Encyclopaedia Britannica Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Encyclopaedia Britannica Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Other Matter
The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description and Basis of Presentation

The following brief description of Encyclopaedia Britannica Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established May 1, 1985, and most recently amended September 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for the operation and administration of the Plan.

Eligibility: Employees of Encyclopaedia Britannica, Inc. and Merriam-Webster, Incorporated (together, the Company) become eligible to participate on the first day of a calendar month and attaining the age of 21. Employees who have met eligibility requirements but have not enrolled into or opted out of the Plan will be automatically enrolled for pre-tax deferrals at 5% of eligible compensation.

Contributions: Participants may contribute an amount not less than 2% of their compensation, as defined by the Plan, not to exceed regulatory limits according to the Internal Revenue Code (IRC), as salary deferral contributions. Participants who were age 50 or older by December 31, 2019, were able to make catchup contributions to the Plan. Participants may also make rollover contributions from other qualified plans. Participant contributions are recorded in the period in which the Company makes payroll deductions from participants' earnings. The Plan also allows participants to make after-tax Roth 401(k) contributions in an amount not less than 1% of their compensation, as defined by the Plan.

The Plan allows discretionary employer contributions for participants who are currently making contributions to the Plan. Beginning October 15, 2019, the Company made a discretionary matching contribution equal to 50 percent on the first 4 percent of the eligible employee's contributions. For the year ended December 31, 2019 this amount was $85,958.

Participant accounts: Each participant's account is credited with the participant's contributions as well as allocations of discretionary matching employer contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution and related earnings is based on years of service. Participants become 33% vested after one year of service, 66% vested after two years of service and 100% vested after three years of service. Participants who attain retirement age, as defined, or terminate employment due to death or disability are 100% vested in their accounts.

Investment options: Participants may direct their account balances in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Payment of benefits: Upon termination of service, death, total and permanent disability, or retirement, a participant or his or her beneficiary is eligible to receive an amount equal to the value of the participant's vested account in the form of a lump-sum distribution, installment payments over five years, or begin receiving distributions at the age of 70-1/2. Distributions are subject to the applicable provisions in the plan agreement. Under certain conditions of financial hardship, as defined in the plan agreement, participants may withdraw a portion or all of their vested account balances.

Note 1. Plan Description and Basis of Presentation (Continued)

Forfeitures: At December 31, 2019 and 2018, forfeited non-vested accounts totaled $2,192 and $1,417, respectively. These accounts will be used to pay for the Plan's administrative expenses or to reduce future Company contributions. During 2019, $78 of forfeitures were used to pay plan expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months) or one-half of the participant's vested account balance one time each plan year. Principal and interest are to be repaid ratably through payroll deductions over a period not to exceed 5 years, except for the purpose of purchasing a principal residence, in which case the term may not exceed 10 years. Interest is determined by the Plan Administrator based on the prevailing market rates and is fixed over the life of the loan.

Plan expenses: The Company pays certain administrative and overhead costs of the Plan, which are excluded from the financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for the guaranteed income fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Default loans are treated as distributions based on the terms of the plan document.

Payments of benefits: Benefits are recorded when paid.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Shares of registered investment companies, at fair value	$ 30,594,777	$ 24,736,090
Guaranteed investment contract, at contract value	8,883,696	8,803,532
Notes receivable from participants	173,287	227,759

Net appreciation in fair value of investments	5,127,742
Interest and dividends	1,446,036
Interest income on notes receivable from participants	8,600

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019 and 2018:

	2019			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 30,594,777	$ -	$ -	$ 30,594,777

	2018			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 24,736,090	$ -	$ -	$ 24,736,090

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 5. Investment in a Fully Benefit-Responsive Guaranteed Income Fund

In 2012, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The Plan considers this contract to be fully benefit-responsive, and, as such, it is included in the financial statements at contract value as reported to the Plan by PRIAC. The guaranteed income fund is an insurance company issued general account backed evergreen (no maturity date) group annuity spread product and upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date the Company provides notice to discontinue. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within reasonable timeframes. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Note 5. Investment in a Fully Benefit Responsive Guaranteed Income Fund (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. In connection with this guaranteed income fund, the Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The minimum crediting rate under the contract is 1.5%. PRIAC may terminate the agreement if the Plan materially breaches a provision of the agreement, if the Plan has not paid expenses (as defined) or made alternative arrangements to pay the expenses, or if they determine the class of business is no longer commercially desirable and they terminate all agreements.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan's investments are held and managed by Fidelity Management Trust Company (Fidelity), the trustee. Also, Fidelity provides plan administrative services to the Plan. These transactions, therefore, qualify as party-in-interest transactions. Administrative expenses paid by the Plan were $1,003 for the year ended December 31, 2019.

Certain employees of the Company provide administrative and trustee services to the Plan. These employees do not receive compensation from the Plan for their services.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8. Income Tax Status

Effective November 28, 2014, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. The Plan has been amended since the adoption date. The Company believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the Unites States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financials statements	$ 39,651,760	$ 33,768,491
Participant loans	138,338	263,748
Notes receivable from participants	(173,287)	(263,748)
Participant receivable	-	(1,110)
Net assets available for benefits per Form 5500	$ 39,616,811	$ 33,767,381

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2019, per the financial statements to Form 5500:

Change in net assets available for benefits per the financial statements	$ 5,883,269
Participant contributions	1,110
Interest on Notes Receivable	(1,113)
Benefits paid directly to participants	(33,836)
Change in net assets available for benefits per Form 5500	$ 5,849,430

Note 11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 22, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan's investments have experienced significant changes in fair values because of volatility in the market in 2020 due to the uncertainty caused by the pandemic.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including those related to investment valuations.

Note 11. Subsequent Events (Continued)

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Encyclopaedia Britannica Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Fidelity Management Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Plan Description and Basis of Presentation

The following brief description of Encyclopaedia Britannica Savings Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established May 1, 1985, and most recently amended September 1, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for the operation and administration of the Plan.

Eligibility: Employees of Encyclopaedia Britannica, Inc. and Merriam-Webster, Incorporated (together, the Company) become eligible to participate on the first day of a calendar month and attaining the age of 21. Employees who have met eligibility requirements but have not enrolled into or opted out of the Plan will be automatically enrolled for pre-tax deferrals at 5% of eligible compensation.

Contributions: Participants may contribute an amount not less than 2% of their compensation, as defined by the Plan, not to exceed regulatory limits according to the Internal Revenue Code (IRC), as salary deferral contributions. Participants who were age 50 or older by December 31, 2019, were able to make catchup contributions to the Plan. Participants may also make rollover contributions from other qualified plans. Participant contributions are recorded in the period in which the Company makes payroll deductions from participants' earnings. The Plan also allows participants to make after-tax Roth 401(k) contributions in an amount not less than 1% of their compensation, as defined by the Plan.

The Plan allows discretionary employer contributions for participants who are currently making contributions to the Plan. Beginning October 15, 2019, the Company made a discretionary matching contribution equal to 50 percent on the first 4 percent of the eligible employee's contributions. For the year ended December 31, 2019 this amount was $85,958.

Participant accounts: Each participant's account is credited with the participant's contributions as well as allocations of discretionary matching employer contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution and related earnings is based on years of service. Participants become 33% vested after one year of service, 66% vested after two years of service and 100% vested after three years of service. Participants who attain retirement age, as defined, or terminate employment due to death or disability are 100% vested in their accounts.

Investment options: Participants may direct their account balances in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Payment of benefits: Upon termination of service, death, total and permanent disability, or retirement, a participant or his or her beneficiary is eligible to receive an amount equal to the value of the participant's vested account in the form of a lump-sum distribution, installment payments over five years, or begin receiving distributions at the age of 70-1/2. Distributions are subject to the applicable provisions in the plan agreement. Under certain conditions of financial hardship, as defined in the plan agreement, participants may withdraw a portion or all of their vested account balances.

Note 1. Plan Description and Basis of Presentation (Continued)

Forfeitures: At December 31, 2019 and 2018, forfeited non-vested accounts totaled $2,192 and $1,417, respectively. These accounts will be used to pay for the Plan's administrative expenses or to reduce future Company contributions. During 2019, $78 of forfeitures were used to pay plan expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 (reduced by the participant's highest outstanding loan balance in the preceding 12 months) or one-half of the participant's vested account balance one time each plan year. Principal and interest are to be repaid ratably through payroll deductions over a period not to exceed 5 years, except for the purpose of purchasing a principal residence, in which case the term may not exceed 10 years. Interest is determined by the Plan Administrator based on the prevailing market rates and is fixed over the life of the loan.

Plan expenses: The Company pays certain administrative and overhead costs of the Plan, which are excluded from the financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value, except for the guaranteed income fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Default loans are treated as distributions based on the terms of the plan document.

Payments of benefits: Benefits are recorded when paid.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (the Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2019	2018
Shares of registered investment companies, at fair value	$ 30,594,777	$ 24,736,090
Guaranteed investment contract, at contract value	8,883,696	8,803,532
Notes receivable from participants	173,287	227,759

Net appreciation in fair value of investments	5,127,742
Interest and dividends	1,446,036
Interest income on notes receivable from participants	8,600

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2019 and 2018:

	2019			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 30,594,777	$ -	$ -	$ 30,594,777

	2018			
Description	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 24,736,090	$ -	$ -	$ 24,736,090

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Level 3.

Note 5. Investment in a Fully Benefit-Responsive Guaranteed Income Fund

In 2012, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Prudential Retirement Insurance and Annuity Company (PRIAC). PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The Plan considers this contract to be fully benefit-responsive, and, as such, it is included in the financial statements at contract value as reported to the Plan by PRIAC. The guaranteed income fund is an insurance company issued general account backed evergreen (no maturity date) group annuity spread product and upon a discontinuance of the contract, contract value would be paid no later than 90 days from the date the Company provides notice to discontinue. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value within reasonable timeframes. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Note 5. Investment in a Fully Benefit Responsive Guaranteed Income Fund (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. In connection with this guaranteed income fund, the Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. The minimum crediting rate under the contract is 1.5%. PRIAC may terminate the agreement if the Plan materially breaches a provision of the agreement, if the Plan has not paid expenses (as defined) or made alternative arrangements to pay the expenses, or if they determine the class of business is no longer commercially desirable and they terminate all agreements.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan's investments are held and managed by Fidelity Management Trust Company (Fidelity), the trustee. Also, Fidelity provides plan administrative services to the Plan. These transactions, therefore, qualify as party-in-interest transactions. Administrative expenses paid by the Plan were $1,003 for the year ended December 31, 2019.

Certain employees of the Company provide administrative and trustee services to the Plan. These employees do not receive compensation from the Plan for their services.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 8. Income Tax Status

Effective November 28, 2014, the Plan adopted a volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by this Plan. The Plan has been amended since the adoption date. The Company believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the Unites States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financials statements	$ 39,651,760	$ 33,768,491
Participant loans	138,338	263,748
Notes receivable from participants	(173,287)	(263,748)
Participant receivable	-	(1,110)
Net assets available for benefits per Form 5500	$ 39,616,811	$ 33,767,381

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2019, per the financial statements to Form 5500:

Change in net assets available for benefits per the financial statements	$ 5,883,269
Participant contributions	1,110
Interest on Notes Receivable	(1,113)
Benefits paid directly to participants	(33,836)
Change in net assets available for benefits per Form 5500	$ 5,849,430

Note 11. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 22, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be to the Plan. The Plan's investments have experienced significant changes in fair values because of volatility in the market in 2020 due to the uncertainty caused by the pandemic.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including those related to investment valuations.

Note 11. Subsequent Events (Continued)

On March 27, 2020, the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.
