Note 1 - Description of the Plan

The following description of Detwiler's Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Discriptions for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) plan adopted October 1, 2016, available to qualifying employees of Detwiler's Operation, LLC (the Company). To be eligible to participate in the Plan, an employee must have completed six months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute an amount equal to a dollar amount or percentage of their pretax annual compensation not to exceed the limits imposed by Internal Revenue Code (IRS) Code section 402(g) in effect at the beginning of the tax year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution of 100 percent of the first three percent of a participant's contributions, plus 50 percent of the employee's contributions in excess of three percent, not to exceed five percent of a participant's eligible compensation.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching and discretionary contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of terminated participants non-vested accounts may be used to reduce future contributions that may be made by the Company. $1,079 in forfeitures were used to reduce employer contributions for the year ended December 31, 2017. There were no forfeited non-vested accounts for the years ended December 31, 2017 and 2016.

Investment Options - Upon enrollment in the Plan, a participant may direct contributions to any of the investment options offered by the Plan.

Vesting - Participants are immediately fully vested in their contributions plus earnings thereon. In addition, participants are immediately fully vested in employer matching and profit sharing contributions.

Notes Receivable from Participants – The Plan allows for notes receivable from participants. At December 31, 2017 and 2016 no loans had been made.

Note 1 - Description of the Plan - Continued

Benefit Payments - Upon termination of service due to death, disability or retirement, a participant may elect to receive either (a) a lump-sum amount equal to the value of the participant's vested interest in his or her account, (b) installment payments under various options or (c) a direct rollover to an individual retirement account or another employer plan. A participant may elect to withdraw all or part of his or her elective contributions due to financial hardship, in accordance with the provisions specified in the Plan document.

Plan Termination - Although it has not expressed any intention to do so, the Company may wholly or partially terminate the Plan or direct the discontinuance of contributions at any time, subject to the provisions of ERISA. In the event of termination, participants would become 100% vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management of the Plan to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. The fixed account is not considered to be benefit responsive since the investment contract prevents immediate and full payout of the contract value for plan initiated transactions.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including legal and accounting fees, not paid from Plan assets are paid by the Company. Administrative expenses recorded in the Plan represent trustee fees and other fees paid directly from the Plan.

Note 2 - Summary of Significant Accounting Policies – Continued

Subsequent Events - Management has evaluated subsequent events and their potential effects on these financial statements through October 12, 2018, which is the date the financial statements were available to be issued.

Reclassifications - Certain amounts in 2016 have been reclassified to conform with the 2017 presentation.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) ASC 820 are described as follows:

Level 1 - Observable inputs such as quoted prices in active markets.

Level 2 - Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3 - Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued based on the NAV of the underlying investments as described in Note 2.

Fixed Account: Valued at the net asset value held by the Plan at year end.

Note 3 - Fair Value Measurements – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

		Fair Value Measurement at Reporting Date Using		
Assets	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Cash	$ 7,103	$ 7,103	$ -	$ -
Mutual funds	397,913	397,913	-	-
Fixed account	64	-	64	-
Investments at fair value	$ 405,080	$ 405,016	$ 64	$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

		Fair Value Measurement at Reporting Date Using		
Assets	**Fair Value**	**Level 1**	**Level 2**	**Level 3**
Cash	$ -	$ -	$ -	$ -
Mutual funds	41,526	41,526	-	-
Fixed account	-	-	-	-
Investments at fair value	$ 41,526	$ 41,526	$ -	$ -

Note 4 - Party-in-Interest Transaction

Certain Plan investments are shares of mutual funds and a common/collective trust managed by Ascensus Trust Company the trustee of the Plan as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $1,138 for the year ended December 31, 2017. Transactions conducted with the Company, the Plan sponsor, also qualify as party-in-interest transactions.

Note 5 - Tax Status

On March 31, 2014, the Internal Revenue Service (IRS) stated that the prototype adopted by the Plan, on October 1, 2016, as then designed, qualifies under Internal Revenue Service (IRS) Section 401. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any

Note 5 - Tax Status - Continued

uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan has filed Form 5500, which is the annual return for employee benefit plans, for all years through December 31, 2016. The Plan administrator believes the Plan is not subject to income tax examinations prior to October 1, 2016, the date of Plan adoption.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 - Information Prepared and Certified by the Trustee (Unaudited)
