Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. No estimates are considered to be particularly sensitive.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

NOTE A – DESCRIPTION OF PLAN

The following description of the Sciton, Inc. (the Company) 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have completed 1 month of eligibility service (as defined by the plan) and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Discretionary matching or nonelective employer contributions may be contributed at the option of the Company. During the year ended December 31, 2019, the Company did not make any discretionary matching or nonelective employer contributions. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the company's contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in participant's account. The loan interest is set at a reasonable rate and is determined at the time the loan is made. Principal and interest is paid ratably monthly payroll deductions.

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Payments of benefits

A participant who terminates employment with a vested account balance exceeding $5,000 may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments over a specified period as defined in the Plan. A participant who terminates employment with a vested account balance that does not exceed $5,000 may receive the value of his or her account balance as a lump sum distribution. In-service and hardship withdrawals are also permitted under certain conditions as defined in the Plan.

Forfeitures

At December 31, 2019 and 2018, there were no forfeited nonvested accounts. Forfeitures may be used to reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition

The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2019. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contributions receivable are valued at cost, which approximates fair value.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses. Interest income is recorded as earned. Dividend income is recorded on the ex-dividend date. Investment purchases and sales are accounted for on a trade date basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUTED)

Administrative Expenses

All expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

Use of Estimates

In preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP), the Plan administrator is required to make estimates and assumptions that may affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

For the years ended December 31, 2019 and 2018, there were no transfers between levels.

Assets at Fair Value as of December 31, 2019

Investments at fair value	$ 16,450,201	$ 16,450,201

Investments at fair value	$ 12,359,743	$ 12,359,743

NOTE D – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, dividends and interest for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company (the custodian of the Plan).

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE F – TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The plan has not received a determination letter specific to the plan itself; however, the plan administrator and believes that the plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company.

Paychex, Inc. (Paychex) provides certain administrative services to the Plan pursuant to a Retirement Services Agreement between the Company and Paychex. Paychex may receive payments from third-party vendors as part of the compensation for its performance of services under the agreement. The Plan or Company may make a payment to Paychex for administrative services not offset by such payments.

NOTE H – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

For the year ended December 31, 2019, the Plan has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued.

In March 2020, the World Health Organization declared the outbreak of Corona Virus Disease 2019 ("COVID-19") as a pandemic. The spread of COVID-19 has caused significant uncertainty, volatility and disruption in the U.S. and global economy and has disrupted banking and other financial activity in the areas in which the Company operates. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. Due to the ongoing economic uncertainty and volatility caused by COVID-19, the resulting financial impact to the Plan cannot be reasonably estimated.

NOTE I – SUBSEQUENT EVENTS (CONTINUED)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was signed into law. Among the various provisions included in CARES Act, were provisions applicable to retirement plans. The Plan adopted provisions allowing eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permitted increasing the limit for plan loans, permitted suspension of loan payments due for up to one year, and permitted individuals to stop receiving 2020 required minimum distributions.
