1 Description of the Plan

The following description of the Voxpro Group 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a qualified retirement 401(k) plan, sponsored and administered by TELUS International (US) Corp. and certain participating employers under common control, as listed in the Plan’s provisions (collectively, the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was created by the Voxpro Group LLC with an effective date of January 1, 2019 and rolled into the TELUS International US Corp 401(k) Plan (“TIUS 401(k) Plan”) effective January 1, 2020, when TELUS International (US) Corp. acquired majority ownership of the Voxpro Group LLC. All assets were transferred on January 17, 2020 from the Voxpro Group 401(k) Plan to the TIUS 401(k) Plan. The transfer included \$298,667 of investments (note 3), \$10,872 of loans receivable from participants (note 3) and \$20,013 of net payables.

As required by ERISA, the financial statements have been prepared for the period from January 1, 2020 to January 17, 2020, a short year that represents the period up until the date that the assets of the Plan were legally transferred by the Trustee to the TIUS 401(k) Plan, the successor plan.

The Plan’s trustee and record keeper are Great-West Trust Company, LLC and Great-West Life & Annuity Insurance Company, respectively.

Participation

Eligible employees may become participants in the Plan if they have completed six months of service.

Participants direct the investment of all contributions into various investment options offered by the Plan. If no investment options are selected, participants will default into the Qualified Default Investment Alternative.

Participant accounts

Each participant’s account is credited with the participant’s contribution and Plan earnings and charged with applicable administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan documents.

Employee contributions

Eligible employees may elect to contribute up to 75% of their pre-tax compensation or \$19,000, whichever is less, as defined in the Plan document, as allowable under Section 401(k), 402(g) and 414(v) of the Internal Revenue Code (“IRC”).

Notes to Financial Statements

January 17, 2020

Effective January 1, 2020, contributions are remitted into the TIUS 401(k) Plan.

Employee contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants on September 1, 2020.

Vesting

Contributions are immediately 100% vested for the following:

- elective deferrals including Roth 401(k) deferrals and catch up contributions; and
- rollover contributions.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans have to be repaid by five years or 15 years for the purchase of a primary residence. The loans are secured by the balance of the participant's account. There is a \$75 origination fee for each loan that is deducted from the loan proceeds, plus an ongoing annual \$50 fee deducted quarterly from the participant's account of \$12.50.

For a General Purpose Loan, the interest rate is 1.000% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated.

For a Principal Residence Loan, the interest rate is 1.000% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated.

Distributions

No amounts may be distributed to participants from their accounts prior to the termination of employment, death, disability or attainment of age 59 ½ unless the participant has incurred a hardship, as defined by the Plan documents.

Upon distribution, a participant may rollover their vested account balance to another eligible government 547(b), 401(k), 403(b) or 401(a) plan or an Individual Retirement Account.

Administrative expenses

The Employer pays substantially most administrative expenses associated with the Plan, with the exception of certain investment management fees, which are paid by the Plan. Certain redemption and loan distribution and administration fees are paid directly by the Plan participants.

2 Summary of significant accounting policies

Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with generally accepted accounting principles in the United States (“US GAAP”).

Use of estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. The most significant estimates relate to the determination of fair value of investments.

Investment valuation and investment income

Investments held in mutual funds and funds indirectly investing in fully benefit responsive investment contracts are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Distributions are recorded on the effective date.

The Plan presents in the statement of changes in net assets available for benefits the net change in fair value of its investments, which consists of the realized and unrealized gains and losses.

Deemed distributed loans

The Plan administrator will treat a loan to be in default if any scheduled payment remains unpaid beyond the last day of the calendar quarter following the calendar quarter in which the participant missed the scheduled repayment. On a loan default, the participant will incur a taxable deemed distribution, but the Plan will not reduce the participant’s account to discharge the loan unless the participant has also incurred a distributable event under the Plan. The total of loans in default during 2020 was \$nil.

Contributions

Employee contributions are recorded when due to the Plan.

Payment of benefits

Benefits payments are recorded when they have been paid by the Plan.

Loans receivable from participants

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Evaluation of subsequent events

For purposes of the preparation of these financial statements in conformity with US GAAP, management has considered transactions or events occurring through October 14, 2020, which represents the date that the financial statements were available to be issued.

Changes in accounting policies

In August 2018, the Financial Accounting Standards Board ("FASB") issued ASU No. 2018-13, "Fair Value Measurements (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement". The purpose of the update is to modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. For all entities, the amendments are effective for interim and annual reporting periods beginning after December 15, 2019. The adoption of this standard did not have a significant impact on the Plan's financial statements.

3 Information certified by the trustee

The Plan's fair value investments, loans receivable from participants, loan interest income, change in fair value of investments, purchases and sales of investments and net gains (losses) and transfer of Plan investments and loans receivable from participants to the TIUS 401(k) Plan were certified by Great-West Trust Company, LLC, the trustee of the Plan, as at January 17, 2020 and December 31, 2019 and for the period from January 1, 2020 to January 17, 2020. Therefore, in accordance with the request of the Plan's administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, this information was not subjected to US generally accepted auditing procedures by the Plan's independent auditor. This information is disclosed in the following:

5 Fair value measurements

FASB, Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures ("Topic 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access as at the measurement date.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Notes to Financial Statements

January 17, 2020

The following is a description of the valuation methodologies used as at December 31, 2019 to measure assets at fair value:

Mutual funds: Valued at quoted market prices held by the Plan as at year-end.

Fixed annuities: The reported values for fixed annuity options are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund; or (3) an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of group layoffs or early retirement programs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as at December 31, 2019. All investments were transferred to the TIUS 401(k) Plan on January 17, 2020:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
2019				
Mutual funds	291,225	-	-	291,225
Fixed annuities	-	356	-	356
Total investments	291,225	356	-	291,581

There were no transfers between levels in 2020.

6 Income tax status

The Plan is a qualified retirement 401(k) Plan. The Plan is subject to federal laws, such as the ERISA and the IRC, as well as some state laws. The provisions of the Plan are subject to revision due to a change in laws or due to pronouncements by the Internal Revenue Service ("IRS") or Department of Labor. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, thus, the Plan is exempt from federal income taxes.

Notes to Financial Statements

January 17, 2020

US GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No uncertain tax positions were taken by the Plan as at January 17, 2020. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
