INDEPENDENT AUDITOR'S REPORT

The Board of Directors of Anixter Inc. and the
Trustees of the Anixter Inc. Pension Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Anixter Inc. Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by BNY Mellon Trust Company of Illinois, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2019, and the schedule of reportable transactions for the year ended December 31, 2019, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Anixter Inc. Pension Plan

Notes to Financial Statements

Note 1. Description of Plan

General

The Anixter Inc. Pension Plan (the “Plan”) is a defined-benefit plan providing retirement benefits to substantially all non-union domestic employees of Anixter Inc., and participating subsidiaries (collectively, the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Participants should refer to the Summary Plan Description and Plan agreement for a complete description of the Plan’s provisions.

During 2015, the Employer took two actions relating to the Plan. First, the plan was frozen to new hires, rehires, and employees of related companies of the Employer that have not yet adopted the Plan on or before July 1, 2015. The Employer will make an annual contribution to the Employee Savings Plan on behalf of each active participant who is first hired or rehired on or after July 1, 2015, or is not participating in the Pension Plan. The amount of the Employer annual contribution to each active participant's account will be an amount determined by multiplying the participant's salary for the Plan year by either: (1) 2% if such participant's years of service as of August 1 of the Plan year is fewer than five, or (2) 2.5% if such participant's years of service as of August 1 of the Plan year is five or greater. This contribution is in lieu of being eligible for the Plan.

Second, the Plan was amended to allow for terminated employees of the Employer's former Fastener business to become immediately vested, if they were hired before February 12, 2015 and are not already fully vested.

Contributions

The Plan's funding policy is for the Employer to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. Contributions to the Plan by the Employer for the funding of current and past service cost of benefits are determined by the Plan’s actuary.

In 2019 and 2018, the Employer made no cash contributions due to its overfunded status. The Plan has met the minimum funding requirements of ERISA during 2019 and 2018.

Pension Benefits

Pension benefits under the Plan are as follows:

Anixter Inc. Pension Plan

Notes to Financial Statements (continued)

- Employees hired before June 1, 2004 will receive the grandfathered pension benefit. The amount of the benefit is based on a formula that uses their final average salary, social security covered compensation and continuous service through December 31, 2013 (or if earlier, their date of termination).
- For employee first hired on or after June 1, 2004 but prior to July 1, 2015, benefits are based on a personal retirement account that is credited annually with a contribution based on years of continuous service and salary.
- For employees hired before June 1, 2004 who work through January 1, 2014, or who are terminated and rehired on or after June 1, 2004 but prior to July 1, 2015, benefits are based on a combination of the grandfathered pension benefit and the personal retirement account.
- Employees hired on or after July 1, 2015 accrue no benefits under the Plan. Employees rehired on or after July 1, 2015 only participate with respect to benefits accrued prior to such date.

Vesting

Participants who were hired prior to June 1, 2004 vested after five years of service and participants hired thereafter vest after three years of service only if they terminated after January 1, 2011. Previously, employees hired after June 1, 2004 needed to have five years of service.

Plan Termination

While the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth under ERISA. In the event the Plan terminates, the assets of the Plan will be liquidated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits under the Plan. There are limits on the amount of this priority.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC") up to the applicable limit.
- c. All other vested benefits.
- d. All nonvested benefits.

In the event of liquidation, each affected participant shall have a fully vested and nonforfeitable right to their benefits then accrued under the Plan. Participants should refer to the Plan agreement for details regarding Plan termination.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the valuation policies utilizing information provided by the trustee and investment adviser. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Plan Fees and Expenses

Management and trustee fees, actuarial fees, certain legal and consulting fees related to the administration of the Plan and PBGC premiums are paid by the Plan.

Actuarial Value of Accumulated Plan Benefits

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries; (b) beneficiaries of employees who have died; and (c) present employees or their beneficiaries.

Anixter Inc. Pension Plan

Notes to Financial Statements (continued)

For those employees hired before June 1, 2004, benefits for active, retired, or terminated employees or their beneficiaries are generally based on employees' highest average annual compensation from any 60 consecutive months out of the 120 months before termination of employment. For employees hired on or after June 1, 2004 and before July 1, 2015, a benefit is earned under a cash balance account. Each year, a participant's account receives a credit equal to 2.0% of the participant's salary (2.5% if the participant's years of service as of August 1 of the Plan year is five or greater). Interest earned on the credited amount is not credited to the cash balance account, but is contributed to the participant's account in the Anixter Inc. Employee Savings Plan. Benefits payable in circumstances such as retirement, death, and termination of employment are included to the extent they are deemed attributable to employee service rendered to the valuation date. Effective December 31, 2013, all employees hired before June 1, 2004 will also accrue future pension benefits the same as those employees hired after June 1, 2004. This benefit was modified for entrants hired or rehired on or after July 1, 2015 as described above.

Recently Issued Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update ("ASU") No. 2018-13, "Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate NAV to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. Early adoption is permitted. The Plan sponsor is currently evaluating the impact that this ASU will have on the presentation of the Plan's fair value measurement disclosures.

Anixter Inc. Pension Plan

Notes to Financial Statements (continued)

Note 3. Fair Value Measurements

The Plan follows the guidance issued under the Fair Value Measurements and Disclosures topic of the FASB ASC, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described as follows:

- Level 1 - inputs to the valuation are unadjusted quoted prices in active markets for identical assets or liabilities for which the Plan has the ability to access as of the reporting date.
- Level 2 - valuation inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - valuation inputs are unobservable inputs, such as internally-developed pricing models for the asset due to little or no market activity for the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Cash equivalents include certain assets held in short-term investment funds held in a commingled fund. These assets are valued at cost which approximates market price in active markets. They have been categorized as Level 1.

Common/commingled funds (private equity fund and other equity funds except real asset fund) are valued at their NAV as determined by the fund manager based on inputs that are directly observable, or derived from quoted prices in active markets of the underlying securities. They have been categorized as Level 2. There are no unfunded commitments at December 31, 2019, and no fund restrictions except as noted below with respect to the fund redemption.

Anixter Inc. Pension Plan

Notes to Financial Statements (continued)

Subject to Redemption Deferrals, as defined in the Confidential Offering Memorandum, redemptions from the funds generally may be made as of a time immediately after the close of business on each business day that is the last business day of a calendar week or calendar month, pursuant to notice or direction from the Group Trust Sponsor to the Trustee at least 3 or 7 business days in advance, as applicable (or such other shorter period determined by Group Trust Sponsor and agreed to by the Trustee).

Common/commingled funds (real asset fund) are reported at the net asset value of Units in the Fund, determined on each valuation date as of the close of regular trading on the N.Y. Stock Exchange. In computing net asset value, portfolio holdings of the Real Asset Fund (Fund) are valued at their current market values determined on the basis of market quotations, to the extent readily available. If current market quotations are not readily available, securities are generally valued at last reported value by the issuer (adjusted for any subsequent capital calls/distributions). They have been categorized as Level 3. The Plan sponsor does not utilize quantitative unobservable inputs for measuring fair value for these assets.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total fair value at December 31, 2019

Total Investments	\$ 2,446,754	\$ 225,005,823	\$ 32,217,445	\$ 259,670,022

There are no significant transfers between levels for the years ended December 31, 2019 and 2018.

Assets held in Real Asset Fund is classified as level 3. Redemptions in this fund are generally permitted quarterly on each quarter-end valuation date upon at least 180 days' written notice. Requests will be accommodated based on available liquidity as determined by the Fund manager. If insufficient cash is available to effect all requested redemptions, then the Fund may, pursuant to its authority as described in "Limitations on Redemptions and the Payment of Redemption Proceeds" in the Confidential Offering Memorandum, reduce all redemption requests pro rata so that the total amount redeemed equals only a specified percentage, as determined by the Fund, of the aggregate net asset value of all Units of the Fund at such time. There are no unfunded commitments at December 31, 2019.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2019 and 2018.

The amount of total gains or losses for the year included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u>\$ (982,555)</u>

Realized and unrealized gains and losses included in changes in net assets for the period above are reported in net appreciation/(depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Note 4. Information Certified by the Trustee

The Plan administrator has elected the method of reporting permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator has obtained a certification from the trustee that the following data included in the accompanying financial statements and schedules is complete and accurate:

- Investments, as shown in the statements of net assets available for Plan benefits as of December 31, 2019 and 2018.
- Investment income/(loss), as shown in the statements of changes in net assets available for Plan benefits for the years ended December 31, 2019 and 2018.
- The schedule of assets (held at end of year) as of December 31, 2019, and schedule of reportable transactions for the year ended December 31, 2019.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedules.

Note 5. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was calculated by the Plan's actuary as of January 1, 2019. The present value of accumulated plan benefits results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

Net Increase	<u>(15,003,946)</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 241,839,051</u></u>

Some of the actuarial assumptions used to calculate the actuarial present value of accumulated plan benefits as of January 1, 2019, are as follows:

Rate of return on investments:	5.82%
Discount rate:	3.79%
Retirement age:	Age 65 or immediately if participant is age 65 or over
Mortality	IRS 2018 Static Mortality Table
Actuarial Cost Method	Projected Unit Credit Cost Method

40	7%	0.0828%	0.0828%	0.0429%	0.0429%

(a) Annuitant: a participant who is receiving benefits under the Plan.

These actuarial assumptions are based on the presumption that the Plan will continue. Although the Employer has not expressed any intent to do so, were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Note 6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 31, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and, therefore, the related trust is exempt from taxation. An amendment to the plan was implemented subsequent to the date of the determination letter based on the recommendation of the IRS. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 7. Personal Retirement Accounts

All non-union domestic employees hired after June 1, 2004 and before July 1, 2015, earn a benefit under a personal retirement account (hypothetical account balance). Each year, a participant's account receives a credit equal to 2.0% of the participant's salary (2.5% if the participant's years of service at August 1 of the plan year are 5 years or more). Active participants become fully vested in their hypothetical personal retirement account after 3 years of service. Interest earned on the credited amount is not credited to the personal retirement account but is contributed to the participant's account in the Anixter Inc.

Anixter Inc. Pension Plan

Notes to Financial Statements (continued)

Employee Savings Plan. The interest contribution equals the interest earned on the personal retirement account balance as of January 1st in the Domestic Plan and is based on the 10 year Treasury Securities rate as of the last business day of the year preceding the prior year, multiplied by the value of the personal retirement account on January 1 of that prior year. The contribution is invested consistent with the participants' deferral elections in the Anixter Inc. Employee Savings Plan.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 9. Subsequent Events

On June 22, 2020, WESCO International, Inc. ("WESCO International") and its subsidiaries (collectively, "WESCO") completed its previously announced acquisition of Anixter International Inc., a Delaware corporation ("Anixter"). Pursuant to the terms of the Agreement and Plan of Merger, dated as of January 10, 2020 (the "Merger Agreement"), by and among Anixter, WESCO and Warrior Merger Sub, Inc., a Delaware corporation and a wholly owned subsidiary of WESCO ("Merger Sub"), Merger Sub was merged with and into Anixter (the "Merger"), with Anixter surviving the Merger and continuing as a wholly owned subsidiary of WESCO. On June 23, 2020 Anixter merged with and into Anixter Inc., with Anixter Inc. surviving to become a wholly owned subsidiary of WESCO.

The Employer has evaluated these annual financial statements for disclosure of subsequent events through October 9, 2020, the date on which the financial statements were available to be issued, and has identified no other material subsequent events.

Benefits Paid Upon the Following Events

Normal retirement

Sum of:

Annual 12/31/2013 frozen final average pay benefit (if hired prior to June 1, 2004)

Plus

An annual benefit equal to the sum of (A) and (B) (if hired after May 31, 2004 and for all participants after December 31, 2013):

A. 0.15% of salary for each Plan Year in which years of continuous service as of August 1 of the Plan Year is fewer than five;

B. 0.20% of salary for each Plan Year in which years of continuous service as of August 1 greater;

but not less than the annual benefit provided by a single sum equal to (A) plus (B) below (the PRA benefit):

A. 2.0% of salary for each Plan Year in which years of continuous service as of August 1 of the Plan Year is fewer than five;

B. 2.5% of salary for each Plan Year in which years of continuous service as of August 1 of the Plan Year five or greater,

but not less than \$20 per month at age 65.

The annual benefit cannot be less than the December 31, 1988 accrued benefit under the prior plan.

Early retirement

The benefit calculated using the normal retirement benefit formula; if payments begin prior to the participant's normal retirement date, then the benefit will be actuarially reduced. The PRA benefit is not reduced for early commencement.

For participants covered under the Itel Plan as of December 31, 1993, benefits are determined using: The Itel Plan's factors for the accrued benefit as of December 31, 1993, and the actuarially reduced benefit that accrued on or after January 1, 1994.

Deferred retirement

The benefit calculated using the normal retirement benefit formula. The final average pay benefit is actuarially increased to reflect the deferred start date.

Vested termination

The benefit calculated using the normal retirement benefit formula.

Survivor's benefit prior to early retirement eligibility

If a married participant dies prior to the participant's early retirement date after he is vested but before benefit payments have begun, the participant's spouse is eligible for a monthly life annuity. The benefit payable to the surviving spouse will be the same benefit that would have been payable if the participant had:

- A. Terminated on the participant's date of death;
- B. Survived to the participant's early retirement date;
- C. Begun receiving benefits in the form of a qualified joint and survivor annuity on the participant's early retirement date; and
- D. Died on the day after early retirement date, but based only on the benefit accrued by the participant to the participant's date of termination.

The benefit payable to the survivor of a participant hired after May 31, 2004 will not be less in value than the PRA lump sum.

Survivor's benefit after early retirement eligibility

If a participant dies after becoming eligible for early retirement either while employed or after termination of employment but before benefit payments have begun, a participant's named beneficiary is eligible for a monthly life annuity. The amount of benefit payable would be the same as if the participant had retired and begun receiving benefits in the form of a qualified joint and 50% contingent annuity on the day before the participant's death. The benefit payable to the survivor of a participant hired after May 31, 2004 will not be less in value than the PRA lump sum.

Other Plan Provisions

Normal form of benefit payment

Married members

The normal form of payment is a Joint and 50% survivor annuity. Optional forms for the final average pay benefit are a life annuity, joint and 75% or 100% survivor annuity, joint and 50% or 75% or 100% contingent annuity, and ten-year certain and life annuity; all actuarially equivalent to a life annuity. If the value of the final average pay benefit is less than \$10,000 a single sum is also available.

For the PRA benefit, the normal form is a Joint and 50% contingent annuity and the only optional form of payment is a single sum, which is available regardless of benefit value.

Benefit commencement date

Preretirement death benefit The later of the death of the active participant or the date the participant would have attained age 55

Deferred vested and retirement benefit For pre-6/1/04 hires, the final average pay benefit is assumed to be paid immediately upon retirement and at age 65 for terminations prior to retirement eligibility. However, If the lump sum value of the benefit is less than \$10,000, 100% of participants are assumed to elect a lump sum with 20% assumed to elect an immediate lump sum and 80% of participants are assumed to defer to age 65.

For PRA benefits, 100% of participants are assumed to elect a lump sum. The timing of lump sum elections is based on elapsed time from termination and rates are illustrated below:

	Immediate Lump Sum	Defer 1 Year	Defer 2 Years	Defer to age 65
Active Participants	50%	20%	10%	15%
1st Year of Termination		50%	20%	30%
2nd Year of Termination			40%	60%
Terminated 2+ Years				100%

Form of payment For pre-6/1/04 hires with the final average pay benefit: 45% elect a single life annuity, 25% elect a Joint & 50% Survivor annuity, and 30% elect a Joint & 100% Survivor annuity.

Percent married 80% of participants are assumed to be married, with the female participant assumed to be the same age as her spouse and the male participant assumed to be 2 years older than his spouse.

Covered pay 2018 base salary increased with salary scale. Actual salary and bonus (if applicable for participants hired before June 1, 2004) prior to 2014 was used to determine the frozen final average pay benefit.

Timing of benefit payments Annuity payments are payable monthly at the beginning of the month and lump sum payments are payable on date of decrement.

Sources of Data and Other Information

Anixter, through its third party administrator, furnished participant data as of January 1, 2019. Data were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. Assumptions made are as follows:

Benefits were estimated for 18 terminated vested participants with missing benefit amounts

Terminated vested participants missing dates of termination were assumed to terminate over two years prior to the valuation date

Participants missing beneficiary information were assumed to have beneficiaries of the opposite gender and with age differences aligned with the valuation assumptions

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

The obligations included in this report exclude 319 former employees who were deemed by the Company to have no benefits payable after an extensive search in 2010.

Assumptions Rationale - Significant Economic Assumptions

Interest rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Salary scale	This assumption is set considering underlying inflation and historical salary increases based on an experience study completed in 2017 by PwC using actual plan experience from 2012 through 2016.
Administrative expenses	Administrative expenses are estimated by determining the expected actual expenses for the coming year, reflecting items like expected PBGC premiums and the actual expenses paid from the trust for the preceding year.

Assumptions Rationale - Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are prescribed by IRC §430(h).
Termination	Termination rates are based on the plan sponsor's historical experience based on an experience study completed in 2017 by PwC using actual plan experience from 2012 through 2016 and expectations for the future with periodic monitoring of observed gains and losses caused by termination patterns different than assumed.
Retirement	Retirement rates are based on the plan sponsor's historical experience based on an experience study completed in 2017 by PwC using actual plan experience from 2012 through 2016 and expectations for the future with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.
Form of payment	This assumption is based on the plan sponsor's historical experience based on an experience study completed in 2017 by PwC using actual plan experience from 2012 through 2016 and is also based on best expectations given the plan provisions.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan
