(1) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements of the Retirement Plan of Bon Secours Health System, Inc. (the Plan) have been prepared on the accrual basis of accounting and present the net assets available for benefits and the changes in those net assets.

(b) Plan Management and Investments

Under the terms of the Plan and related agreements, Fidelity Management Trust Company (Fidelity), Brighthouse Life Insurance Company and Lincoln National Life Insurance Company (collectively, the Trustees) have custody of the Plan assets and execute investment transactions pursuant to participant elections.

Fidelity provides administrative services for the Plan and maintains related plan records.

The Plan's investments consist primarily of mutual funds, which are stated at fair value based on quoted market information. The Plan's interest in the annuity contracts is based on the contract value of such contracts. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair values of investments are recognized in the financial statements in the period in which such changes occur and include gains and losses on investments bought and sold as well as held during the year.

(c) Participant Loans

Participant loans are carried at amortized cost.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Plan Administrative Expenses

Certain administrative expenses of the Plan are paid by Bon Secours Mercy Health (the Plan Sponsor). All other expenses are paid by the Plan. Investment related expenses are included in net appreciation in fair value of investments.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(2) General Description of the Plan

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the plan document for more complete information.

(a) General

The Plan is a defined contribution plan, established, effective January 1, 1993. The Plan covers all eligible employees of the following subsidiaries of the Plan sponsor: Virginia Health Source, Inc. (VHS), Tidewater Diversified, Inc., Province Place of Maryview, LLC, Province Place of DePaul, LLC, Bon Secours Place at St. Petersburg, LLP, RHS Management Corporation, Chesterfield Community Healthcare, Inc., and Upstate Surgery, LLC.

Effective January 1, 2019, as a result of the 2018 merger of Mercy Health and Bon Secours Health System, Inc., Bon Secours Mercy Health became the plan sponsor.

Effective December 31, 2019, the Plan was amended to no longer allow additional employee contributions to be made to the Plan beginning on or after January 1, 2020, except rollover contributions. Participants of the Plan are eligible to contribute to a different defined contribution plan offered by the Plan Sponsor beginning on January 1, 2020. Also, effective December 31, 2019, the Plan was amended to no longer allow additional employer contributions to be made to the Plan beginning on or after January 1, 2020. In conjunction with the participants' eligibility to contribute to a different plan beginning on January 1, 2020, the Plan was amended effective December 31, 2019 to no longer allow employer contributions, including the annual employer nonelective contribution and the annual employer match, as applicable.

(b) Eligibility and Contributions

The Plan provides that immediately upon hire each employee may contribute up to 85% of his or her eligible pay each pay period on a pretax basis through payroll deductions, subject to limitations under the Internal Revenue Code (IRC). Participants, who are age 50 and over during the plan year, are eligible to make catch-up contributions up to \$6,000 in 2019.

Prior to December 31, 2019, to be eligible for automatic employer contributions according to the respective location's contribution percentage (see chart below), participants needed to attain age 18 and complete one year of service. Additionally, prior to December 31, 2019, participants were eligible to receive matching contributions immediately in accordance with the percentages shown in the chart below, however, provided that the participant was enrolled in the Plan and making pre-tax employee deferrals. The employer automatic and matching contributions were made biweekly. In conjunction with the participants' eligibility to contribute to a different plan beginning on January 1, 2020, the Plan was amended effective December 31, 2019 to no longer allow employer contributions, including the automatic employer contribution and the matching contributions, that were previously available to participants.

The Plan's deferral contribution policy was amended in 2017 to include an automatic deferral provision. Effective January 1, 2018, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their

contribution invested in a designated fund as determined by the Retirement Plan Committee and Investment Committee until changed by the participant. The Plan also has a new provision for an annual automatic increase in deferral contribution percentages of 1% for eligible participants with less than a 6% deferral contribution percentage. Effective January 1, 2019, an automatic increase in deferral contribution percentage of 1% will occur each January until eligible participant's deferral percentage reaches 6% or the participant has made an affirmative deferral contribution election.

* These subsidiaries are also participating employers in their respective location's defined benefit pension plan (DB Plan). As part of the retirement program transition, eligible employees covered by a defined benefit plan were given a one-time choice to remain an active participant in the DB Plan, which means that they continue to be eligible for the DB Plan. Once the employees are no longer eligible for the respective DB Plan, the employee becomes eligible for the above employer contribution percentages under the Plan, according to their respective location's percentages.

Participants may also rollover amounts representing distributions from other qualified retirement plans. Such contributions are allocated to participants' accounts under provisions set forth in the Plan.

Participant contributions to the Plan are allocated among the various mutual funds based on the participant's instructions, subject to certain limitations defined in the Plan. Participants may change their allocation instructions and transfer accumulated savings between funds at any time, subject to certain limitations defined in the Plan.

BON SECOURS HEALTH SYSTEM, INC.**

Notes to Financial Statements

(c) Participant Accounts

Each eligible participant's account is credited with the participant's contribution, the Employer's automatic and/or matching contributions, and an allocation of the Plan's earnings and expenses. The automatic contribution allocations are based on participant earnings, as defined. Matching contribution allocations are made in accordance with the percentages described on the chart above, if the employee has elected to make employee deferrals. A participant's benefit, at any point in time, is equal to their vested account balance. As of December 31, 2019, and 2018, the Plan determined that it needed to return excess contributions of \$0 and \$101,203 respectively, to certain participants to comply with certain Employee Retirement Income Security Act of 1974 (ERISA) requirements.

(d) Vesting

Participants are immediately vested in their contributions and related earnings. Generally, participants vest in the Employer's contributions and related earnings at the completion of three years of service, as defined in the Plan.

(e) Participant Loans

Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. A participant may only receive one loan in any 12 month period and may have no more than two loans outstanding at any time, one (1) general purpose loan and one (1) home loan. Principal and interest are paid ratably through personal check or electronic funds transfer.

(f) Forfeitures

The nonvested portions of terminated participants' accounts are used to reduce future employer contributions or pay administrative expenses of the plan. As of December 31, 2019 and 2018, there were \$26 and \$4, respectively, in the forfeitures account. During 2019, \$68,036 of forfeitures were used to reduce employer contributions. Additionally, during 2019, \$7,591 of forfeitures were used to pay administrative expenses of the Plan.

The application of forfeitures are used to reduce employer contributions, matching contributions and qualified nonelective contributions to the Plan, and to pay administrative expenses of the Plan, as directed by the Retirement Plan Committee.

(g) Benefit Payments

Participants or their beneficiaries are eligible for distributions upon retirement, termination of employment, disability, death, or proven financial hardship. Participants have the right to designate the method of payment of retirement benefits within limitations specified in the Plan. Participants who have not terminated employment may request at any time a distribution from the vested portion of their accounts if they have reached age 59½. The distribution will be made as soon as practicable following approval of the written request for withdrawal and will be made in the form of a single lump sum.

BON SECOURS HEALTH SYSTEM, INC.**

Notes to Financial Statements

December 31, 2019 and 2018

(h) Early Withdrawals

Under certain conditions, participants, while still employed by the Plan Sponsor or its' subsidiary, are permitted to withdraw from their accounts. The Plan provides that a participant may make a withdrawal of the employee contributions, due to financial hardship for certain conditions. These conditions include unreimbursed medical expenses, the purchase of a principal residence, the payment of postsecondary education tuition, to prevent eviction from or foreclosure on a principal residence, funeral expenses of a parent, spouse or dependent, or certain expenses relating to the repair of damage to the employee's principal residence that qualify for the casualty deduction. Employees are not permitted to contribute to the Plan for six months following a hardship withdrawal. A participant may also make a withdrawal from his or her vested accounts when the participant attains age 59½.

(3) Financial Information Certified by Trustees

Amounts contained in the accompanying financial statements and supplemental schedule, which was obtained or derived from information provided by the Plan Administrator, was certified by the Trustees, except for Lincoln National Life Insurance Company, as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, is as follows:

- Investments, at fair value
- Participant loans receivable
- Net appreciation in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants
- Investment information included in note 4, excluding fair value levels
- Schedule H, line 4(i) – schedule of assets (held at end of year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

A summary of the Plan's financial information, which has been certified by the trustees, is presented as follows:

Notes to Financial Statements

December 31, 2019 and 2018

Investment activity for the year ended December 31, 2019 is summarized as follows:

	Lincoln National Life Insurance Company*	Brighthouse Life Insurance Company	Fidelity Trust Management Company	Total
Net appreciation in fair value of investments	3,328	94,972	19,909,701	20,008,001
Interest and dividend income	24	280	4,546,067	4,546,371

(4) Investment Information

The assets and liabilities recorded at fair value in the balance sheet are measured and classified in a hierarchy for disclosure purposes consisting of three “levels” based on the observability of inputs available in the marketplace used to measure the fair values’ as discussed below. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgments. In making the assessment, the Plan considers factors specific to the asset or liability.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

BON SECOURS HEALTH SYSTEM, INC.**

Notes to Financial Statements

December 31, 2019 and 2018

The following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Funds and Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Fair value measurements at December 31, 2019				
	Fair value	Level 1	Level 2	Level 3
Money market fund	\$ 3,721,784	3,721,784	—	—
Mutual fund	121,890,859	121,768,178	122,681	—
Total	<u>\$ 125,612,643</u>	<u>125,489,962</u>	<u>122,681</u>	<u>—</u>

Fair value measurements at December 31, 2018				
	Fair value	Level 1	Level 2	Level 3
Money market fund	\$ 3,547,249	3,547,249	—	—
Mutual fund	102,841,676	102,736,885	104,791	—
Total	<u>\$ 106,388,925</u>	<u>106,284,134</u>	<u>104,791</u>	<u>—</u>

For the year ended December 31, 2019, there were no transfers into or out of Levels 1, 2, and 3.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Related-Party and Party-in-Interest Transactions

Plan assets include investments in funds managed by Fidelity Management Trust Company, Brighthouse Life Insurance Company and Lincoln National Life Insurance Company, the trustees as defined by the Plan. As such, these transactions qualify as party-in-interest transactions.

(6) Tax Status

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated February 13, 2014, that the Plan and related trust are designed in accordance with applicable Sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated substantially in compliance with the applicable requirements of the IRC.

**RETIREMENT PLAN OF
BON SECOURS HEALTH SYSTEM, INC.**

Notes to Financial Statements

December 31, 2019 and 2018

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset), if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

(7) Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the plan assets would be distributed to participants in accordance with the guidelines set forth in the Plan.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

Management evaluated subsequent events for the Plan through October 15, 2020, the date the financial statements were available to be issued.

In the first quarter of 2020, the outbreak of the widespread novel coronavirus (COVID-19) illness, which was declared a pandemic by the World Health Organization on March 11, 2020, negatively impacted the world economy, as well as has caused volatility in investment fund prices and common stock share prices for most companies, including the investments offered by the Plan. The Plan's investments are stated at fair value on December 31, 2019. The impact of COVID-19 on companies continues to evolve and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

In March 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions, such as hardship distributions, included in the CARES Act.

On September 30, 2020, the Plan, including all of its assets and its liabilities, were merged into the Bon Secours Mercy Health Retirement Savings Plan 401, formerly known as the Mercy Health Retirement Savings Plan 401.
