Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Reliance Trust Company, the trustee of the Plan assets, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Reliance Trust Company holds the Plan's investment assets and executes investment transactions. NOTE A - DESCRIPTION OF PLAN

The following description of the Agama Solutions/Stratitude 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a defined contribution plan covering all eligible employees of Agama Solutions, Inc. and its related entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for oversight of the Plan, and retains the services of third parties to assist in the administration of the Plan. The Plan's record-keeper and third-party administrator is ADP Retirement Services ("ADP RS").

Eligibility

Prior to Plan's termination employees were eligible to participate in the Plan once they attained age 21 and completed six months of service. Participants began making deferrals into the Plan on the first day of the month following eligibility. An employee could elect not to participate in the Plan.

Participant Contributions

Prior to Plan's termination participants could elect to contribute up to 90% of their eligible compensation, as defined in the Plan, subject to the maximum allowed under section 401(k) of the Internal Revenue Code ("IRC"). Participant contributions were withheld from pre-tax payroll deductions each payroll period. The Plan also permitted Roth deferrals.

The Plan included auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 1 percent of eligible compensation and their contributions invested in a designated target retirement fund until changed by the participant.

Participants who attained age 50 before the end of the Plan year were eligible to make "catch-up" contributions.

Employer Contributions

The Plan permitted the Plan sponsor to make discretionary matching and profit sharing contributions. Eligibility was the same as for deferrals. For 2018, Plan sponsor elected to forgo matching and profit sharing contributions.

Participant Accounts and Investment Options

All of the Plan's assets are invested, as directed by the participant, into investment alternatives offered by the Plan. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, employer contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Upon termination of the Plan, all participants became 100% vested in their account balances. Prior to termination, participants were immediately vested in their contributions, and related earnings at all times. Participants vested in employer matching and profit sharing contributions in ratable installments of 20% after two years of service. Participants were 100% vested in the event of death, disability, and normal retirement. Forfeitures may be used to pay Plan expense or to reduce employer contribution. At December 31, 2019 and 2018, there were no forfeitures available to pay Plan expenses.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In- service distributions are also available for participants who are at least age 59½. Participants who qualify for retirement benefits and withdrawals receive their benefits in the form of lump sums, installments, or partial withdrawals. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Prior to termination, participants who separated from service and had vested account balances of $5,000 or less were subject to an administrative lump sum distribution at the discretion of the Plan administrator. Participants who separate from service and had vested account balances of $5,000 or less and did not process their own distribution could receive a lump sum cash payment if the entire vested account balance is $1,000 or less. If the employer elects to make mandatory distribution because value of the vested account balance is greater than $1,000 but equal to or less than $5,000, the account will be automatically rolled over to an IRA. Retired participants are required to receive distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½

Notes Receivable from Participants

The Plan permits participants to receive a loan based upon their vested account balance. Borrowings are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $500 and participants may only have one loan outstanding at a time. Loans bear an interest rate of two percent above prime rate determined on the date of the advance by the Plan administrator. Loans generally must be repaid with interest, by payroll deduction, within five years (longer for qualified residential loans). Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. All loans are immediately due upon termination of service, retirement, disability, or death. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance. There were no participant loans issued during 2019 and 2018.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Effective January 31, 2018, the Plan Sponsor adopted a resolution to terminate the Plan. As a result, the Plan's financial statements as of December 31, 2019 have been prepared on the liquidation basis, in accordance with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimate net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2019 would be fair value. There were no material changes to the financial statements as a result of the change under the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Reliance Trust Company serves as the Plan’s trustee and custodian and holds all investments of the Plan. The Plan’s investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodians. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net realized and unrealized gains or losses include the Plan’s gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements

The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*. Refer to Note C for the fair value measurement disclosures associated with the Plan’s investments.

Net appreciation (depreciation) in fair value of investments

The realized and unrealized gains and losses, in registered investment companies are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Investment management fees and operating expenses

Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on daily basis and are reflected as a component of net realized and unrealized gain or loss on investments.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan evaluates subsequent events through the date that the financial statements are available to be issued which is the date of the independent auditors' report.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan performs fair value measurement in accordance with ASC 820. ASC 820 defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following provides a general description of the three levels of inputs that may be used to measure fair value under ASC 820:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for Plan assets measured at fair value:

Mutual Funds - Valued at a readily determinable net asset value ("NAV") of shares held by the Plan at year end. Investments in this category can be redeemed immediately without notice at the current net asset value per share based on the fair value of the underlying assets. These funds were open-ended mutual funds that are registered with the Securities and Exchange Commission. They are valued at the daily closing price as reported by the fund which are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Accordingly, these investments have been classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis was as follows as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Totals
Mutual funds, at quoted prices	$ 37,203	$ -	$ -	$ 37,203
Total assets in the fair value hierarchy	37,203	-	-	37,203
Total Investment at Fair Value				$ 37,203

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Totals
Mutual funds, at quoted prices	$ 58,780	$ -	$ -	$ 58,780
Total assets in the fair value hierarchy	58,780	-	-	58,780
Total Investment at Fair Value				$ 58,780

NOTE D – INVESTMENTS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103- 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee and custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

The following information included in the financial statements and supplemental schedule was provided by and certified by the Plan's custodian and trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the years presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019

NOTE E - PLAN TERMINATION

The Plan sponsor decided to terminate the Plan. The effective date of the termination of the Plan is January 31, 2018. As a result, all participant balances became fully vested. Final distributions or transfers will be in accordance to the provisions of ERISA. On November 6, 2019, the Plan Sponsor sent out notice to all participants with account balances to request a distribution or rollover of their account balance. All assets will be distributed or transferred.

NOTE F – TRANSACTIONS WITH PARTY-IN-INTEREST

A party-in-interest is broadly defined under ERISA to include a fiduciary, any employer, or any person providing services to the Plan, and any officer, director or 10% or more shareholder of any such employer. Reliance Trust Company serves as the trustee of the Plan's assets. All transactions with Reliance qualify as party-in-interest transactions.

NOTE G – FEDERAL INCOME TAX STATUS

The Plan sponsor has adopted the ADP Prototype Plan. The Prototype Plan received a favorable opinion letter from the Internal Revenue Service dated July 8, 2014, stating that the Prototype is designed in accordance with applicable sections of the Internal Revenue Code. The Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – PLAN ADMINISTRATION

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. For the years ended December 31, 2019 and 2018, the Plan auditing fees were paid by the Company.

NOTE I – RISKS AND UNCERTAINTIES

The participants through the Plan invest in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – SUBSEQUENT EVENTS

The Plan management evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued.
