FIELDTURF USA 401(k) Plan
Notes to Financial Statements
December 31, 2019 and 2018

Note 1. Description of the Plan

The following description of the FieldTurf USA 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan covers eligible employees of FieldTurf USA as well as its subsidiaries; Beynon Sports Surfaces, Inc., DeFargo Sports Surfaces, Inc., L.E.R., Inc. d/b/a Renner Sports and Atlas Tracks, Inc. (collectively referred to as "the Company") and consists of profit sharing and 401(k) features. The profit sharing feature is a discretionary defined contribution profit sharing plan covering all eligible employees. The 401(k) feature includes elective employee salary deferrals and employer matching contribution features. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions. Under the 401(k) feature, participants may contribute up to the maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of the first 3% of base compensation plus 50% of base compensation up to 4% total that a participant contributes to the Plan. The Company may make nonelective contributions matching contributions to the Plan each Plan year based on a discretionary formula in an amount determined by the Company. Contributions are subject to certain statutory limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings and, (c) forfeitures of terminated participants' non-vested accounts, if any, and charged with an allocation of any administrative expenses paid by the plan. Allocation of the Company's contributions are made in the ratio which each participant's compensation for the applicable Plan year bears to the total compensation of all participants for such Plan year. Allocation of Plan earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility. After an employee has been with the Company for more than two months and has worked 1,000 hours, the employee becomes eligible for the Plan on the first day of the following month. Once past the initial eligibility period, an employee is eligible to share in the Company contributions each year.

Note 1. Description of the Plan (continued)

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's contribution portion of their accounts. As a result, there are no forfeitures to allocate among participant accounts.

Notes Receivable from Participants. Participants may borrow from their fund accounts an amount not less than \$1,000 and not to exceed \$50,000 or one-half of the value of the vested portion of the participant's account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25% which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The plan charges a small processing and handling fee to participants who borrow funds from their accounts.

Payment of Benefits. On termination of service due to death, disability, participant's termination of employment, or Company termination of the Plan, the participant will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. If a participant receives a distribution prior to the age of 59 1/2, a 20% tax withholding will apply to the distribution. If the participant terminates employment with the Company prior to age 59 1/2, an additional 10% penalty tax will apply. If the participant's vested balance is less than \$5,000 at normal retirement age, defined as age 65, the participant will receive a single lump-sum payment of his or her account within 90 days after the Plan year in which he or she becomes eligible to receive it. If the vested balance is more than \$5,000, a written request must be submitted to the Plan Administrator for payment. Payment will be made no later than 90 days after the close of the Plan year in which the written request is received by the Plan Administrator. Benefits may be left in the Plan but participants must begin taking minimum distributions at age 70 1/2. Participants receive a 100% distribution by April 1 of the year following the Plan year in which they turn 70 1/2 and are retired.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

See independent auditors' report.

Notes to Financial Statements
December 31, 2019 and 2018

Note 2. Summary of Significant Accounting Policies (continued)

Plan Expenses. Investment expenses and commissions are paid by the Plan. A portion of other administrative expenses and professional fees are typically paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Most investment related expenses are included in the net appreciation of fair value of investments. The other expenses paid by the Plan are included in Administrative and professional fees on the Statements of Changes in Net Assets Available for Benefits.

Payment of Benefits. Benefits are recorded when paid.

Investment Valuation and Income Recognition. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risk and Uncertainties. The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, prepayment, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

December 31, 2019 and 2018

Note 2. Summary of Significant Accounting Policies (continued)

Administration of Plan Assets. The Plan's assets are held by Nationwide, the Trustee of the Plan. Approximately 1.6 and 1.8 percent of the total assets as of December 31, 2019 and 2018, respectively, were invested in a guaranteed investment contract managed by Nationwide, a party-in-interest to the Plan (as defined by ERISA).

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

Subsequent Events. On June 1, 2020 the Plan was amended to eliminate the Company contribution of 100% of the first 3% of base compensation plus 50% of base compensation up to 4% total that a participant contributes to the Plan.

The Plan has evaluated subsequent events through October 26, 2020, the date which the financial statements were available to be issued.

Note 3. Investment in Insurance Contract

At December 31, 2019 and 2018, the Plan had invested in a guaranteed investment contract related investment option, the Fixed Select Contract issued by Nationwide Financial Services, Inc. and Subsidiaries ("Nationwide"). The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC Topic 962. The contract value of the investment in the Fixed Select Contract was \$414,689 and \$346,462 at December 31, 2019 and 2018, respectively.

The crediting interest rate to participants for the contract was 2.1% and 2.1% at December 31, 2019 and 2018, respectively. The guaranteed minimum crediting interest rates for the contract for the years ended December 31, 2019 and 2018 was 2.1% and 2.1%, respectively. Nationwide makes this guarantee, and although Nationwide may credit a higher interest rate, the credited rate will not fall below the lifetime guaranteed minimum of 0%. The average yield rate was approximately 2.1% and 2.1% for the plan years ended December 31, 2019 and 2018.

The determination of credited interest rates reflect a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

FIELDTURF USA 401(k) Plan
Notes to Financial Statements
December 31, 2019 and 2018

Note 3. Investment in Insurance Contract (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan's ability to transact at contract value with participants is probable.

Note 4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (continued)

The following table summarizes the fair value of Plan assets within the fair value hierarchy as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total

Total investments in the fair value hierarchy	<u>\$ 18,065,177</u>	<u>\$ 346,462</u>	<u>\$ -</u>	<u>\$ 18,411,639</u>

Gains and losses included in changes in net assets for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation in fair value of investments.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 6. Information Certified By the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB (the trustee of the Plan), has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions of December 31, 2019 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.

See independent auditors' report.

Note 7. Tax Status

The Plan is a tax-qualified retirement plan under Code Section 401(a), with a qualified cash or deferred arrangement under Code Section 401(k). The Plan is an adopted form of the Prototype Standardized Profit Sharing Plan with CODA (Volume Submitter Plan). The Volume Submitter Plan obtained an opinion letter from the IRS dated March 31, 2014, which stated that the language of the Volume Submitter Plan was in compliance with the applicable requirements of the Code. The Company believes that the Plan is currently being administered in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by The IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 8. Parties-in-Interest to the Plan

The Plan holds certain investments in a guaranteed investment contracts that is managed by an affiliate of the Plan trustee. This affiliate are considered parties-in-interest (as defined in ERISA) to the Plan. As of December 31, 2019 and 2018, funds of \$414,689 and \$342,462 respectively, were held in such investments and are considered party-in-interest transactions.
