## Notes to Financial Statements

---

### 1. Description of the Plan

The following description of the Crawford United 401(k) Plan (the Plan), formerly known as the Hickok Incorporated Employee Savings and Retirement Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan is a participant-directed defined contribution plan covering substantially all employees of Crawford United Corporation (formerly known as Hickok Incorporated) and its subsidiaries (the Company). Employees become eligible to participate in the Plan after completing one consecutive month of service (as defined) with the Company. Prior to January 22, 2019, employees were not eligible to participate until attaining 21 years of age. Participants are automatically enrolled in the Plan on the first day of the month, on or after the eligibility requirements are met, unless they affirmatively elect not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### *Contributions*

Participants may elect to contribute between 2% and 100% of compensation, as defined in the Plan, or the legal limitation for the applicable year. Contributions can be made on a pre-tax or Roth basis. Participants who have attained age 50 before the close of the Plan year may also make catch-up contributions to the Plan, up to limits prescribed. Participants may also contribute amounts representing distributions from other certain qualified plans. The Company makes a matching contribution on behalf of each participant equal to 50% of the participants' contributions up to 6% of compensation that a participant contributes to the Plan. Additional profit-sharing contributions may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

There were no discretionary profit-sharing contributions made during 2019.

#### *Participant Accounts*

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Plan's earnings and administrative fees, as defined by the Plan document. Allocations of earnings are based on participant account balances. Profit-sharing amounts contributed to the Plan by the Company are allocated to participant accounts based on compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions are invested at the election of the participants in funds maintained by the Plan's trustee, Ascensus Trust Company. Participants may elect to have contributions allocated between funds.

#### *Vesting*

Participants are 100% vested in their own contributions plus earnings thereon. Participants fully vest at 100% in employer matching and profit-sharing contributions immediately upon contribution. A participant must work at least 1,000 hours during the Plan year to earn a year of vesting service.

## **Notes to Financial Statements**

---

### ***Payment of Benefits***

Upon normal retirement age (65), termination of employment, death or disability, participants or their beneficiaries may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution or partial payment. Withdrawals may also be made upon attainment of age 59 ½ and circumstance of financial hardship as defined in the Plan. The Plan complies with applicable sections of the Internal Revenue Code (IRC) regarding mandatory cash-out distributions. Account balances of \$1,000 or less for terminated participants are automatically distributed to the participant in the form of a lump sum payment.

### ***Forfeiture Accounts***

If, upon termination of employment, a participant is not 100% vested in his or her account balance, the non-vested portion will become a “forfeiture” upon the date that the participant receives a distribution of their vested account balance. Forfeitures of terminated participants’ non-vested accounts are applied to administrative expenses or to reduce future Employer contributions. At December 31, 2019 and 2018, the balance of unused forfeitures was \$0 and \$1,001, respectively. For the year ended December 31, 2019, forfeitures used to reduce administrative expenses were \$1,001.

### ***Notes Receivable from Participants***

Participants may borrow from their mutual fund accounts registered investments in any amount equal to or greater than \$1,000 up to the lesser of one half of the participant’s vested account balance or \$50,000. Participants will not be permitted to borrow from their accounts funded by Roth deferrals. The notes are secured by the vested balance in the participant’s account and bear interest computed using the prime rate plus 1%. Interest rates ranged from 4.25% to 6.50% as of December 31, 2019, and 4.25% to 6.25% as of December 31, 2018. Principal and interest are paid ratably through payroll deductions over a period of five years or less, unless the note is used to purchase a participant’s principal residence.

### ***Administrative Expenses***

Certain administrative expenses are paid by the Company. Administrative expenses not paid directly by the Company may be paid from the Plan in accordance with Plan provisions.

## **2. Summary of Significant Accounting Policies**

### ***Basis of Presentation***

The financial statements are prepared in conformity with generally accepted accounting principles in the United States of America (GAAP).

### ***Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s valuation methodology used to measure the fair value of common / collective trusts as of December 31, 2019 and 2018 is derived from the net asset value (NAV) of units held by the Plan at December 31, 2019 and 2018. The NAV, as provided by the trustee, is used as a

# Crawford United 401(k) Plan

## Notes to Financial Statements

---

practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. See Note 3 for discussion of fair value measurements.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### ***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

### ***Benefit Distributions***

Benefit distributions are recorded when paid to participants.

### ***Use of Estimates***

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### ***Risks and Uncertainties***

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate and market fluctuations. Due to the level of risk associated with certain investment securities, as well as the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

### ***Recent Accounting Pronouncements***

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 eliminates certain disclosures including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements and, for nonpublic entities, the change in the Level 3 investments' unrealized gains and losses included in earnings. This ASU also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll-forward. ASU No. 2018-13 is effective for periods beginning after December 15, 2019. Early adoption is permitted. Management is currently evaluating the impact of this ASU on the Plan's financial statements.

# Crawford United 401(k) Plan

## Notes to Financial Statements

---

### ***Subsequent Events***

The Plan has evaluated subsequent events through September 4, 2020, which is the date the financial statements were available to be issued. See Note 10.

### **3. Fair Value Measurements**

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

*Registered investment companies (mutual funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

*Common / collective trusts:* The Plan's investments in common / collective trusts held by the Plan are valued using NAV as a practical expedient, as reported by the trustee, based on the underlying investments. The common / collective trusts held by the Plan provide for daily redemptions by the Plan at the reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date.

# Crawford United 401(k) Plan

## Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

| <i>December 31, 2019</i>          | Fair Value Measurements at Reporting Date Using |             |             |                     |
|-----------------------------------|-------------------------------------------------|-------------|-------------|---------------------|

(a) Certain investments are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

### 4. Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held as of December 31, 2019 and 2018, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2019, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the trustee. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements and supplemental schedules.

### **5. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### **6. Income Tax Status**

The Internal Revenue Service (IRS) ruled on January 1, 2018 that the Non-Standardized Prototype for Profit-Sharing Plan with CODA (the prototype plan of Ascensus LLC upon which the Plan is based) qualifies under section 401(a) of the IRC and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

### **7. Partial Plan Termination**

As a result of a divestiture by the Company in 2018, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting in the employer's matching contributions is required for the affected participants, but the remaining participants' vesting continues to be determined per the Plan provisions.

All affected employees who were participants in the Plan were fully vested in their account balances at the date of the partial plan termination.

### **8. Party-in-Interest Transactions**

Transactions that qualify as party-in-interest transactions consist of notes receivable from participants, Plan audit fees, and administrative fees paid to the trustee of the Plan. Fees paid by the Plan for these services for the year ended December 31, 2019 were \$48,427.

### **9. Prohibited Transactions**

During the year ended December 31, 2019, the Plan sponsor inadvertently failed to segregate and remit in a timely manner certain participants' contributions from its assets within the required time period as specified by the DOL Reg. 2510.3-102. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. Contributions remitted late to the Plan totaled \$991, and lost earnings associated with these late remittances were paid by the Plan sponsor to participant accounts in 2020.

### 10. Subsequent Events

Effective January 1, 2020 the CAD Enterprises, Inc. 401(k) Plan, which covered substantially all employees of CAD Enterprises, Inc., a subsidiary of Crawford United Corporation, merged with the Plan.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 Outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 Outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 Outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000;
- Increased the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.

Although Plan management cannot estimate the length or gravity of the impact of the COVID-19 Outbreak at this time, if the pandemic continues, it may have an adverse effect on the Plan.

In May 2020, the Company suspended the employer match due to economic conditions resulting from the COVID-19 pandemic. The Company is uncertain when the employer match will be reinstated.
