BOBCAT CONTRACTING, LLC
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

1. Description of Plan

The following description of the Bobcat Contracting, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established by Bobcat Contracting, LLC, (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC, for the benefit of eligible employees of the Company and controlled group. All employees of the Company who are U.S. citizens and have completed at least one year of service, as defined in the Plan, and are 21 years of age or older are eligible to participate. The Plan may exclude certain employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan administration - The Plan is administered by the Pension Committee which is appointed by the Board of Directors of the Company. The Plan's trustee, Capital Bank and Trust Company, (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions - Each year, participants may contribute up to the maximum amount allowable under current law of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan also provides for discretionary matching and profit-sharing contributions.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution, Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Participant Loans - Participants may not borrow from their fund accounts.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service. A participant is also 100% vested upon death or disability.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installment payments, not to exceed a participant's lifetime or the joint lifetime of the participant and his or her spouse. Participants are eligible for a distribution due to financial hardship under certain conditions in accordance with the Plan document.

Forfeited Accounts - At December 31, 2019 and 2018, there were no forfeited non-vested accounts. Forfeitures may be used for the payment of the Plan's administrative expenses. In 2019 and 2018, no administrative expenses were paid from forfeited accounts.

2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Expenses - Certain expenses of maintaining and operating the Plan are paid by the Company and are therefore excluded from these financial statements.

Excess contributions - Amounts payable to participants totaling $72,277 and $61,554 as of December 31, 2019 and 2018, respectively, for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction to 2019 and 2018 employee contributions.

Reclassifications - Certain 2018 amounts have been reclassified to conform to the 2019 presentation.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Fair Value Measurements

Generally accepted accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurement

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments as of December 31, 2019 and 2018:

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
December 31, 2019		
Mutual Funds	$ 2,724,792	$ 2,724,792
Money Market Funds	4,465	4,465
	$ 2,729,257	$ 2,729,257

Realized gains and losses included in changes in net assets available for benefits for the year ending December 31, 2019, are reported in net appreciation (depreciation) in fair value of investments.

5. **Fair Value Measurements (continued)**

	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
December 31, 2018		
Mutual Funds	$ 2,096,813	$ 2,096,813
Money Market Funds	1,423	1,423
	$ 2,098,236	$ 2,098,236

Realized gains and losses included in changes in net assets available for benefits for the year ending December 31, 2018, are reported in net appreciation (depreciation) in fair value of investments.

6. **Investments**

Unaudited Information Certified by Capital Bank and Trust Company- The December 31, 2019 and 2018, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Capital Bank and Trust Company in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The information certified includes total investments of $2,729,257 and $2,098,236 at December 31, 2019 and 2018, and related investment income of $485,619 for the year ending December 31, 2019.

7. Related-Party Transactions and Party in Interest Transactions

Certain plan investments are shares of mutual funds managed by American Funds, part of Capital Group Companies. Capital Bank and Trust Company, part of Capital Group Companies, is the trustee and custodian of the Plan's assets and, therefore, qualifies as a party-in-interest. In 2019 and 2018, fees paid to Capital Bank and Trust Company totaled $700 and $809, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

8. Reconciliation of financial statements to Form 5500

As of December 31, 2019 and 2018, the plan had no pending distributions to participants who elected to withdraw from the Plan. Amounts allocated to withdrawing participants are recorded as a liability in the Plan's Form 5500, however, are not recorded as a liability in the financial statements in accordance with generally accepted accounting principles.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Schedule H, Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 2,656,980	$ 2,036,682

9. **Tax Status**

The Plan Sponsor established the plan with the Third Party Administrator effective January 1, 2009. The Internal Revenue Service has informed the Third Party Administrator, by a letter dated March 31, 2008 (updated September 30, 2014), that the Prototype Non-standardized Profit Sharing Plan with CODA are acceptable under Section 401 of the Internal Revenue Code ("IRC").

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

9. **Tax Status (continued)**

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

10. **Subsequent Events**

Generally accepted accounting principles define the period after the balance sheet date during which management shall evaluate events or transactions that may occur for potential recognition or disclosure, the circumstances under which an organization shall recognize events occurring after the balance sheet date and the disclosures that an organization shall make about those events or transactions. Management evaluated all events and transactions that occurred after December 31, 2019, and through October 12, 2020, the date which the financial statements were available to be issued. The Company did not have any material recognizable subsequent events during this period.
