AD ART COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2019

NOTE 1: DESCRIPTION OF PLAN

The Ad Art Company 401(k) Plan (the "Plan") is a defined contribution plan sponsored by R.J. Acquisition Corp. dba The Ad Art Company (the "Company"). The following description of the Plan provides only general Plan information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all non-union employees of the Company employed for three months and who have attained age 18. An employee who has met the eligibility requirements can enter the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrative Committee is responsible for the operation and administration of the Plan.

Contributions:

Participants may make pre-tax and/or Roth 401(k) contributions up to the maximum allowed by law. However, participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant accounts:

Each participant's account is credited with the participant's contributions and an allocation of Plan earnings. Each participant's account is charged with an allocation of management fees. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in all contributions plus actual earnings thereon.

(Continued)

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 reduced by the excess (if any) of the highest outstanding notes receivable balance during the last 12 months over the outstanding balance of notes receivable on the date the note receivable is made. Notes receivable terms range from one to five years, or a reasonable period of time longer than five years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear a reasonable interest rate determined by the Plan administrator based on prevailing interest rates charged by other lenders for similar types of loans. Interest on notes receivable from participants was charged at rates ranging from 3.25% to 5.50% per annum during the year ended December 31, 2019. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits:

On termination of service due to retirement, death, disability, or other reasons, a participant with an account balance that exceeds $5,000 may elect to 1) receive a lump-sum distribution, 2) transfer the vested balance to a qualified plan, or 3) leave the vested balance in the Plan. If a participant's account balance does not exceed $5,000, and an election to receive a distribution from the Plan in either a lump sum or direct rollover into a qualified plan is not made at the time of termination, the participant will automatically receive a lump-sum distribution or have their vested balance rolled over to an individual retirement account established for the participant. The Plan also provides for in-service distributions for participants after attaining age requirements or other requirements as defined in the Plan agreement.

Hardship withdrawals:

A participant may be permitted to withdraw a portion or all of the balance of their account that is attributable to the participant’s deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and cash equivalents:

The Plan considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investment valuation and income recognition:

Investments, as certified by Ascensus Trust Company, ("the Trustee"), are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded as reported by the Trustee. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold, as well as, held during the year. Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced, and a benefit payment is recorded.

Payment of benefits:

Benefits are recorded when paid.

(Continued)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Excess participant contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to participant contributions. Excess contributions as of December 31, 2018 amounted to $4,670, which was returned to plan participants in 2019. There were no excess contributions as of December 31, 2019.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation in fair value of investments.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan assets are held by the Trustee pursuant to the Trust Agreement which provides that all funds received by the Trustee shall be held, administered, invested, and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries.

The following information included in the accompanying financial statements and supplemental schedule was obtained or derived from data that has been supplied to the Plan administrator and certified as complete and accurate by the Trustee at December 31, 2019 and 2018.

	2019	2018
Investments, at fair value	$ 3,628,241	$ 3,089,586
Investment income:		
Dividends and interest	$ 75,501	
Net realized and unrealized appreciation in fair value of investments	$ 474,454	

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

(Continued)

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

All of the Plan's investments were in level one at December 31, 2019 and 2018. Under level one, inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments in mutual funds are valued at the closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

Fees charged to the Plan by the Trustee for administrative expenses amounted to $1,032 for the year ended December 31, 2019.

NOTE 6: TAX STATUS OF THE PLAN

The Plan obtained its latest determination letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. There are no uncertain tax positions as of December 31, 2019 and 2018. The Plan is subject to routine audits by the IRS and/or the Department of Labor. There are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Some of the Plan's assets are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

NOTE 9: SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. Market disruptions associated with COVID-19 pandemic have had a global impact, an uncertainty exists as to the long-term implications. Such disruptions may adversely affect the Plan's investments. The impact of COVID-19 continues to evolve rapidly, and the Company is not able at this time to estimate its full impact on the Plan's financial statements. The Company is continuing to monitor this development and evaluate its impact on the Plan's assets.

The Plan has evaluated subsequent events through October 15, 2020, the date which the financial statements were available to be issued. Except as disclosed, there were no other subsequent events noted that would require adjustment to or disclosure in these financial statements.
