INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of FCI Constructors, Inc. Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of March 31, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended March 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Trust Company and Wells Fargo Bank, N.A., the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Wells Fargo Bank, N.A. held the Plan's investment assets and executed investment transactions for the year ended March 31, 2019, and that Principal Trust Company held the Plan's investment assets and executed investment transactions for the year ended March 31, 2020. The plan administrator has obtained a certification from the trustees as of March 31, 2020 and 2019 and for the year ended March 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i-Schedule of Assets (Held At End of Year) as of March 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the FCI Constructors, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of FCI Constructors, Inc. (the Company). The Plan was established April 1, 1986.

Effective April 1, 2019, the Plan was amended, and restated, and a new custodian were transferred into funds comparable to those offered by the previous custodian. The conversion initiated a blackout period beginning April 1, 2019 and continuing through April 21, 2019. During this period, funds could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. During this period, employee contributions continued to be made through payroll deductions, and the contributions were deposited and held in the Plan's income fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options requested by each participant.

The Plan covers all full-time employees of the Company who are at least eighteen years of age. Employees are eligible to participate in the profit sharing portion of the Plan once they have attained at least one hour of service with the Company. Employees are eligible to make 401(k) pre-tax and after-tax salary deferral contributions and receive Company safe harbor contributions once they have attained at least one year of service with the Company, as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2019, employees of the Company are eligible to participate in the Plan upon attaining age 18 and are no longer required to have at least one year of service with the Company.

The World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. Due to the economic effects of COVID-19, the Plan implemented certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act), which are laws that change the Plan to, among others, suspend required minimum distributions and delay the commencement date for required minimum distributions.

Participant Contributions

Participants are permitted to contribute pre-tax and after-tax salary deferrals of their annual compensation up to allowable dollar limits set by federal law. Participants direct the investment of their contributions into various investment options offered by the Plan. Transfers from qualified plans are allowable under the provisions of the Plan.

The Plan also includes an automatic enrollment feature. The automatic enrollment feature is a mechanism under which an eligible employee who does not make an affirmative election to make pre-tax or after-tax contributions to the Plan is automatically enrolled in the Plan to make a 3% pre-tax contribution, unless the employee specifically elects not to participate in the Plan.

Employer Contributions

The Company, at the discretion of Company management, may make profit sharing contributions, as defined by the Plan document. For the year ended March 31, 2020, the Company made profit sharing contributions of $2,500,000. In addition to the profit sharing contribution, the Company will make safe harbor contributions equal to 3% of each participant's compensation. For the year ended March 31, 2020, the Company made safe harbor contributions of $984,924.

Participant Accounts

Each participant's account is credited with an allocation of Company profit sharing contributions, Plan earnings, and forfeitures of non-vested terminated participants' accounts in addition to participant contributions and Company safe harbor contributions. Allocations are based on participant compensation and participants' account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections

Each participant may direct the salary reductions and profit sharing contributions allocated to their account be invested in one or more of the mutual fund investments offered. Participants may change such allocations at any time directly with the trustee of the plan.

Investment Elections in Group Annuity Contract

As described in Accounting Standards Codification (ASC) 962, Plan Accounting-Defined Contribution Pension Plans, as updated by ASU 2015-12, investment contracts held by a defined contribution plan are required to be reported at contract value. The Principal Guaranteed Option is a group annuity contract issued by Principal Life Insurance Company (Principal Life) and is backed by the full faith and creditworthiness of the issuer. The Principal Guaranteed Option does not operate like a mutual fund, variable annuity product, or conventional fixed rate individual annuity product. Under the group annuity contract that supports this product, participants may ordinarily direct a permitted withdrawal or transfer of all or a portion of their account balance at contract value, within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Guarantees are based on the claims-paying ability of Principal Life and not on the value of the securities within the insurer's general account. The credit rating of the issuer at March 31, 2020 was considered investment grade and there are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally there are not any events that could limit the ability of the Plan to transact at contract value paid or contract value paid over time. Additionally, there are not any events that allow the issuer to terminate the contract and which require the Company to settle at an amount different than contract value paid over time. The Plan considers this contract to be fully benefit responsive. The guaranteed income fund is included at its contract value in the statements of net assets available for benefits. The contract value at March 31, 2020 was $1,270,030.

Vesting

Vesting in Company profit sharing contributions plus earnings thereon is based on years of continued service. Participants are 100% vested after three years of credited service. Participants are always 100% vested in their voluntary salary deferrals plus actual earnings thereon, rollover contributions, and safe harbor match contributions.

Payment of Benefits

Upon separation of service, a participant will receive a lump-sum payment equal to the value of his or her account, provided the account does not have a value greater than $1,000. Distributions greater than $1,000 must be directly rolled over to an IRA on behalf of the terminated participants who do not select a payout option. A participant with a vested account balance greater than $5,000 may continue holding investments within the Plan, or elect to withdraw.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are reallocated among the remaining participants. The reallocation of the forfeited balances is based on each participant's compensation as a percent of total eligible compensation of all participants for the year. For the year ended March 31, 2020, $397,918 of forfeitures were allocated to remaining participants. Unallocated forfeitures are not considered assets available for Plan benefits as of year-end. As of March 31, 2020, there were no unallocated forfeitures.

Administrative Expenses

Administrative expenses shown in the Plan's statement of changes in net assets available for benefits include professional fees and other expenses paid to third party administrators performing various services such as recordkeeping, transaction processing, and custodial services for the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

All benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INVESTMENTS

During the year ended March 31, 2020, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) changed in value as follows:

Mutual fund investments	$ (1,024,935)
Common collective trust funds	(1,729,041)
Pooled investments	(721,531)
Net Depreciation in Fair Value of Investments	$ (3,475,507)

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of March 31, 2020, the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of March 31, 2020, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended March 31, 2020.

Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of March 31, 2019.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan accounts for fair value in accordance with Financial Accounting Standards Board (FASB) ASC Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value, and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan bases fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there is limited or no observable market data, and therefore, are based primarily upon the Plan's estimates, are often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Collective Investment Trusts: Principal LifeTime Hybrid CITs invest in collective trust funds as well as a variety of separate accounts and mutual funds that seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor with a specific target retirement date. Valued at net asset value per unit held by the Plan at year-end as reported by Principal, which is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily. Were the Plan to initiate a full redemption of these collective trusts, the investment advisor reserves the right to temporarily delay withdrawal from the trusts in order to ensure the securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts: The separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The separate accounts' assets include, but are not limited to, investments in common stocks of companies that compose of the S&P 500 index, which are valued at fair value. The net asset value of the separate accounts is calculated in a manner consistent with GAAP for investment companies and is determinative of its fair value and represents the price at which the Plan would be able to initiate a transaction. The fair value of the underlying funds and securities is used to determine the net asset value of the separate accounts, as reported by Principal.

Common Collective Trust Funds: Valuation of the funds' units occurs daily. Unit values are determined by dividing the value of each fund's net assets by the total number of participants' units outstanding on the valuation date. The funds' investments held in other collected funds are valued on the basis of market valuations, where available, as provided by independent pricing services. Securities for which market valuations are not readily available are valued at fair value as determined by the financial institutions sponsoring the funds. Market valuations are generally determined as follows:

- Securities traded on security exchanges are valued at closing market prices on the valuation date.
- Securities traded on the over-the-counter market are valued at the last sale on the valuation date, if any, otherwise at the last reported price.
- Government and agency obligations are valued based upon the most recent bid quotation for identical or similar obligations.
- Fixed income securities are valued based upon the most recent bid quotation from major market makers or security exchanges.

Participants' purchases and redemptions of units from each fund are based on unit values as of the valuation date. Purchases and redemptions of units may occur on a daily basis.

The common collective trust funds are primarily made up of investment funds that invest in the equity securities of companies that compose the S&P 500 Index, including the stable value fund sponsored by Wells Fargo and the target date funds sponsored by Principal Trust Company (Principal).

The stable value fund is a collective trust fund sponsored by Wells Fargo Bank, N.A. that invests all of its assets in the Wells Fargo Stable Return Fund G, a collective trust fund also sponsored by Wells Fargo Bank, N.A. The value of this investment is based on the underlying unit value reported by Wells Fargo Stable Return Fund G. The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee (wrapper) provided by a third party. Wrappers provide contract value payments for certain participant-initiated withdrawals and transfers, a floor crediting rate, and return of fully accrued contract value at maturity.

Target date funds are collective trust funds sponsored by Principal. These funds are valued at net asset value, which is based on the latest quoted market price of the investments held within the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value measurements for assets recorded at fair value on a recurring basis at March 31, 2020 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	$ 10,500,912	$ -	$ -	$ 10,500,912
Collective Investment Trust	28,682,640	-	-	28,682,640
Pooled Separate Accounts	4,394,558	-	-	4,394,558
Total	$ 43,578,110	$ -	$ -	$ 43,578,110

Fair value measurements for assets recorded at fair value on a recurring basis at March 31, 2019 are as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
Mutual Funds	$ 13,524,222	$ -	$ -	$ 13,524,222
Common Collective Trust Funds – Principal	-	22,319,050	-	22,319,050
Common Collective Trust Funds – Wells Fargo	-	4,855,197	-	4,855,197
Total	$ 13,524,222	$ 27,174,247	$ -	$ 40,698,469

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 - PLAN TAX STATUS

The Plan has adopted a prototype standardized profit sharing plan offered by the trustee. On April 1, 2019, the plan was restated, and the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under the applicable sections of the Internal Revenue Code (the Code). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the terms of the prototype plan are being followed. The Plan has been amended since receiving the above letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8 - RELATED PARTY TRANSACTIONS

The Plan pays certain Plan expenses while the Company absorbs certain administrative expenses, such as accounting fees, on behalf of the Plan.

Principal Trust Company, the trustee of the Plan, manages certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year).

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets, Plan management is unable to estimate the total impact the pandemic will have.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 26, 2020, the date at which the financial statements were available to be issued and determined that no events have occurred that required disclosure.
