INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
King Aerospace Group 401(k) Plan

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the King Aerospace, Inc. 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company ("Principal"), custodian of the Plan, except for comparing such information with the related information included in the financial statements. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held (at end of year) and schedule of delinquent participant contributions as of December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the King Aerospace, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the benefit of the employees of King Aerospace, Inc. (the Company). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2016, the Plan was amended to change the name of the Plan from the King Aerospace Group 401(k) Plan to the King Aerospace, Inc. 401(k) Plan. The Plan was also amended to institute an automatic deferral rate (see Eligibility below).

Eligibility

Employees of the Company, except those covered by any collective bargaining agreement, who have reached 18 years of age are eligible to participate in the Plan on the first day of the month after date of hire. Participants will be automatically enrolled at a contribution rate of 6% of pre-tax eligible earnings in the default investment options under the Plan. This percentage will automatically increase each January 1 by 1% up to a maximum of 10%. A participant may elect either to change the contribution rate or to not participate in the 401(k) Plan. Employee contributions are immediately 100% vested.

Employee Contributions

Under the provisions of the Plan, participating employees may elect to defer up to the maximum amount allowed by the Internal Revenue Code (IRC) and have the deferred amount contributed to the Plan on their behalf. The Plan provides for self-directed investments whereby participants may invest in any of the Plan's investment options. Employee contributions are allocated to each participant's account based upon the participant's elections. Employees may increase or decrease their deferral rate monthly.

Employer Contributions

The Company may make a discretionary matching contribution equal to a percentage of participants' deferrals. For the year ended December 31, 2019, the Company made $257,413 in matching contributions. The Company may also make additional discretionary contributions. No additional discretionary contribution was made for the year ended December 31, 2019. The Company's matching contribution would be allocated to each participant's investment accounts based upon the participant's elections.

Participant Accounts

Each participants account is credited with the participant's contributions and the Company's matching and discretionary contributions. Plan earnings and losses are allocated based on participant account balances, as defined.

Participants' Investment Options

Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator.

Vesting

Participant's salary deferral contributions the earnings thereon, and the Company's matching deferrals are fully vested at all times and are not subject to forfeitures for any reason. Additional Company contributions and earnings thereon become vested as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A year of service for vesting purposes is defined as at least 1,000 hours of service accumulated in a plan year.

Additionally, the balance in a participant's company contribution account shall become fully vested and non-forfeitable upon the occurrence of any of the following events:

- Attainment of retirement age of 65,
- Attainment of age 55 and completion of 5 years of vesting service,
- Termination of employment as a result of disability.
- Termination of employment as a result of death,
- Termination of the Plan, or
- Complete discontinuance by the Company of contributions to the Plan

Payment of Benefits

Upon retirement, death, disability or termination of employment, the vested balance in a participant's account will be distributed to the participant in a lump sum distribution.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is recorded when earned. Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum amount of a note is $1,000 and a participant may only have one outstanding note. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator at the time of the note. Note terms are for a maximum of five years. Principal and interest are paid ratably through monthly payroll deductions.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to first pay administrative costs of the Plan, then any remaining forfeited amounts are used to reduce future Company contributions. Forfeited non-vested accounts totaled $344 and $256 at December 31, 2019 and 2018, respectively. During the year ended December 31, 2019, $11,113 of forfeitures were allocated to participant accounts.

Administrative Expenses

Some of the administrative expenses of the Plan are paid directly by the Plan Participants; additionally, nominal fees for loan processing are charged to the participant and are deducted directly from the participant's account. Certain administrative expenses were paid by the Company in 2019.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note 11). Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned.

The Plan presents in the accompanying Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Investment contracts considered benefit-responsive held by a defined-contribution plan are required to be reported at fair value, even though contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a stable value fund with Principal Life Insurance Company ("Principal"), which is a benefit-responsive investment contract, held in a common collective trust fund.

The unallocated investment option consists of a guaranteed interest account under a guaranteed benefit policy. The guaranteed interest account is reported at fair value as determined by Principal. The guaranteed interest accounts' fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents guaranteed interest account values adjusted to reflect current market interest rate only to the extent such market rates exceed contract crediting rates. This value represents contributions to the guaranteed interest account plus interest at the contractually guaranteed rate, less funds used to pay plan benefits and Principal's administrative expenses.

The separate accounts of Principal represent contributions invested in pools of domestic and international common stocks, highly quality short-term debt securities, real estate, private market bonds and mortgages and high-yield fixed-income securities which are slightly below investment grade, all of which are valued at fair value.

Note 3 - Information Certified by Custodian

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Principal and furnished to the plan administrator.

The plan administrator has obtained certifications from the custodian that the information provided to the plan administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and related income:

	2019	2018
Investments at fair value:		
Pooled separate accounts	$ 6,251,578	$ 4,754,150
Common collective trusts	341,978	77,246
	$ 6,593,556	$ 4,831,396

Principal also certified to the completeness and accuracy of $1,024,613 of net realized and unrealized gains in fair value of investments for the year ended December 31, 2019.

Note 4 - Plan Termination

While there is no intention to do so, the Company reserves the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their entire account balances and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 5 - Party-in-Interest Transactions

A portion of the Plan's investments includes shares of PSA's that are managed by the Trustee. The Trustee is the custodian of these investments as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Note 6 - Prohibited Transactions

During 2018 and 2019, the Company failed to remit, within the period prescribed by Department of Labor regulations, to the Plan's trustee certain employee contributions totaling approximately $486,756. The Company remitted the payments with earnings to the Plan during 2018 and 2019.

Note 7 - Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 8 - Income Tax Status

The Plan adopted a prototype standardized plan through Principal Life Insurance Company and the Internal Revenue Service has determined and informed Principal Life Insurance Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Recent Accounting Pronouncements

In August, 2018, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update 2018-13, “Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement.” The new standard modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, including adjustments to Level 3 fair value measurement disclosures as well as the removal of disclosures around Level 1 and Level 2 transfers. This update is effective for the fiscal year beginning January 1, 2020, with early adoption permitted. The amendments to the guidance will be applied on a prospective or retrospective basis, in accordance with the requirements of the new standard. Plan management plans to adopt this standard on January 1, 2020, and does not expect a material impact upon adoption.

Note 10 - Subsequent Events

The Plan’s management evaluated for subsequent events occurring after December 31, 2019 (the financial statement date) through October 14, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared COVID-19 to be a pandemic. The outbreak of the COVID-19 pandemic has severely impacted global economic activity and caused significant volatility and negative pressure in financial markets. Because of the uncertainty impacting the financial markets during this time, management is unable to estimate the impact of the pandemic on assets of the Plan.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was signed into law. The CARES Act includes relief provisions available to tax-qualified retirement plans and their participants. This relief includes the following for qualified participants: a temporary waiver of required minimum distributions, a temporary waiver of early withdrawal penalties for COVID-19 related distributions, and a temporary increase in the maximum amount for retirement Plan loans.

Note 11 – Fair Value Measurements

The guidance for fair value measurement requires additional disclosures about the Plan's assets and liabilities that are measured at fair value. The following tables present information about the Plan's financial assets that are measured at fair value on a recurring basis and indicates the fair value hierarchy of the valuation techniques utilized by the Plan to determine such fair values. Financial assets carried at fair value are classified and disclosed in one of the following three categories:

Level 1: Quoted prices for identical instruments in active markets.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value driver is observable.

Level 3: Unobservable inputs used when little or no market data is available

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement falls has been determined based on the lowest level input (closest to Level 3) that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts ("PSA"): are privately managed through investment companies and are not publicly quoted. PSAs are comprised, primarily, of shares of registered investment companies held through sub-accounts of an insurance company. The PSAs are valued using net asset value ("NAV") as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held through sub-accounts of a separate account of an insurance company. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. The Plan has concluded that the NAVs reported by the investment companies approximate the fair value of the investments. There are currently no redemption restrictions or unfunded commitments on these investments.

Collective trust fund: The Principal Stable Value Fund, held in a collective trust fund, invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the stable value fund is to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets. The investments are valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Common Collective Trusts*	$ -	$ -	$ -	$ 341,978

Total investments at fair value	$ -	$ -	$ -	$ 4,4831,396

*In accordance with fair value measurement guidelines, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts

presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statement of net assets available for benefits.

The Company evaluates the significance of various inputs to assess the appropriate classifications of the Plan's investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Transfers between levels are evaluated for their significance based upon the nature of the investments and size of the transfer relative to the net assets available for benefits. For the years ended December 31, 2019 and 2018, there were no transfers between levels within the fair value hierarchy.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2019:
