Note 1: Description of the Plan

General

The following description of the Lochridge Priest, Inc. Employee Savings and Retirement Plan (the Plan) for the employees of Lochridge Priest, Inc. (Company) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed sixty days of service and are age 18 or older. Employees are eligible to participate in the Plan the first day of the month coincident with or following satisfaction of eligibility requirements. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Transamerica Life Insurance Company (Transamerica) served as the Plan custodian for the year ended December 31, 2018. Reliance Trust Company served as the Plan custodian for the year ended December 31, 2019. Transamerica is the recordkeeper.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100 percent of their eligible compensation. Employee rollover contributions and employee Roth contributions are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes a discretionary matching contribution and profit-sharing contribution as determined by the Company's managing body. Contributions are subject to certain limitations. During the years ended December 31, 2019 and 2018, the Company made an employer discretionary contribution of 20% of the participant's contribution, up to $1,000, totaling $30,452 and $30,733, respectively. No profit-sharing contributions were made in 2019 and 2018.

Participant Investment Account Options

Investment account options available at December 31, 2019 include mutual funds and an insurance contract. Investment account options available at December 31, 2018 included pooled separate accounts and an insurance contract. Each participant has the option of directing contributions into any of the separate investment account options and may change the allocation to the extent permitted by the individual agreements.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise.

Participant Accounts

Each participant's account is credited with the participant's contribution, earnings on his or her separate account, and allocations of the Company's contribution. Participants' accounts are charged with an allocation of administrative expenses. Allocations of the Company's contributions are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit-sharing portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after six years of continuous service.

Note Receivable from Participants

Effective March 27, 2019, loans were no longer permitted by the Plan.

Prior to March 27, 2019, the Plan document included provisions authorizing loans from the Plan to active eligible participants. Loans were made to any eligible participant demonstrating a qualifying need. The minimum amount of a participant loan was $1,000. The maximum amount of a participant's loan was determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a primary residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the vested interest in their account.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $141 and $7,061, respectively. These accounts will be used to reduce future employer contributions or pay plan administrative expenses. In 2019, employer contributions were reduced by $6,793 from forfeited non-vested accounts. Also, in 2019, administrative expenses were reduced by $2,431 from forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets, changes in net assets and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Quoted market prices, if available, are used to value investments. Mutual funds and pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's fully benefit-responsive investment contract with Transamerica is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Participant loan interest is recorded when received. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the date of transfer.

Reclassifications

Certain reclassifications have been made to the 2018 financial statements to conform to the 2019 financial presentation. These reclassifications had no effect on changes in net assets available for benefits.

Note 3: Information Certified by the Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company, the custodian of the Plan for the year ended December 31, 2018, and Reliance Trust Company, custodian of the Plan for the year ended December 31, 2019, have certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income (loss) and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related-Party and Parties-In-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

For the years ended December 31, 2019 and 2018, the Plan invested in a fund of Transamerica. The plan paid $24,877 and $16,074 of recordkeeping fees to Transamerica during the years ended December 31, 2019 and 2018, respectively.

The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1	Quoted prices in active markets for identical assets or liabilities
Level 2	Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
Level 3	Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

	December 31, 2019 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Mutual funds	$ 3,842,282	$ 3,842,282	$ -	$ -

	December 31, 2018 Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobserv-able Inputs (Level 3)
Pooled separate accounts	$ 3,420,106	$ -	$ 3,420,106	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2019 and 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 6: Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive investment contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and interest to the Plan.

The investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018, to Form 5500:

Net assets available for benefits per the financial statements	$ 3,936,151
Excess contribution payable	10,608
Net assets available for benefits per Form 5500	$ 3,946,759

The following is a reconciliation of net increase (decrease) in net assets available for benefits per the financial statements for the years ended December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net increase (decrease) per the financial statements	$ 925,443	$ (356,700)
Other contributions	-	48,684
Excess contributions payable, prior year	-	(6,188)
Excess contributions payable, current year	(10,608)	10,608
Net income (loss) per Form 5500	$ 914,835	$ (303,596)

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9: Tax Status

The IRS has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 10: Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11: Plan Amendments

Effective March 27, 2019, the Plan was amended to add a Roth contribution option and to disallow Plan loans.

Note 12: Nonexempt Transactions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Company remitted all employee contributions to the Plan, contributions of $14,545 and loan payments of $2,106 were not remitted within the required time period for the year ended December 31, 2019.

Note 13: Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Subsequent events have been evaluated through October 15, 2020, which is the date the financial statements were available to be issued.
