Note 1 Description of Plan

The following description of the Inktel ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 2003, is a defined contribution 401(k) profit sharing plan covering employees of the Company who have completed six months of employment during which at least 1,000 hours of service are performed. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan oversight is performed by the Plan trustees, who are officers of the Company, and Pension Services, Inc., the third-party administrator ("TPA"). Great West Life & Annuity Life Insurance Company ("Custodian") receives and invests the contributions and Plan earnings, as directed by the participants.

Contributions to the Plan

The Plan allows participants to make tax-deferred contributions (compensation deferrals) up to the maximum limits imposed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. For the years ended December 31, 2019 and 2018, the Company provided a matching contribution equal to 100% of the employee contribution up to 6% of employees' compensation. In addition, the Company may make a discretionary contribution which is allocated to participants active on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on months of continued service. A participant is 100 percent vested after six months of credited services.

Forfeited Accounts

Forfeitures of non-vested participant account balances can be used to pay administrative expenses of the Plan and/or to reduce contributions otherwise required of the employer. At December 31, 2019 and 2018, unallocated forfeited accounts totaled $256 and $253, respectively. As of December 31, 2019, no plan expenses were accrued that were expected to be paid with forfeitures. During 2019 and 2018, no forfeitures were used to reduce employer contributions or to pay administrative expenses.

Note 1 Description of Plan (Continued)

Distribution of Benefits

Participants or their beneficiaries are eligible to receive distributions from their account upon retirement, permanent and total disability, death, or financial hardship, as defined. Employees who terminate employment prior to the occurrence of one of the above events have 60 days from the date of their account distribution to invest the funds in a qualified tax deferred investment without taxation or penalty.

Notes Receivable from Participants

Loans to participants are allowed under the provisions of the Plan. These notes bear interest at Prime plus 1% (determined at the time the notes are issued) and are payable ratably through payroll deductions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses were considered necessary as of December 31, 2019 or 2018.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 Summary of Significant Accounting Policies (Continued)

Reclassification
Certain accounts in the prior year financial statements may have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Payment of Benefits
Benefits are recorded when paid.

Note 3 Information Prepared and Certified by Custodian

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net (depreciation) appreciation in fair value of investments for the years then ended was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great West Life & Annuity Insurance Company, the custodian of the Plan.

Note 4 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 5 Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 Fair Value Measurements

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 6 Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: stated at readily determinable fair value. The fair value is determined by the issuer and is valued daily using publicly available quoted market prices matched with the current underlying investment holdings of the accounts ("Level 2").

The preceding methods described, may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 4,069,385	$ -	$ 4,069,385
Total assets at fair value	$ -	$ 4,069,385	$ -	$ 4,069,385

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,880,465	$ -	$ 2,880,465
Total assets at fair value	$ -	$ 2,880,465	$ -	$ 2,880,465

Note 7 Guaranteed Investment Contracts with Insurance Company

In 2012, the Plan entered into a benefit-responsive guaranteed investment contract with Great West Life & Annuity Insurance Company. Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2019 and 2018 was $186,644 and $164,359. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed by Great West Life & Annuity Insurance Company on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's average yield rate as of December 31, 2019 and 2018 are as follows:

	2019	2018
Based on actual earnings	1.20%	1.10%
Based on interest rate credited to participants	1.20%	1.10%

Note 8 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 Related Party Transactions and Parties in Interest Transactions

Certain Plan investments are managed by Great West Life & Annuity Insurance Company ("Great West"). Great West is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Great West provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Great West.

Great West receives revenue from mutual fund service providers for services Great West provides to the funds. This revenue is used to offset certain amounts owed to Great West for its administrative services to the Plan.

If the revenue received by Great West from such mutual fund service providers exceeds the amount owed under the MSA, Great West remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2019 and 2018, there were no excess amounts. The Plan or plan sponsor may make a payment to Great West for administrative expenses not covered by revenue sharing.

Note 10 Prohibited transaction with Parties in Interest

During the years ended December 31, 2019 and 2018, the Company had delinquent participant contributions of $111,470 and $29,042, respectively, which has not yet been corrected as of the date of the financial statements.

Note 11 Subsequent Events

On January 21, 2020 the Centers for Disease Control and Prevention (CDC) confirmed the first case of 2019 Novel Coronavirus (COVID-19). The ongoing spread of the COVID-19 has become a threat to the global economy and financial markets. The ultimate effect of COVID-19 on the Plan and its future operations cannot presently be determined.

The Plan has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued and determined no additional items required disclosures.
