NOTES TO FINANCIAL STATEMENTS

FORT SILL APACHE INDUSTRIES 401(K) PLAN

December 31, 2019

NOTE A--DESCRIPTION OF THE PLAN

The following description of the Fort Sill Apache Industries 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Fort Sill Apache Industries, LLC (“Industries”), Apache Homelands Industries, Fort Sill Apache Construction, and Fort Sill Apache Technology (collectively referred to as the “Employers”), who are age twenty-one or older and are not covered under another retirement plan or a collective bargaining agreement. Employees may begin participating in the Plan at the beginning of the month occurring after the employee has met the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was enacted effective May 1, 2016.

Contributions: Participants may make voluntary contributions to the Plan up to the lesser of their annual compensation or the annual limitations imposed by the Internal Revenue Service (“IRS”). The IRS limit was \$19,000 for 2019. Plan participants age 50 and older were eligible to make a catch-up contribution of an additional \$6,000 to the Plan for 2019. The Company also makes a prevailing wage contribution monthly for eligible participants. Rollover and transfer contributions are permitted under the Plan agreement. For the year ended December 31, 2019, the Employers made a matching contribution to the Plan equal to 100% of salary deferrals up to 1% of compensation and 50% of salary deferrals for the next 5% of compensation, for a maximum match of 3.5%.

Participant Accounts: Each participant’s account is credited with the participant’s contributions, Employers’ matching contributions, and Plan earnings. Allocations are based on a participant’s account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting: Participants are immediately vested in their contributions, employer matching contributions, and actual earnings thereon.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant’s account and bear interest at reasonable rates determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Payment of Benefits: Participants who terminate employment due to death, permanent disability or normal retirement may receive all benefits in a lump-sum payment equal to the value of the participant's interest. Participants receiving required minimum distributions at age 70½ may receive such distributions in periodic installments. For termination of service due to other reasons, a participant may receive the value of their vested interest as a lump-sum distribution. At December 31, 2019, net assets available for benefits included approximately \$2,950,000 relating to former participants who have elected, for the present time, to leave their balances intact with the Plan.

Administration: An Industries employee serves as the plan administrator having overall responsibility for the Plan. This includes the power to interpret the provisions of the Plan, determine questions concerning eligibility, participation and benefits, and such other powers and duties as are necessary to the operation of the Plan. The Employers pays all administrative costs of the Plan.

Investment Options: The investments are allocated to a selection of mutual funds as directed by the Plan's participants.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant's loan balance is reduced and a benefit payment is recorded.

Income Tax Status: The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2016.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--CONTINUED

Payment of Benefits: Benefits are recorded when paid.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value estimates. Changes in the market value of investments are recognized at the time of the valuation of the Plan's portfolio as performed by the custodian agent. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Plan Termination: Although it has not expressed any intent to do so, the Employers have the right under the Plan document to discontinue their contributions at any time and to terminate the Plan subject to provisions of ERISA.

Subsequent Events: Subsequent events have been evaluated through October 8, 2020, which is the date the financial statements were available to be issued.

NOTE C--INVESTMENT CONCENTRATION, RISKS AND UNCERTAINTIES

As of December 31, 2019, approximately 69% of Plan assets consist of four mutual fund investments.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE D--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at the price. The mutual funds held by the Plan are deemed actively traded.

NOTE D--FAIR VALUE MEASUREMENTS--CONTINUED

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy (if applicable), the Plan's assets at fair value as of December 31:

		2019			
Investments		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 4,154,928	\$ -	\$ -	\$ 4,154,928
Investments measured within the fair value hierarchy		\$ 4,154,928	\$ -	\$ -	4,154,928
Money market fund *					22,165
Total Plan investments					\$ 4,177,093

		2018			
Investments		Level 1	Level 2	Level 3	Total
Mutual funds		\$ 2,913,417	\$ -	\$ -	\$ 2,913,417
Investments measured within the fair value hierarchy		\$ 2,913,417	\$ -	\$ -	2,913,417
Common collective trusts *					1,165,960
Total Plan investments					\$ 4,079,377

* - Certain investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value of investments in the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.
