HILL GROUP HEALTHCARE MANAGEMENT, INC.
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE A – DESCRIPTION OF THE PLAN

The following description of the Hill Group Healthcare Management, Inc. (the “Company”) 401(K) Retirement Plan (the “Plan”) provides only general information. The Plan covers various dealerships managed by Hill Group Healthcare Management, Inc. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the companies who have completed one year of service and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan became effective April 1, 1990. Amended and restated provisions of the plan became effective January 1, 2018.

Contributions

Participants may elect to contribute a portion of their pay each period to the Plan. Participants may contribute the lesser of \$19,000 and \$18,500 for 2019 and 2018, respectively. If a participant reached age 50 in 2019 or 2018, the participant could contribute an additional \$6,000 to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. These deferred contributions (salary deferrals) are not subject to federal or state income tax when the contribution is made to the Plan, instead they are taxed when paid from the Plan. Employees may revoke their election at any time during the year.

For the plan years ended December 31, 2019 and 2018, the Company made matching discretionary contributions equal to lesser of 30% of amounts contributed by a participant during each plan year, or 5% of 30% of wages.

Participant Accounts

Each participant’s account is credited with (a) the participant’s contribution, (b) the Company’s contributions, and (c) Plan earnings. Each participant’s account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s contributions portion of their accounts is based on years of continuous service.

NOTE A– DESCRIPTION OF THE PLAN (CONTINUED)

Vesting (continued)

Participants are vested in Company contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Net assets available for benefits include the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments. These participants share in the earnings of the investments.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reason, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, the Plan has provisions for an active participant to receive hardship withdrawals from his or her account, subject to limitations and restrictions.

In certain hardship situations, as described in the Plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participant's withdrawals are limited to deferred account balances and may not include any interest accrued thereon.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1% (6.00% for all loans in 2019 and 2018). Principal and interest is paid ratably through monthly payroll deductions and interest is recognized as it is paid under GAAP.

Forfeited Accounts

Forfeitures occur when participants terminate employment before becoming fully vested in employer contributions to the Plan. At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$2,503 and \$1,994, respectively. Forfeited amounts may be used to reduce administrative expenses

and then future employer contributions to the Plan. For the years ended December 31, 2019 and 2018 there were \$0 and \$3 of forfeitures utilized to offset administrative expenses, respectively, and \$1,051 and \$2,348 of forfeitures utilized to offset employer contributions, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting under accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contributions

Contributions are recognized when received by the Plan. Participant contributions under accounting principles generally accepted in the United States of America are recognized when they are withheld. Employer contributions under accounting principles generally accepted in the United States of America are recognized in accordance with the requirements of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Operating Expenses

All expenses of maintaining the Plan are absorbed by the Plan participants.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Reclassifications

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

NOTE C – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company, has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, the respective participant interest, net of any termination fees, will be distributed to each participant, in accordance with the trust agreement.

NOTE D – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to be complete and accurate by the Principal Financial Group.

	<u>2019</u>	<u>2018</u>
Investments, at fair value	\$ 4,455,436	\$ 3,628,583
Investments, at contract value	162,755	165,570

Interest income	2,204	360
Net unrealized gain (loss) in fair value of investments	(864,262)	(274,503)

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan has entered into an investment contract with Principal Financial Group (Principal) in the role of insurance carrier and plan trustee. Principal maintains the contributions in pooled separate accounts and guaranteed investment contracts. The pooled separate accounts are valued at the

underlying net asset value on a daily basis, which closely approximates fair market value. The funds may be redeemed on a daily basis. Fully benefit-responsive investment contracts are valued at contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administration expenses.

NOTE F – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- a. Quoted prices for similar assets or liabilities in active markets
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets
 - c. Inputs other than quoted prices that are observable for the asset or liability
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs that are unobservable inputs for the asset or liability.

The following table set forth by level, within the fair value hierarchy, the Plans; assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Investments Measured Using the Net Asset Value per Share Practical Expedient

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefit.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant or plan redemption restrictions for these investments.

NOTE G – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The plan has entered into investment contracts with Principal Financial Group. These contracts meet the fully-benefit responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participants withdrawals, and administrative expenses.

HILL GROUP HEALTHCARE MANAGEMENT, INC.
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE G – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (continued)

The fully benefit-responsive investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credit rating is based on a formula established by the contract issuer. The credit rate is reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. If the plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the plan's account manager. There are no such restrictions on participant-initiated transactions.

NOTE H – TAX STATUS

The Internal Revenue Service has determined by letter dated April 1, 1990, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE I – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Principal Life Insurance Company and Principal Trust Company. Principal Financial Group, a member of the Principal companies is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in the net appreciation in the fair value of the investments as they are paid through revenue sharing, rather than as direct payments.

NOTE J – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 10, 2020, the date on which the financial statements were available to be issued. No events occurred that would require adjustments to, or disclosures in the financial statements.
