NOTE A - DESCRIPTION OF PLAN

The following brief description of the Flight Services & Systems Employee Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees of the company who have are at least twenty-one years of age and have completed a minimum of 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions:

Each year, participants may elect to contribute up to the maximum annual amount set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. In 2019, the company contributed 100% of the first 6% of base compensation that a participant contributed to the Plan. Additional profit sharing amounts may be contributed at the option of the company's board of directors and are invested as directed by the participants. Contributions are subject to certain limitations.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution, (b) Plan earnings and (c) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE F - INFORMATION CERTIFIED BY THE TRUSTEE

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by Principal Life Insurance Company. Principal Life Insurance Company has certified as to the completeness and accuracy of the investments it holds, changes in net assets arising from said investment activity and the schedule of assets held for investment purposes as of and for the years ended December 31, 2019 and 2018.

The following investment information included in the accompanying financial statements and supplemental schedule was obtained from data prepared and certified to as complete and accurate to the best of its knowledge by the trustee as of December 31:

	<u>2019</u>	<u>2018</u>
<u>INVESTMENTS AT FAIR VALUE</u>		
Common/collective trusts	\$ 214,258	\$ 219,822
Pooled separate accounts	196,668	115,780
	<u>\$ 410,926</u>	<u>\$ 335,602</u>

During the year ended December 31, 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Common/collective trusts	\$ 41,678
Pooled separate accounts	32,540
	<u>\$ 74,218</u>

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - PARTY-IN-INTEREST TRANSACTIONS

Principal Life Insurance Company, the trustee of the Plan, manages certain plan investments.

December 31, 2019 and 2018

NOTE I - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- Level 1 Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at measurement date.
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable inputs for the asset or liability.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Flight Services & Systems Employee Savings Plan

December 31, 2019 and 2018

NOTE I - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodology used for assets measured at fair value. There was no change in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Investments at fair value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Common/collective trusts	\$ 214,258	\$ -	\$ -	\$ 214,258
Pooled separate accounts	196,668	-	-	196,668
	<u>\$ 410,926</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 410,926</u>

	Investments at fair value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Common/collective trusts	\$ 219,822	\$ -	\$ -	\$ 219,822
Pooled separate accounts	115,780	-	-	115,780

NOTE J - SUBSEQUENT EVENTS

Management evaluated all activity of the Plan through October 4, 2020, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes except as described below.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to instability in financial markets. Because the values of the Plan's individual investments may fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), which included several relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. The Plan has adopted certain measures included in the CARES Act which allow qualified participants to receive COVID-related distributions without penalty and delay repayments of any new or outstanding loans for up to one year. COVID-related loan limits increased to the lesser of \$100 or 100% of the participant's vested balance, but the amount is reduced by the highest total loan balance in the last 12 months. Additionally, required minimum distributions beginning in 2020 will be delayed by one year, but may still be received at the request of a participant.

To the Board of Directors
of the Flight Services & Systems
Employee Savings Plan
Cleveland, Ohio

We have conducted a DOL limited-scope audit of the financial statements of Flight Services & Systems Employee Savings Plan (the Plan) for the year ended December 31, 2019 and we will issue our report thereon dated October 4, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and will not, express an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 31, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Qualitative Aspects of Accounting Practices (Continued)

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We did not identify any such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 4, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Recently Issued Guidance

Effective for plan years beginning after December 31, 2020, under Section 112 of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), except in the case of collectively bargained plans, long-term part-time employees must be eligible to participate in the Plan once they have worked at least 500 hours in three consecutive 12-month periods. Under this requirement, plan sponsors are required to administer special eligibility and vesting for part-time employees. For plan years beginning after December 31, 2020, plan sponsors should begin tracking hours worked for part-time employees to aid in determining when part-time employees become eligible to participate in the Plan under this new rule. There is nondiscrimination and top-heavy plan relief, and no requirement to provide any match or profit sharing contributions to these employees.

In December 2019, the IRS issued guidance to establish the deadline for amending 401(k) plans to comply with hardship withdrawal rules changed with the enactment of the Tax Cuts and Jobs Act of 2017 (TCJA). The new rules, which were proposed in 2018, affect characteristics of administering a hardship withdrawal. The most significant changes include prohibiting plans from suspending employee pay-deferral contributions following a hardship withdrawal, removing the requirement from employers to force participants to take available loans, if allowed by the plan, before requesting a hardship withdrawal, and expanding the available sources of hardship distributions to include earnings on elective deferrals as well as safe harbor matching contributions, qualified nonelective contributions (QNECs), qualified matching contributions (QMACs), and earnings on these amounts. The implementation of the amendments is effective no later than January 1, 2020, and the deadline to amend 401(k) plans for compliance with the hardship regulations is December 31, 2021.

We recommend Plan administration amend the Plan document to ensure alignment with regulations. We are available to assist you in these efforts to the extent our professional standards on independence allow.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

To Board of Directors, Management
Flight Services & Systems Employee Savings Plan
Cleveland, Ohio

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Flight Services & Systems Employee Savings Plan (the Plan) as of and for the years ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered Flight Services & Systems Employee Savings Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note F to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in Flight Services & Systems Employee Savings Plan's internal control to be significant deficiencies:

RECORDKEEPING

During our audit, we noted the Plan did not maintain a census with all participant data available. We were able to perform our regular audit procedures by combining multiple files, but we recommend maintain a participant census with all participant information in one file for a more efficient process.

HARDSHIP WITHDRAWALS

During our audit, we noted that proper documentation for hardship withdrawal amounts were not available. The Plan should request documentation from participants showing the hardship is a proper hardship, as well as showing that the amounts withdrawn do not exceed the hardship. The Plan should also obtain acknowledgement that the participant exhausted all options before obtaining the hardship withdrawal. We also noted that participant contributions did not pause for the required six months following the hardship withdrawal. We recommend ensuring all participant contributions pause for six months following a hardship withdrawal.

FIDELITY BONDING REQUIREMENTS

The amount of the fidelity bond should be fixed at the beginning of each Plan reporting period. The fidelity bond in place is not adequate for the amount of Plan assets currently in the Plan. The amount of the bond must be a minimum of 10% of the Plan assets, but not less than \$1,000 and need not be larger than \$500,000. We recommend that the amount of the fidelity bond be reviewed at the beginning of each year to ensure adequate coverage.

We will review the status of these comments during our next audit engagement. We have already discussed these comments and suggestion with various Plan personnel, and we would be pleased to discuss them in further detail at your convenience, to perform any additional studies of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of the board of directors, management, audit and finance committee, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.
