Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

1. Description of Plan

The following brief description of the Summit Fire Protection, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on April 1, 1999. Summit Fire Protection, Inc. (the Company or Plan Administrator) is the Plan Sponsor. Employees with years of service with Fireguard Sprinkler Service, Aquarius Sprinkler, Inc., St. Cloud Fire and Equipment, Northland Fire & Security, Inc., Minnesota Conway Fire & Safety, Inc., Advanced Fire Protection Services, Inc., and North Star Fire Systems, affiliates of the Company, are also considered employees under the Plan. Plan administrative expenses are paid by the Plan, and audit fees for the Plan are paid by the Company. All employees who have reached age twenty-one are eligible to enroll in the Plan on the first day of the next month following the date they meet this requirement. The Plan is subject to the provisions of ERISA, as amended and the Internal Revenue Code ("IRC").

Contributions

Participants may contribute up to 100% of their eligible compensation to the Plan on a pretax basis, subject to IRC limits. Participants are also allowed to make Roth 401(k) deferrals. Newly eligible employees are automatically enrolled in the Plan unless an affirmative election is made. Participants age 50 or older are allowed to make catch-up contributions set forth by the IRC. Participants may roll over amounts representing distributions from other qualified plans into the Plan.

The Company, at its discretion, may annually contribute a percentage of each participant's pre-tax annual base compensation, provided the participant is employed on the last day of the year. For 2019 and 2018, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan of each participant's annual pre-tax compensation. The Company made discretionary matching contributions for the year ended December 31, 2019 of approximately \$913,000. Contributions are subject to a compensation ceiling and annual limitations prescribed by the IRC.

Participant Accounts

Participants' accounts are credited with their 401(k) contributions, rollover contributions, Company matching contributions, and allocations of profit sharing contributions and Plan earnings as set for in the Plan. Allocation of profit sharing contributions is based on compensation. Earnings are allocated based on participants' account balances. Participants are also charged with an allocation of administrative expenses either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in employer matching contributions and earnings thereon based on years of service as scheduled in the Plan document and become fully vested after five years.

Investment Allocation

Assets of the Plan are held in various funds as determined by the Company. All accounts are participant directed. Participants may change their investment allocation daily.

Notes to the Financial Statements

December 31, 2019 and 2018

1. Description of Plan (Continued)

Forfeitures

Forfeitures of non-vested matching and profit sharing contributions, including earnings thereon, may be used to pay Plan expenses or reduce the amount of any Company contribution. At December 31, 2019 and 2018, forfeited amounts totaled \$8,336 and \$3,232, respectively. Forfeitures applied to Plan expenses for the year ended December 31, 2019 were \$22,336.

Notes Receivable From Participants

Eligible participants are able to take out loans on their vested balance. Loans are granted to creditworthy applicants by the Plan Administrator. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may not have more than one outstanding loan at any given time. Interest is charged on the notes based on similar market rates charged by other lenders. Minimum participant payments are required to be made at least quarterly. Notes receivable are secured by the balance in the participant's account, bear interest at 6.50%, and have maturity dates through 2024. Principal and interest are paid via payroll deduction according to the amortization schedule prepared by the Company.

Payment of Benefits

A participant's vested benefit is distributed upon death, disability, retirement or termination as soon as administratively feasible following the date on which a distribution is requested or otherwise payable. Distribution may be made in a lump-sum payment or a partial withdrawal. In-service distributions are allowed under the Plan upon attainment of age 59 ½. Accounts of terminated employees with balances less than \$1,000 may be subject to an involuntary cash-out distribution. Plan participants may also be entitled to receive the full vested amount if they can demonstrate hardship, as defined by the Plan.

Plan Termination

The Company has the right to amend, in whole or in part, any or all of the provisions of the Plan at any time. Additionally, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, assets of the Plan will continue to be used to provide benefits until no assets remain in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting - Accrual Method

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the changes therein, and the disclosure of contingent assets and liabilities. The most significant estimate relates to the valuation of investments. Actual results could differ from those estimates.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments in the pooled separate accounts are stated at fair value as determined by Minnesota Life Insurance Company (the Custodian). The Plan's investment in the guaranteed return account is stated at contract value as determined by the Custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments bought and sold during the year, as well as unrealized gains and losses on investments held during the year, are presented in the net appreciation in investments.

Fully Benefit-Responsive Investment Contracts

Accounting standards state that investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits and the statement of changes in net assets available for benefits are prepared on a contract value basis.

Payment of Benefits

Benefit payments are recorded when paid.

Fair Value of Financial Instruments

The Plan's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Plan at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Notes to the Financial Statements

December 31, 2019 and 2018

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events for recording or disclosure in the financial statements through October 20, 2020, the date which the financial statements were available to be issued.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective and operationalized prior to amending the plan document.

Plan management has adopted certain relief provisions included in the CARES Act; however, its future effects on the Plan's net assets available for benefits are uncertain. The Plan will formally be amended by the end of the 2020 Plan year.

3. Fair Value Measurements

The following tables provide information on those assets that are measured at fair value on a recurring basis:

		Fair Value Measurement Using		
December 31, 2019	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 21,540,063	\$ -	\$ -	\$ -
Totals	\$ 21,540,063	\$ -	\$ -	\$ -

		Fair Value Measurement Using		
December 31, 2018	Fair Value Carrying Amount in the Statement of Net Assets Available for Benefits	Level 1	Level 2	Level 3
Pooled separate accounts	\$ 14,408,068	\$ -	\$ -	\$ -
Totals	\$ 14,408,068	\$ -	\$ -	\$ -

Pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments of each pooled separate account.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

4. Guaranteed Interest Contracts

The Plan entered into a fully benefit responsive group investment contract with the Custodian, which maintains the contributions in a general account. The account is credited with contributions made under the contract plus earnings and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is obligated to repay the principal and a specified interest rate guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute. The guaranteed investment contract is presented in the financial statements at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the issuer. The average yield, net of administrative expenses, was 1.58% for the year ended December 31, 2019. The crediting interest rate is declared from time to time by the Custodian in accordance with its usual practices for contracts of this class and shall not be less than 1.50%. The credit rate in effect at year-end was 1.59% and 1.56% for December 31, 2019 and 2018, respectively.

5. Investments and Limitation on Scope

The Plan Administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Custodian, except for comparing the information with the related information included in the financial statements and supplemental schedules. As of and for the year ended December 31, 2019, the Custodian certified all investments totaling \$21,638,271, participant loans totaling \$218,384, investment income of \$3,524,533, and participant loan interest of \$9,839.

At December 31, 2018, the Custodian certified all investments totaling \$14,565,144 and the participant loans totaling \$109,423.

6. Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and an investment contract managed by the Custodian. The Custodian is defined by the Plan; therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the Plan Administration services to the Custodian amounted to approximately \$34,200 for the year ended December 31, 2019. ERISA regulations provide an exemption for such transactions.

7. Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the plan as amended is in compliance with the applicable requirements of the IRC.

The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is no longer subject to income tax examinations for the years before 2016.

Summit Fire Protection, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2019 and 2018

8. Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions and credit risk. In addition, on January 30, 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak a "Public Health Emergency of International Concern" and on March 11, 2020 declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will continue to occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
