deferral account, a Roth deferral account and a rollover account. The sub accounts are credited with the appropriate contributions and any earning and/or losses resulting from the investment of those contributions. Additional accounts will be set up for employer contributions should those occur.

Vesting

Participants are immediately vested in their voluntary contributions, the safe harbor contributions and the employer matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contribution portion or the Profit Sharing contribution is based on years of continuous service. A participant is 100% vested after six years of service. The vesting schedule is described as follows:

Years of Service	Vested %
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 years or more	100%

Notwithstanding the above, if a participant (1) attains the age of 65, (2) dies or (3) terminates employment by reason of permanent disability, the employer contribution amounts become 100% vested without regard to years of service.

Notes Receivable from Participants

Effective October 1, 2018, loans to participants are no longer available. There were no outstanding loans prior to this date.

Payment of Benefits

Upon termination due to death, normal retirement or permanent disability, participants or their beneficiaries in cases of death, may elect to receive their vested account balance as a lump-sum distribution, in installments over a period of not more than their assumed life expectancy, in a partial withdrawal of at least a $1,000 per occurrence or in accordance with required minimum distribution requirements once a participant reaches age 70½.

Pre-retirement distributions are allowed upon either attaining age 59 ½ or experiencing a financial hardship as defined by the Internal Revenue Code. Such withdrawals are subject to applicable excise and income taxes, and may only be made at the approval of the Plan Administrator.

Forfeitures

Participants who are not 100% vested will forfeit the non-vested portion of any Employer matching or profit sharing contribution upon termination of employment. As there have not been any Employer contributions, there were no forfeitures as of December 31, 2019 and 2018.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. The Plan paid expenses totaling $434 in 2019 and $48 in 2018, which are included in the Statement of Changes in Net Assets available for Plan Benefits. Special expenses like distribution fees and hardship withdrawal fees are covered by the particular participant using the service.

The administrative expenses paid by the Company which are excluded from these financial statements totaled approximately $13,567 and $1,639 for the Plan years ending December 31, 2019 and 2018, respectively.

Plan Amendments

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and has been amended as required to comply with current provisions of ERISA. The most recent amendment to the Plan was effective as of October 1, 2019.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. The Trustee determines the value of investments based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date quoted market prices. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid. Benefits due to terminated employees are not an obligation of the Plan until requested by the employee. Net assets available for Plan benefits may contain amounts allocated to accounts of persons who have withdrawn from participation in the earnings and operations of the Plan and have requested distributions at December 31, 2019 and 2018.

Date of Management's Review

Management has evaluated its December 31, 2018 financial statements for subsequent events through October 15, 2020 which is the date the financial statements were available to be issued.

Note 3 – Certified Financial Information

The financial information included in the Plan's financial statements as it relates to investments assets, investment transactions, investment income, the supplemental schedule of assets held at end of the year have been derived from information certified as complete and accurate by Unified for the 2019 and 2018. While Paychex was the custodian of the Plan for a portion of the year, the Unified Trust Certification covers the entire year of 2018. This information was not audited, in accordance with the Plan Administrators Instructions and, as permitted by Section 29 CFR 2520.103-8 of the Departments of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Participants may direct contributions and any related earnings into various different investment options. Participants may elect to transfer between investment options all or a portion of their account balance as frequently as allowed by the investment manager.

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets available for Plan Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market process for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when the Level 1 or Level 2 inputs were not available.

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan the ability to access.

Level 2

Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3

Inputs to the valuations methodology are unobservable and significant to the fair value measurement

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds are valued at the exchange traded closing prices provided by Interactive Data Corporation and are considered Level 1 inputs.

Common Collective Trusts

Unified Trust Company Wealth Preservation Funds are held in Common Collective Trusts and are valued by Huntington Assets Services, Inc based upon exchange traded securities whose net asset values are aggregated and combined with stated fees through these procedures to arrive at the Fair Market Value and are considered to be Level 2 inputs.

Stable Value Trust

Unified Trust Company Stable Value Trust is a collective investment trust holding a fully benefit responsive group annuity contract with MetLife that is valued at Net Asset Value ("NAV"). The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the

investment for an amount different from the reported net asset value and are not categorized in the Fair Value Hierarchy.

The following sets forth, by level within the Fair Value Hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements Using:		
	Level 1	Level 2	Total
December 31, 2019			
Mutual Funds	$ 32,576	$ -	$ 32,576
Common Collective Trust	-	41	41
Total assets in the fair value hierarchy	32,576	41	32,617
Investments measured at net asset value*			8,033
Total			$ 40,650
December 31, 2018			
Mutual Funds	$ 9,767	$ -	$ 9,767
Common Collective Trust	-	36	36
Total assets in the fair value hierarchy	9,767	36	9,803
Investments measured at net asset value*			2,606
Total			$ 12,409

*In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV have not been classified in the fair value hierarchy. The Plan's Net Asset Value practical expedient are composed of a Common Collective Trust, which has no unfunded commitments, is measured daily and may be redeemed daily with no restriction related to the redemption notice period.

Gains and losses (realized and unrealized) included in Statement of Changes in Net Assets available for Plan Benefits for the year ended December 31, 2019 and 2018 are reported in net depreciation in fair value of investments.

Note 5 – Parties-in-Interest

In 2019 and 2018, certain Plan investments may be included in investment accounts managed by Unified. Unified is the Plan investment advisor as contracted by the Plan and, therefore, these transactions may qualify as parties-in-interest. There was $434 and $48 of investment expenses paid to Unified in 2019 and 2018, respectively.

Note 6 – Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500:

Note 7 – ERISA Bond and subsequent event

For the years ended December 31, 2019 and 2018, the Company did not have an ERISA Bond in place for the Plan. In February 2020, the Plan obtained the required ERISA fiduciary bond.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 9 – Tax Status

The Plan has received an opinion letter from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positon that more likely than not would not be sustained upon examination by the taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain tax positions takes or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 10 – Failure to Transmit Contributions Timely and Subsequent Event

The Plan failed to timely remit participant contributions to the Plan in 2016, 2017, 2018, and 2019 per ERISA regulations. The 2016 late contributions totaled $1,532 and were remitted to the Plan in 2019. The 2017 late contributions totaled $7,153 and were remitted to the Plan in 2019. The 2018 late contributions totaled $7,326 and were remitted to the Plan in 2019. The 2019 late contributions totaled $334 and were remitted to the Plan in 2019. The lost participant earnings were calculated for 2016, 2017, 2018 and 2019 were restored in 2019 and the Plan filed a Form 5330 and paid excise tax related to the late contributions.

Note 11 – Failure to implement Automatic deferral increase

The Plan agreement required automatic deferral increases effective January 1 of every year. It does not appear that this increase took place for those participants that had not opted out of this increase effective January 1, 2019. The Company is researching this matter and intends to make any corrections necessary to comply with the Plan agreement. Effective, October 1, 2019 the Plan was amended to remove this automatic deferral increase.

Note 12 - Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the various risk factors in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Participants may invest in certain mutual fund accounts that invest in the securities of foreign companies, which involve special risks and considerations not typically

associated with investing in United States companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those securities of comparable United States companies.

Note 13- Subsequent Event

Subsequent to the date of the statement of net assets available for benefits, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. This contagious disease outbreak has continued to spread across the globe and is impacting worldwide economic activity and financial markets. As of the date of the issuance of the financial statements the extent of the impact of the pandemic on the Plan's investments and the amounts reported in the 2019 Statement of Net Assets Available for Benefits cannot be predicted at this time.

The Plan has, or is in the process of implementing provision of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act") which was signed into law on March 27, 2020 as well as Setting Every Community Up for Retirement Enhancement Act (the "SECURE" Act") which was signed into law on December 19, 2019 , effective January 1, 2020.
