INDEPENDENT AUDITOR'S REPORT

Plan Administrators
Stratacache 401(k) Investment Plan
Dayton, Ohio

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Stratacache 401(k) Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company (FMTC), the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary information. The plan administrator informed me that FMTC holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from FMTC as of, and for the year ended, December 31, 2019 and 2018, that the information provided to the plan administrator by FMTC is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on the accompanying financial statements and supplementary information.

Other Matter

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedule referred to above.

Report of the Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan assets are held in a Trust whose Trustee is Fidelity Management Trust Company (FMTC), a regulated and supervised trust company. The Trust has thirty-eight investment options available to participants.

Contributions – Each year, participants may elect to defer a maximum of 90% of their wages up to the maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective July 1 2018, the Company initiated an employer match as part of the Plan. Contributions up to 4% of the employee's salary is matched when the employee is participating in the Plan. The Company made contributions of \$1,071,348 and \$464,919 in 2019 and 2018, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are self-directed.

Participant Loans – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging up to 7.5%, which is commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money.

Vesting – Participants are immediately vested in their contributions plus earnings. Vesting in any Company contribution to a Participant's account, plus earnings, is based on the years of continuous service. A participant is 100% vested after two years of credited service.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant will receive a lump-sum or installment payments on a monthly or other periodic basis. If a participant dies before receiving all payments, the balance of the account will be paid to their beneficiary if the periodic payment option is selected.

If a participant's vested interest is \$1,000 or less (\$5,000 effective March 2019), it may be paid out in one lump sum.

NOTES TO FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fidelity Bond – In May 2019, the Company obtained a fidelity bond for the Plan in the amount of \$2,000,000. That coverage is part of the Company's general insurance policy, which provides for a \$15,000 deductible. However, the deductible amount does not apply to the ERISA coverage.

Plan Expenses – Investment and transaction fees are deducted directly from the investment returns or participant's account. The Company may pay the plan administrative expenses for the plan's operations or the fees may be deducted directly from the participant's account.

Marketable securities and securities transactions – Marketable securities are carried at fair value determined by the Plan Trustee, (FMTC), based on their quoted market value. ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a consistent framework for measuring fair value and, with certain exceptions, this framework is generally applied to all financial statement items required to be measured at fair value. The standard requires fair value measurements to be classified and disclosed in one of the following three categories:

- *Level 1* – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- *Level 2* – Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the assets or liability; and
- *Level 3* – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Estimates – The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments (Level 1) are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at yearend.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recognized when received and included in the investment gains.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E - TAX STATUS

The Plan is a Fidelity Volume Submitter Plan designed in accordance with applicable sections of the Internal Revenue Code (IRC). Fidelity has received an advisory letter from the Internal Revenue Service evidencing the Plan is qualified.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment companies (mutual funds). These mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with any mutual fund investment, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – SUBSEQUENT EVENTS

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

The Company has evaluated subsequent events through October 19, 2020 which is the date the financial statements were completed.

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of the Stratacache 401(k) Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company (FMTC), the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary information. The plan administrator informed me that FMTC holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from FMTC as of, and for the year ended, December 31, 2019 and 2018, that the information provided to the plan administrator by FMTC is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on the accompanying financial statements and supplementary information.

Other Matter

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedule referred to above.

Report of the Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the Trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

STRATACACHE 401(k) INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Stratacache ("Company") 401(k) Investment Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Company affiliates and subsidiaries, who are age twenty-one or older. Eligibility to participate in the Plan begins at the beginning of the month follow the employee's date of hire. Effective December 2018, the 401k Plan of Scala Inc., an affiliate, was merged with the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan assets are held in a Trust whose Trustee is Fidelity Management Trust Company (FMTC), a regulated and supervised trust company. The Trust has thirty-eight investment options available to participants.

Contributions – Each year, participants may elect to defer a maximum of 90% of their wages up to the maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective July 1 2018, the Company initiated an employer match as part of the Plan. Contributions up to 4% of the employee's salary is matched when the employee is participating in the Plan. The Company made contributions of \$1,071,348 and \$464,919 in 2019 and 2018, respectively.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are self-directed.

Participant Loans – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging up to 7.5%, which is commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money.

Vesting – Participants are immediately vested in their contributions plus earnings. Vesting in any Company contribution to a Participant's account, plus earnings, is based on the years of continuous service. A participant is 100% vested after two years of credited service.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant will receive a lump-sum or installment payments on a monthly or other periodic basis. If a participant dies before receiving all payments, the balance of the account will be paid to their beneficiary if the periodic payment option is selected.

If a participant's vested interest is \$1,000 or less (\$5,000 effective March 2019), it may be paid out in one lump sum.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fidelity Bond – In May 2019, the Company obtained a fidelity bond for the Plan in the amount of \$2,000,000. That coverage is part of the Company's general insurance policy, which provides for a \$15,000 deductible. However, the deductible amount does not apply to the ERISA coverage.

Plan Expenses – Investment and transaction fees are deducted directly from the investment returns or participant's account. The Company may pay the plan administrative expenses for the plan's operations or the fees may be deducted directly from the participant's account.

Marketable securities and securities transactions – Marketable securities are carried at fair value determined by the Plan Trustee, (FMTC), based on their quoted market value. ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a consistent framework for measuring fair value and, with certain exceptions, this framework is generally applied to all financial statement items required to be measured at fair value. The standard requires fair value measurements to be classified and disclosed in one of the following three categories:

- *Level 1* – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- *Level 2* – Quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the assets or liability; and
- *Level 3* – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the cash basis. Related fees are charged directly to the borrowing participant's account and are included in the administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Estimates – The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments (Level 1) are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at yearend.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recognized when received and included in the investment gains.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E - TAX STATUS

The Plan is a Fidelity Volume Submitter Plan designed in accordance with applicable sections of the Internal Revenue Code (IRC). Fidelity has received an advisory letter from the Internal Revenue Service evidencing the Plan is qualified.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment companies (mutual funds). These mutual funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with any mutual fund investment, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – SUBSEQUENT EVENTS

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

The Company has evaluated subsequent events through October 19, 2020 which is the date the financial statements were completed.
