NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the CSC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of the Contemporary Services Corporation (the "Company") who have attained 21 years of age. Employees are eligible to participate in the Plan after one year of service, provided they worked at least 1,000 hours during the prior 12 months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each participant may contribute up to 90% of annual compensation, as defined by the Plan and subject to certain limitations. Catch-up contributions for certain eligible participants are also permitted. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Prior to September 13, 2019, the Company contributed an amount equal to 100% of participant contributions for the first 2% of the participant's compensation to the matching contributions account of each participant. Effective September 13, 2019, the Company ceased matching contributions to participants' accounts. Additional discretionary profit-sharing contributions may be contributed to the Plan at the option of the Company's Board of Directors. The Company's allocation of discretionary contributions is based on each qualifying participant's compensation for the Plan year. No discretionary profit-sharing contributions were approved for 2019.

Participant Accounts: Each participant's account is credited with the participant's contributions, individual account earnings or losses, the Company's matching contributions and an allocation of the Company's discretionary profit sharing contributions, if any, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Forfeitures: Forfeited balances of terminated participants' non-vested accounts are first used to pay any administrative expenses. Any remaining balance is used to reduce future employer contributions.

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are also immediately vested in the Company's matching contributions, plus actual earnings thereon. The Company's discretionary contributions and related investment earnings vest as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon retirement, death or disability, participants are immediately vested in the Company's discretionary contributions.

(Continued)

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in the following forms: lump-sum or installment payments. Upon meeting certain eligibility requirements, participants may also elect to receive an in-service withdrawal.

Upon termination of employment, a participant may have the vested benefits disbursed through a lump sum cash distribution or transferred to another qualified plan. If the vested value of the participant's account exceeds $5,000, the participant may elect to keep the account in the Plan and maintain his or her account in any of the Plan's investment options.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The notes are made on a uniform and non-discriminatory basis, are secured by the participant's account, bear a reasonable rate of interest, and have a defined repayment schedule. Principal and interest are paid through payroll deductions.

Administrative Expenses: Loan origination fees associated with notes receivable from participants and the Plan's recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on the trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefit payments are recorded when paid.

Use of Estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer discretionary contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following describes the valuation methods and assumptions used by the Plan to estimate the fair values of investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Stable Value Fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such funds as reported by the fund managers. The fund invests in separate account contracts and conventional and synthetic investment contracts issued by life insurance companies, banks, and other financial institutions, with the objective of providing a high level of return that is consistent with also providing stability of investment return, preservation of capital and liquidity to pay plan benefits of its retirement plan investors. The fund generally provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirements. However, redemptions by plan participants to reinvest in options that compete with the fund may be delayed up to 90 days. Currently the Plan does not provide for any competing stable value funds or benefit-responsive investment contracts.

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

Investments measured at fair value on a recurring basis for the year ending December 31 are summarized below:

	Fair Value Measurements at December 31, 2019, Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 520,805	$ 520,805	$ -	$ -

Pooled separate accounts*	381,894	-	-	-

(Continued)

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

		Fair Value Measurements at December 31, 2018, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 338,459	$ 338,459	$ -	$ -
Collective trusts*	4,651,539	-	-	-
Stable value fund*	18,610	-	-	-
Pooled separate accounts*	277,055	-	-	-

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds units of pooled separate accounts managed by Principal Life Insurance Company and stable value fund and collective trusts managed by Principal Global Investors Trust Company. Principal Life Insurance Company and Principal Global Investors Trust Company are affiliates of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, trustee to the Plan. Therefore, these transactions and the Plan's payment of fees to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company and its affiliates qualify as party-in-interest transactions. Notes receivable from participants held by the Plan are also considered party-in-interest transactions.

NOTE 7 – INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

(Continued)

NOTE 8 – SUBSEQUENT EVENTS

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan and the Company will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others. This event has triggered significant volatility in financial markets and the overall global economy. As a result, the Plan's individual investments have, and it is presumed will continue to fluctuate in response to the changing market conditions. Plan Management continues to monitor the appropriateness of each investment in the portfolio.

Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2020, which is the date the financial statements were available to be issued.
