E & V ENERGY CO. RETIREMENT PLAN

Notes to Financial Statements
December 31, 2019

1. Description of Plan

The following brief description of the E & V Energy Co. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code, established on June 1, 1998. It covers substantially all employees of E and V Energy Corporation (the Company) who meet certain age requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Eligible employees may become participants commencing immediately following the attainment of the age of 21.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company. The maximum contribution each participant may make each year is subject to federal limits.

Eligible participants may elect to defer a portion of their total annual compensation into the Plan as qualified pre-tax contributions as well as elective after-tax Roth contributions. During 2019, qualified pre-tax contributions totaled $279,910. During 2019, elective after-tax Roth contributions totaled $57,145.

Each pay period the Company makes matching contributions on behalf of each participant equal to a percentage of participant deferrals. Matching contributions are equal to 33.33% of employee deferrals, not to exceed 9% of compensation. Matching contributions, net of forfeitures applied, amounted to $96,981 for the year ended December 31, 2019.

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution, the participant must be credited with more than 1,000 hours of service during the plan year and be employed on the last day of the plan year. In 2019, the Company did not make a discretionary profit sharing contribution.

Participants may also transfer (or rollover) funds from other qualified plans, with the consent of the Plan administrator.

1. **Description of Plan** (Continued)

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, Company contributions, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in matching contributions and discretionary profit sharing contributions is based on years of continuous service. A year of service is defined as a minimum of 1,000 hours worked during a plan year.

A vested percentage for matching contributions and discretionary profit sharing contributions are determined in accordance with the following vesting schedule:

Years of Service For Vesting	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Additionally, accounts become fully vested upon death or total and permanent disability while an employee of the Company.

1. **Description of Plan** (Continued)

Forfeited accounts

Forfeitures arising under the Plan are used to reduce administrative expenses or to reduce employer contributions. Forfeiture activity during 2019 consisted of the following:

	2019
Forfeitures available for use, beginning of the year	$ 2,775
Forfeitures generated	3,442
Earnings on forfeitures	92
Forfeitures used to reduce administrative expenses	(800)
Forfeitures available for use, end of the year	$ 5,509

Payment of benefits

Upon retirement, death or disability, the entire account balance, if less than $5,000, will be distributed in the form of a lump-sum payment. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: the account balance is greater than $5,000, separation from service as provided for in the Plan and in government regulations.

Notes receivable from participants

The Plan allows participants to borrow funds from their accounts. Loans may not exceed the lesser of 50% of the employee's vested account balance or $50,000. No loan in an amount less than $1,000 will be permitted. Repayments of principal and interest are made through payroll withholding. Each loan shall bear interest of the prime rate plus 1%. The prime rate of interest was 4.75% of December 31, 2020. At any time, no more than two loans may be outstanding from the Plan to the participant. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative expenses

Certain record keeping, tax filing, and audit fees are paid by the Plan sponsor. All other expenses are paid out of the Plan assets. For the year ended December 31, 2019, plan administrative expenses, net of forfeitures applied, were $3,100.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for plan benefits and changes in those net assets.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Values are determined based on quoted market prices in active markets.

Group annuity contract: Valued at the contract value of the underlying investments, which approximates fair value. The fund may invest in fixed interest insurance contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value of these investments is subject to market volatility and may be susceptible to fluctuations.

2. Summary of Significant Accounting Policies (Continued)

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2016.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent plan year and October 14, 2020, the date the financial statements were available to be issued.

3. Financial Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The fair value of investments determined to be level 1 as of December 31, 2019 and 2018 consisted of:

	2019	2018
Mutual funds	$2,830,102	$2,070,945

The value of other investments not included in the fair value hierarchy as of December 31, 2019 and 2018 consisted of:

	2019	2018
Group annuity contract	$ 290,775	$ 263,372

5. Related Party Transactions

The Plan invests in a group annuity contract managed by affiliates of Voya Retirement Insurance and Annuity Company. Voya Retirement Insurance and Annuity Company acted as the custodian for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions, which were exempt from prohibited transaction rules. Administrative fees paid to Voya Retirement Insurance and Annuity Company amounted to $3,100 for the year ended December 31, 2019.

6. Tax Status

The Plan obtained its latest determination letter in March, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Subsequent Events

Effective April 6, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.

Effective April 6, 2020, the Plan adopted the loan relief provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. The provisions adopted by the Plan allow (1) Plan participants to take loans up to the lesser of $100,000 or 100% of the participant's vested balances and (2) Plan participants to suspend loan repayments to until December 31, 2020.
