Kensington Vanguard Holdings, LLC Profit Sharing Plan

Notes to Financial Statements December 31, 2019

Note 1 - Description of Plan

The following description of the Kensington Vanguard Holdings, LLC Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Kensington Vanguard Holdings, LLC and affiliated entities (collectively, the "Company"). Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC ("Great-West") are the Plan's custodians. Employees are eligible to participate in the Plan after the completion of three months of employment and are able to enter the Plan on the first day of each quarter following the date the requirements are met. The Plan excludes those employees who are non-resident aliens, covered by a collective bargaining agreement or are part-time, temporary or seasonal employees who work less than 1,000 hours of service. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan was restated on January 1, 2016 to implement safe harbor contributions and on January 1, 2018 as a volume submitted plan to bring the Plan into compliance with the Pension Protection Act restatement requirement.

Contributions

Each year, participants may contribute a specific percentage or dollar amount of their pretax salary as determined by the participant (excluding fringe benefits, bonuses and commissions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes safe harbor contributions to the Plan for all eligible employees equal to 100% of each participant's elective deferrals up to 3%, plus 50% of the next 2% of the participant's elective deferrals.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and safe harbor contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Kensington Vanguard Holdings, LLC Profit Sharing Plan

Notes to Financial Statements December 31, 2019

Vesting

Participants are vested immediately in their contributions, employer safe harbor contributions and actual earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on periods of service according to the vesting table below:

<u>Periods of Service</u>	<u>Vested Percent</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are credited with a period of service for each 12-month period from the date of employment until the date they terminate employment.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest rates that range from 5.75% to 6.50%, which are determined as 1% over the Prime Rate in the Wall Street Journal on the first business day of the month before the loan is originated. Loan repayments are not to exceed five years. However, loans to for the purchase of a primary residence can be repaid over a period of up to 15 years. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of benefits

Participants are entitled to distributions of their vested benefits upon retirement, death disability, termination of employment or termination of the Plan. Upon retirement, distributions may be taken in whole or in part at the election of the participant. Upon separation from service other than for retirement, the entire vested account balance is distributed to the participant when requested by the participant.

Forfeited accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$6,135 and \$6,063, respectively. These accounts will be used to reduce future employer safe harbor contributions. In 2019, no forfeitures were used to reduce employer safe harbor contributions.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. In 2019 and 2018, the Plan invested in a guaranteed investment contract, which is considered fully-benefit responsive. The statement of net assets available for benefits presents the investment contract at

Kensington Vanguard Holdings, LLC Profit Sharing Plan

Notes to Financial Statements December 31, 2019

contract value, which approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis for guaranteed investment contracts.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-response investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board's Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Kensington Vanguard Holdings, LLC Profit Sharing Plan

Notes to Financial Statements December 31, 2019

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued using the net unit value, which is based on the fair value of the underlying assets of the account.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

2019				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value ("NAV") (a)	\$ -	\$ -	\$ -	\$ 1,772,180
Total investments at fair value	\$ -	\$ -	\$ -	\$ 1,772,180
2018				
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value ("NAV") (a)	\$ -	\$ -	\$ -	\$ 1,108,338
Total investments at fair value	\$ -	\$ -	\$ -	\$ 1,108,338

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Kensington Vanguard Holdings, LLC Profit Sharing Plan

Notes to Financial Statements December 31, 2019

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions or redemption notice period for these investments.

December 31, 2019				
	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Pooled separate accounts	\$ 1,772,180	None	Daily	None
December 31, 2018				
	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency (if currently eligible)</u>	<u>Redemption notice period</u>
Pooled separate accounts	\$ 1,108,338	None	Daily	None

Note 4 - Fully benefit-responsive investment contract

The Plan entered into a fully benefit-responsive traditional investment contract with Great-West Life and Annuity Insurance Company ("Great-West"). With a traditional investment contract, the Plan owns only the contract itself. The traditional investment contract held by the Plan is a guaranteed investment contract. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. At December 31, 2019 and 2018, the contract value of the fully benefit-responsive traditional guaranteed investment contract was \$468,326 and \$369,197, respectively.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive traditional investment contract is dependent on Great-West's ability to meet its financial obligations. Great-West's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Kensington Vanguard Holdings, LLC Profit Sharing Plan

Notes to Financial Statements December 31, 2019

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Great-West and that also would limit the ability of the Plan to transact at contract value with the participants.

The guaranteed investment contract does not permit Great-West to terminate the agreement prior to the scheduled maturity date.

Note 5 - Related party transactions and party-in-interest transactions

Certain Plan investments were invested in funds managed by Great-West Trust Company LLC. Great-West is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax status

The underlying volume submitter plan had received an opinion letter from the IRS dated July 31, 2015, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and is tax-exempt. In accordance with Revenue Procedures 2015-6 and 2-15-36, the Company had determined that it is eligible to and had chosen to rely of the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification status. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2019 and 2018, and investment income and interest income on notes receivable from participants for the year ended December 31, 2019, that is disclosed in the accompanying financial statements and supplemental

Kensington Vanguard Holdings, LLC Profit Sharing Plan

Notes to Financial Statements December 31, 2019

schedule, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodians of the Plan.

Note 10 - Subsequent events

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred domestically in the United States and globally, including mandates from federal, state and local authorities, leading to an overall decline in economic activity. The continuation of the effects of COVID-19 could result in significant disruption of global financial markets, however, the ultimate impact of COVID-19 on the financial performance of the Plan's investments cannot be reasonably estimated at this time. Due to COVID-19, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was enacted in 2020. Portions of the CARES Act make changes to existing law including changes related to the amount and circumstances permitting penalty-free distributions. Plan Management intends to evaluate the CARES Act to determine if changes to the Plan are necessary as a result.
