1. Description of Plan

The following description of Golden Gate Bell, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility

Golden Gate Bell, LLC 401(k) Plan is a defined-contribution plan sponsored by Golden Gate Bell, LLC (the "Company"). The Plan was adopted on January 1, 1999, and most recently amended and restated effective January 1, 2016, for the purposes of providing retirement benefits to eligible employees. Each participant directs his or her own investment in the various funding options. All current employees who are at least twenty-one (21) years of age and have completed one (1) year of service (at least 1,000 hours) are eligible to participate in the Plan, except for union employees, non-resident aliens and leased employees. Eligible employees can start participation in the Plan the earlier of the first day of the seventh month or the first day of the Plan year coinciding with or immediately following the first day of eligibility.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. John Hancock Life Insurance Company (U.S.A.) was the appointed custodian for the Plan in 2019 and 2018, and acted at the direction of the Plan's administrator.

Contributions

Each year, participants in the Plan may defer a portion of their compensation through payroll deductions to the Plan in any percentage of their gross compensation up to fifty percent (50%). The contributions are not to exceed the maximum amount allowable under the provisions of the Internal Revenue Code ("IRC"). The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $19,000 for 2019. Individuals age 50 or over by the end of the Plan year are allowed to make additional contributions to a 401(k) plan, in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($6,000 for 2019) or the participant's compensation for the year reduced by the participant's other elective deferrals.

The Plan provides a safe harbor match. The Company safe harbor matching contribution is one hundred percent (100%) of participant deferral up to three percent (3%) of the participant compensation plus fifty percent (50%) of the participant deferral that exceed three percent (3%) of the participant contribution but do not exceed five percent (5%) of the participant's compensation. In addition, the Plan provides a discretionary employer match. No discretionary match was contributed by the Company in 2019.

Participant Accounts

Each active participant's account is credited with individual contributions, Plan earnings or losses, and the Company's contributions, if any. Allocations are principally based on the participant's earnings, or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Continued

1. Description of Plan, continued

Participant Accounts, continued

Certain investment fees are charged to the funds and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, Safe Harbor employer matching contributions, and net earnings on these contributions, are fully vested when made or earned.

Discretionary employer matching contributions, if any, as well as all earnings on these contributions vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon normal retirement, death, disability, or Plan termination.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500, and up to a maximum amount equal to the lesser of one-half of the vested account value or $50,000. Loan terms range from one to five years, except for loans used to purchase a primary residence, which may exceed five years. The notes receivable from participants are secured by the balance in the participant's account and the interest rate must be one that a bank or other professional lender would charge for making a loan in a similar circumstance. The interest rate used is the prime rate at the date of issuance plus 1%. Interest rates on notes receivable as of December 31, 2019 ranged from 4.50% to 6.50% per annum. Principal and interest is paid ratably though payroll deductions.

Payment of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from the pre-tax elective deferral account, matching contributions, profit sharing contributions, and rollover accounts as long as they are vested, with the exception of hardships that may not be taken from matching contributions or profit sharing contributions. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Continued

1. Description of Plan, continued

Payment of Benefits, continued

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under $5,000 will be made as soon as possible. In the event of a mandatory distribution greater than $1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

Forfeitures

Forfeitures that occur during a plan year will be used to pay expenses related to the administration of the Plan and to reduce future company discretionary contributions. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $10 and zero, respectively. During the year 2019, no forfeited funds were used to reduce administrative fees of the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of pooled separate accounts and guaranteed interest accounts offered by the Plan. Participants may change their investment options at any time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. All of the Plan's investments are held by the custodian under a group annuity contract consisting of guaranteed interest accounts and pooled separate accounts ("PSAs"). The guaranteed interest accounts are not fully benefit-responsive and are valued by the custodian, an insurance company, at fair value, which has closely approximated contract value. Investments in PSAs are stated at fair value as determined by reference to its underlying investments, which are valued at the closing net asset value ("NAV") per share held by the Plan at year-end. The NAV of PSAs is based on the readily available market value of its underlying investments. The PSA NAV is not a publicly-quoted price in an active market. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, and custodian.

Continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Plan document are recorded as a liability with a corresponding addition to corrective distributions.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Information Certified by the Custodian

John Hancock Life Insurance Company (U.S.A.) has prepared and certified as complete and accurate the Plan's schedule of investment assets and notes receivable, transactions, and net realized and unrealized gains and losses on investments and notes receivable, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedules.

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board issued the Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. This ASU removes the requirements to disclose the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy for timing of level transfers, and the valuation processes for Level 3 fair value measurements. This ASU requires entities that calculate NAV to disclose the timing of liquidation of an investee's assets and the date when redemption restrictions might lapse, only if the timing was communicated to the entity or publicly announced, and disclose information on measurement uncertainty as of the reporting date. In addition, this ASU will require entities to present the changes in unrealized gains and losses for recurring Level 3 fair value measurements, as well as the range and weighted-average of significant unobservable inputs used to develop Level 3 fair value measurements, based on materiality. The amendments in this ASU are effective for fiscal years beginning after December 15, 2019. All amendments, with the exception of the disclosures on changes in unrealized gains and losses, Level 3 unobservable inputs and measurement uncertainty information, will be applied retrospectively. Early adoption is permitted. The Plan is currently evaluating the impact that this ASU will have on the presentation of the Plan's fair value measurement disclosures, if applicable.

3. Fair Value Measurements

Accounting standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Continued

3. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis where cost basis is different than fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at the NAV of units of the separate account. The NAV, as provided by the trustee or custodian, is used as a practical expedient to estimating fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. The significant unobservable inputs include the interest rate and credit and liquidity risk.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Guaranteed interest accounts	$ -	$ -	$ 361,168	$ 361,168
Total assets in the fair value hierarchy	$ -	$ -	$ 361,168	361,168
Pooled separate accounts measured at NAV				2,534,655
Investments, at fair value				$ 2,895,823

	Investments at Fair Value as of December 31, 2018

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in pooled separate accounts are managed by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

6. Tax Status

The Plan uses a volume submitter plan document sponsored by National Retirement Services, Inc. National Retirement Services, Inc. received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income tax have been included in the Plan's financial statements.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of a Plan termination, participants would become fully vested in their accounts.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of pooled separate accounts and guaranteed interest accounts offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through October 15, 2020, the date which these financial statements were available to be issued.

9. Subsequent Events, continued

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

In addition, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, passed by Congress and signed into law on March 27, 2020, includes provisions that impact retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from $50,000 and 50% of a participant's vested account balance to $100,000 and 100% of a participants vested account balance. These loans are only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and
- Distributions of up to $100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing "adverse financial consequences" from quarantine, furlough, layoff, or reduced hours due to the coronavirus or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59½, however, the distribution should be added to the participant's taxable income, which can be done over three years. The participant can also repay the amount to the Plan and receive a refund of the taxes paid on it.

The provisions for participants to take loans or distributions is at the discretion of the plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement these provisions.

Management concluded that no other material subsequent events have occurred since December 31, 2019 that requires recognition or disclosure in such financial statements.
