CALSOFT LABS INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Calsoft Labs Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on July 1, 2011 and restated on July 1, 2015, in accordance with Section 401(k) of the Internal Revenue Code. It is a defined contribution plan for eligible employees, as defined in Plan document of Calsoft Labs Inc 401(K) Plan. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration

The Company being the Plan sponsor and the Plan Administrator (the Administrator) manages and is responsible for the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The company has contracted with Sai Satyam to act as trustee of the Plan and Empower Retirement to act as plan custodian and recordkeeper.

Eligibility

Employee becomes eligible to make elective deferral contributions on completion of one month of service, measured from the date they were hired, provided that they are an Eligible Employee at the end of that period. Employees excluded from the Plan are as follows:

- Union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining.
- Certain nonresident aliens who have no earned income from sources within the United States

Contributions

The Plan allows participating employees to make elective salary deferral contributions on an after-tax basis, subject to certain limitations, as established by Internal Revenue Service The limit was $19,000 and $18,500 for 2019 and 2018. In addition, participants age 50 or older by the end of the Plan year, can make elective catch-up contributions. The catch-up dollar limit for 2019 and 2018 was $6,000. The Plan allows for ROTH deferral contributions, ROTH rollovers and In Plan ROTH transfers.

Qualified Non-Elective Contributions will be allocated first to the Qualified Non-elective Contribution Account of Participants eligible to share in such allocations who are not "highly compensated" employees. The non-highly compensated employees with the lowest Compensation will be the first to receive an allocation. Other Participants may also be able to receive allocations of Qualified Non-elective Contributions. The allocations will be either a uniform percentage of compensation or a uniform dollar amount.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans and Individual Retirement Accounts. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with participant's contribution, plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts.

Vesting

Each participant's interest in voluntary contributions is vested immediately. All participants are always fully (100%) vested in their Elective Deferral Account, Rollover Contribution Account and Qualified Non-Elective Contribution Account.

Each Participants interest in matching contribution, profit sharing contribution will vest based on the schedule given below,

Years of Vesting Service	Vesting Percentage
Less than One Year	0%
One Year but less than Two Years	20%
Two Years but less than Three Years	40%
Three Years but less than Four Years	60%
Four Years but less than Five Years	80%
Five or More Years	100%

Notes Receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance, whichever is lower. However, a participant may have no more than one outstanding loan at any one time. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes Fund. The notes must be repaid within a five-year period; unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer.

The notes are secured by the balance in the participant's account and bear interest at a rate comparable to the current interest rates charged by financial institutions for similar loans. Principal and interest are paid on a prorated basis through monthly payroll deductions. The loans may be prepaid in full at any time.

The interest that will apply on your loan will be Prime + 1% per year on the date in which the loan is issued. Interest rates are calculated on loans outstanding as of December 31, 2019.

Payment of Benefits

The benefits to which a participant is entitled are the benefits that are provided from the participant's account. On termination of service for any reason, including retirement, death, disability or termination, a participant or his/her beneficiary may elect to receive accumulated retirement benefits in a single lump sum distribution or installments over the life of the beneficiary.

In addition, a terminated participant may also elect to transfer into an individual retirement account all amounts which qualify as a rollover under the provisions of the Internal Revenue Code of 1986, as amended.

Participants who separate from Calsoft with balances of less than $1,000 will be distributed the vested balance in cash. If the Balance is more than $1,000 but less than $5,000 may roll the balances into other qualified plans or individual retirement accounts ("IRA"), or receive lump-sum payments, net of applicable federal and state taxes. The beneficiary has to make this election in a timely manner otherwise the plan would distribute the vested balance and open an IRA account in the name of the beneficiary and transfer the balance to such account. If the vested amount of your Account exceeds $5,000, you must consent to any distribution of your Account. However, the plan would commence distribution of the vested funds in the account generally on April 1 of the year following the attainment of age 70½ by the participant.

Operating Expenses

Administrative expenses for loan processing are charged to the account of the participant requesting a loan or withdrawal in any form. All other expenses for maintaining the plan are paid by the Company, including bookkeeping and other administrative services for the plan at no charge.

Investment

A participant could direct the investment of all their contributions to any of the investment options offered by the Plan. Participants may change their investment options any time directly through the plan record keeper.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets and liabilities and changes therein,

and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The participant loans are valued at their outstanding balances, which approximates fair value. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Empower Retirement. See Note 5 for discussion of fair value measurements

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes Plan's gains and losses on investments bought or sold as well as held during the year.

Notes Receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019. Delinquent notes receivable is reclassified as a distribution based upon the terms of the Plan document.

General Administrative Expenses

The Plan may elect to pay its administrative expenses through its plan and trust. If so, the Plan may allocate the expenses among the terminated and active participants (or beneficiaries) on a per capita basis. Under a per capita method, expenses are deducted in equal amounts from all participant accounts within the plan.

Plan Expense Account

The Plan sponsor has created a Plan Expense Account (PEA) with Empower Retirement on its recordkeeping system. This account may receive credits in accordance with the terms of your plans service agreement with Empower, The plan sponsor, may then pay plan administrative expenses from PEA on one-time or recurring basis on behalf of the plan. The balance in the PEA is $ 11,674 as of December 31, 2019 and included as part of plan assets under Registered Investment Companies.

Benefits Owed to Terminated Participants

Benefits are recorded when paid.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of equity, fixed income, and other investment securities. Investment securities are exposed to various risks, such as interest

rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the plan's independent auditors not to perform any auditing procedures with respect to the investment information which was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Retirement, the Custodian of the Plan's assets. Notes receivable from participants and the related interest income from notes receivable from participants are not certified. Empower Retirement has certified to the completeness and accuracy of

- Investments and notes receivable reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Interest and net appreciation in fair value of investments, dividend and interest (which includes interest income from notes receivable) reflected on the accompanying Statement of Changes in Net Assets available for benefits for the year ended December 31, 2019.
- Investments reflected on the Schedule of Assets (Held at End of Year).

NOTE 5 - Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019, and 2018.

Mutual funds: Valued at net asset value (NAV) of shares held by the plan at the year-end.
Common/Collective Trusts: Valued at net asset value (NAV) per unit on valuation date.
Stable Value Option: Valued at contract value, which approximates fair value.
Pooled Separate Accounts: Valued at quoted market prices.
Money Markets: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018.

Assets at Fair Value as of December 31, 2019

Description	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 1,370,251	-	-	$ 1,370,251
Total assets in the fair value hierarchy	$1,370,251	-	-	$1,370,251
Investment measured at NAV				$ 201,407
Total Investments				$ 1,571,658

Assets at Fair Value as of December 31, 2018

Description	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 941,192	-	-	$ 941,192
Total assets in the fair value hierarchy	$ 941,192	-	-	$ 941,192
Investment measured at NAV				148,359
Total Investments				$ 1,089,551

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan's investments in the shares of pooled separate accounts are managed by Empower Retirement who is the Custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed in the open market at fair or contract value. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. All these transactions while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Plan issues loans to participants, which are secured by the balances in the participant's account. These transactions also qualify as party-in-interest transactions.

NOTE 7 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested to all the funds in their accounts.

NOTE 8 - TAX STATUS

The Plan is patterned after a prototype plan, that has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements

NOTE 9 – PROHIBITED TRANSACTIONS

During the year 2019 and 2018 certain participant contribution amounting to $ 99,666 and $ 108,516 respectively, were not deposited on a timely basis with the custodian. The Company estimated the amount of corrective lost earnings to be $ 429 and $245 as of December 31, 2019 and 2018, respectively. This is shown in Other Receivable in the Statement of Net Assets Available for Benefit as of December 31, 2019 and 2018

NOTE 10: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2020, which is the date the financial statements were available to be issued. The Plan has concluded that no events or transactions have

occurred, other than those discussed below, which would require adjustments or disclosures in the financial statements.

In March 2020, the World Health Organization ("WHO") categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic and the COVID-19 outbreak was declared as a national emergency. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report and has resulted in market volatility of which the impact cannot be reasonably estimated at this time. The potential economic impact brought by, and the duration of COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the President of United States signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" that includes several relief provisions available to tax-qualified retirement plans and certain eligible participants. The features within these acts are currently being assessed but have not yet been implemented.
