NOTE 1 – DESCRIPTION OF PLAN

The following description of Priority Care Group, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan open to substantially all employees of Priority Care Group, LLC and participating affiliated entities (collectively the "Company"). The Plan has 32 participating affiliated entities in 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan offers investment options through a group annuity contract (the "Contract") issued by John Hancock Life Insurance Company ("John Hancock"), custodian of the Plan's assets. Through the Contract, contributions made into the Plan are invested in a pooled separate account with sub-accounts which invest solely in underlying mutual funds and a stable value fund. Amounts allocated to a pooled separate account are credited to a participant's account in the form of accumulation units.

Eligibility: All employees of the Company are eligible to participate in the Plan. Employees may enter the Plan on their date of employment.

Contributions: Participants may make voluntary pre-tax contributions or after-tax (Roth) contributions by means of a salary deferral agreement of up to 100% of their compensation, subject to IRS limitations for the Plan year. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions to a maximum of $6,000 in 2019. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute discretionary matching contributions to participant accounts, which are determined annually. Discretionary employer matching contributions for non-union employees for 2019 are equal to 20% on the first 5% of employee deferrals with a maximum of 1%. Discretionary employer matching contributions for non-union employees were in effect for employees of one location (Barre Gardens Nursing and Rehab). Discretionary matching contributions for unionized employees are made in accordance with the respective contract between the union and the affiliated entity. Participants become eligible to receive matching contributions after one year of service with 1,000 hours. For the purpose of employer matching contributions, the Plan allows for semiannual entry on the first day of the first month and seventh month of the Plan year upon reaching the eligibility requirements. Management calculates and remits the discretionary employer matching contribution in total subsequent to year-end and, as such, these amounts are presented as employer contributions receivable at December 31, 2019 and 2018 in the accompanying statements of net assets available for benefits.

In addition, the Company may contribute discretionary non-elective profit sharing contributions to the Plan. During 2019, no non-elective profit sharing contributions were contributed by the Company.

Investment options: Currently, participants are able to direct their contributions into pooled separate accounts ("PSAs") maintained by John Hancock. Participants are able to transfer funds among all investment options, subject to certain limitations on the timing of such transfers imposed by the PSA.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's discretionary matching and discretionary non-elective profit sharing contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in both their voluntary contributions and any discretionary employer contributions plus any affiliated earnings thereon.

Participant notes receivable: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of $50,000 or 50% of the participant's vested account balance with a minimum of $1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence in which case the term may not exceed ten years. The loans are secured by the participant's entire vested account balance. The interest rate for each loan is based on the bank's prime lending rate on the loan issuance date plus 1%. Interest rates on loans outstanding at December 31, 2019 ranged from 4.25% to 6.50%.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the participant is taxed on the entire outstanding balance of the loan and accrued interest through the date of default.

Any existing loan balances become due and payable in full upon a participant's date of termination. If the participant elects not to repay the outstanding loan balance and accrued interest, their vested account balance will be reduced by the remaining outstanding balance of the loan and the participant will incur taxes for the outstanding loan balance plus any accrued interest.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or partial payments. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. In case of hardship, a participant may apply for a distribution as described in the Plan agreement. Lump sum distributions are required if the vested balance is $1,000 or less. Additionally, in-service distributions are permitted for participants meeting certain age and length of service requirements.

Administrative expenses: Expenses for the Plan's investment managers, administrators, attorneys, and auditors are paid by the Plan or the Company at the Company's discretion.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible and recorded as a benefit payment based on the terms of the Plan agreement.

Investment valuation and income recognition: Investments are reported at fair value using the methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian of the Plan.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Net gain (loss) from pooled separate accounts includes the Plan's gains and losses on investments bought and sold as well as held during the year, along with any capital gain distributions received.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 15, 2020, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

> Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
>
> Level 2 **–** inputs to the valuation methodology include:
>
> a) Quoted prices for similar assets or liabilities in active markets;
> b) Quoted prices for identical or similar assets or liabilities in inactive markets;
> c) Inputs other than quoted prices that are observable for the asset or liability;
> d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
>
> If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3 **-** inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value:

> ***Pooled separate accounts***: Valued at the net asset value of the units held by the Plan at year end. The net asset value as provided by the custodian is used as a practical expedient to estimate fair value. The pooled separate accounts do not have finite lives, unfunded commitments relating to those types of investments, or significant restriction on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Pooled-separate accounts [(a)]	$ -	$ -	$ -	$ 12,560,584
Total	$ -	$ -	$ -	$ 12,560,584

	Assets at Fair Value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Pooled-separate accounts [(a)]	$ -	$ -	$ -	$ 10,296,879
Total	$ -	$ -	$ -	$ 10,296,879

(a) Investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

For the years ended December 31, 2019 and 2018, there were no transfers between Levels.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company, the custodian of the Plan's assets as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

	December 31,	
	2019	2018
Net assets available for benefits:		
Participant notes receivable	$ 330,066	$ 272,340
Investments, at fair value	12,560,584	10,296,879

	Year ended December 31, 2019
Additions to net assets:	
Net gain from pooled separate accounts	$ 1,904,898
Interest income on participant notes receivable	16,966

NOTE 6 – RELATED PARTY TRANSACTIONS

All Plan investments are shares of pooled separate accounts held and managed by John Hancock Life Insurance Company or its affiliated entities. John Hancock is the custodian of the Plan's assets, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

An officer and a shareholder of the Company are trustees of the Plan, as defined in the Plan agreement. These officers do not participate in the Plan.

The Plan issues notes receivable to participants, which are secured by the balances in participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE 9 – PROHIBITED TRANSACTIONS

During the Plan years 2019, 2018, 2017, and 2016, the Company failed to remit participant contributions and loan repayments to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The late contributions and loan repayments, which totaled $45,508 for the year ended December 31, 2019, were remitted in 2019 ($25,881) and 2020 ($19,627). The late contributions and loan repayments, which totaled $407, $267,675 and $16,081 for the years ended December 31, 2018, 2017 and 2016, respectively, were remitted within 2019, 2017 and 2016, respectively. The late contributions and loan repayments for all years are summarized on the attached Schedule of Delinquent Participant Contributions. Because the contributions, loan repayments and lost earnings related to the 2019 delinquent participant contributions and the lost earnings related to the 2018, 2017, and 2016 delinquent participant contributions had not been fully remitted to the participants' accounts by December 31, 2019, the late deposits have not been fully corrected as defined by the Department of Labor. Management anticipates remitting the remaining lost earnings on these contributions in 2020.

Management believes the Plan's unrecorded receivable as of December 31, 2019 in relation to these matters to not be significant to the Plan's financial statements as a whole.

NOTE 10 – SUBSEQUENT EVENTS

Subsequent to year end, the World Health Organization officially declared the Coronavirus Disease 2019 (COVID-19) outbreak a global pandemic. During 2020, the financial markets experienced significant volatility due to the COVID-19 pandemic. As a result, the Plan's investment portfolio has also incurred significant volatility in fair value since December 31, 2019. While the financial markets have significantly recovered as of the date of this report, the future stability and volatility of the financial markets cannot be reasonably estimated at this time.

The COVID-19 pandemic has also created uncertainty for many Plan sponsors who have experienced financial hardships resulting in, amongst other things, reductions to the workforce. While the Plan's sponsor has not experienced such a reduction in workforce, should a more than 20% reduction occur before the subsequent year-end, a partial Plan termination would be triggered resulting in all affected participants to become 100% vested in their account balances at that time, even if they have not yet satisfied the vesting schedule under the Plan.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted and signed into law. The CARES Act provides emergency economic relief in response to the COVID-19 pandemic. There are several key provisions of the CARES Act that affect retirement plans related to hardship distributions, participant loans, and required minimum distributions. In April 2020, the Plan adopted the provision of the CARES Act which increases the amount that Plan participants may borrow; participants may borrow the lessor of $100,000 (increase from $50,000) or 100% (increase from 50%) of their vested account balance until 180 days after the enactment date of the CARES Act. In addition, the Plan adopted the CARES Act provision that waives all 2020 required minimum distributions.
