Plan Administrator
Compass Community Health
401(k) Profit Sharing Plan & Trust
Portsmouth, Ohio

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Compass Community Health 401(k) Profit Sharing Plan & Trust (Plan) as of and for the year ended December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to and have not expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Standards also require that we communicate to you the following information related to our audit.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

No matters are reportable.

Management Judgments and Accounting Estimates

No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Party-in-interest transactions
- Determination of fair values
- Subsequent events

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. There were no proposed adjustments.

Auditor's Judgments About the Quality of the Plan's Accounting Principles

No matters are reportable.

Other Information in Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention.

Other Material Communications

Other material written communication between management and us related to the audit includes the management representation letter (attached).

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our limited-scope audit of the financial statements of the Compass Community Health 401(k) Profit Sharing Plan & Trust as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosures under the *Employee Retirement Income Security Act of 1974*, on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that combined we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Plan's financial statements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We observed the following matter that we consider to be a material weakness.

Material Weakness

Reliance on Third Parties and Lack of Management Oversight and Review

During the audit, various deficiencies in internal control were noted relating to a reliance on third parties, lack of management oversight, and the lack of review of Plan activity. The individual deficiencies below explain each of these matters. When combined, the individual deficiencies below result in a material weakness.

Oversight of Third-Party Service Providers

Plan management has outsourced many functions relating to the Plan to outside third parties for processing, including Plan recordkeeping and administration and payroll. Although these responsibilities are outsourced, management has a responsibility to ensure that appropriate controls and safeguards are in place. While management performs several of the following tasks, we have observed that there is no documentation of completion of the related procedures. We recommend that management develop policies surrounding these reviews and document them appropriately.

We recommend Plan management obtain and maintain the annual SOC 1 Reports (Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness) from each service provider that provides significant services which impacts the Plan's financial reporting and daily transaction processing and document your review of the report. Although the controls and/or potential deficiencies identified within the SOC 1 report are not directly the responsibility of Plan management, they do have an impact on the internal control environment of the Plan and should be analyzed and mitigating controls established for any control deficiencies identified. Plan management should also document the User Control Considerations identified in the report and determine if those are operating effectively within the Plan. Additionally, as part of its fiduciary responsibilities, the Plan Sponsor is required to periodically monitor service providers to ensure they are properly performing the agreed-upon services. Specifically, we recommend that the Plan Sponsor perform and document periodic reviews and reconciliations of information provided by the third-party service providers, including but not limited to the following:

- Review of investment balances and activity summaries to gain knowledge over the Plan's activities and to identify any unusual or significant transactions or investment valuations outside of expectations
- Reconcile participant data to the information maintained by third-party providers for accuracy
- Reconcile contributions remitted each pay period between internal and external records
- Review the quarterly statements for benefits paid and loans issued and reconcile the information from the third-party provider records to internal records document review of periodic feedback files received from the third-party provider

401(k) Oversight Committee

In order to demonstrate that the Plan Sponsor is fulfilling its fiduciary duties, we recommend the committee meet regularly (e.g. quarterly) and document discussions in the form of minutes. Discussions should include investments policy statements, investment choices, the results of the administrator's review of the SOC 1 report, updates to the Plan and controls surrounding the Plan.

Employer Match

The employer match for the 2019 Plan year was not funded by the audit report date. We recommend finalizing eligibility determinations and matching calculations in a timely manner after year end so the final match is processed before filing deadline requirements.

We observed matters that we consider to be deficiencies that we communicated to management orally.

OTHER MATTERS

Although not considered material weaknesses, significant deficiencies or deficiencies in internal control over financial reporting, we observed the following matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, these matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

CARES Act

In March 2020, Congress passed and President Trump signed into law the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act). This bill includes several items specifically related to retirement plans that Plan management should consider implementing when operating the Plan during 2020. However, the Plan amendments do not need to be adopted in 2020. As an example, for a calendar year plan, Plan management would have until December 31, 2022, to make any applicable amendments.

Participant Loans

For new loans issued during the 180-day period after the date the Act was enacted (March 27-September 23, 2020), participants may borrow up to \$100,000 from qualified plans, which is an increase from the \$50,000 previously allowed. If participants have an outstanding loan due before December 31, 2020, the due date can be delayed by one year.

Participant In-Service Distributions

For the period January 1, 2020 until December 31, 2020, participants may elect to take a coronavirus-related distribution of up to \$100,000 from their retirement plan or IRA without a 10 percent early withdrawal penalty (the distribution would still be subject to personal income tax). Also, for any of these coronavirus-related distributions, participants may repay the amount withdrawn back into the Plan within three years from the date of distribution, and the contribution will be treated like a rollover contribution. The Plan Administrator may rely on a participant's certification that the employee satisfies one of the three conditions for a coronavirus-related distribution.

Required Minimum Distributions (RMDs)

For calendar year 2020, the requirements to pay RMDs before the end of the year were temporarily waived. This applies to 401(k), profit-sharing, 403(b) and 457(b) plans as well as individual retirement plans (IRA).

SECURE Act

The *Setting Every Community Up for Retirement Enhancement Act of 2019*—better known as the SECURE Act—was signed into law by the President on December 20, 2019. It appears to be the most significant retirement plan legislation in the past decade.

Provisions of the SECURE Act, which are generally effective in 2020, include the following:

- Increases the cap for the auto-enrollment safe harbor from 10 percent to 15 percent, which could be very helpful for plans with nondiscrimination testing issues.
- Plans could allow participants who encounter certain life events to take out penalty-free in-service distributions from accounts of up to \$5,000 for each spouse. The distribution must be within one year after the birth or adoption of a qualifying child. Please note the distribution is penalty-free but is still subject to normal individual taxation.
- Increases the age for required minimum distributions (RMDs) from 70.5 to 72 and would apply to distributions required to start in 2020. Please note that RMD rules are not applicable if employees are still working and not a 5 percent or more owner, and this specific provision was affected by a provision within the CARES Act of 2020.
- The legislation now provides for inclusion of “long-term part-time employees” (LTPTE) in the Plan in terms of allowing these participants to defer their own contributions into the Plan. Employees working at least 500 hours in three consecutive 12-month periods would be allowed to defer their own funds into the Plan. Employers can still require 1,000 hours of service before having to make employer contributions. These new LTPTEs can be carved out of nondiscrimination testing as well. The LTPTE requirements become effective in 2021.
- In an effort to help participants adequately prepare for their retirement, 401(k) plans will now be subject to new “Lifetime Income Disclosures.” Defined-contribution plans are going to be required to provide annual participant statements that include an estimate of the monthly amount they could receive (based on their current account balance) upon retirement.
- An optional new safe harbor for employers that opt to include a lifetime income investment option in their defined-contribution plans has been created. If plan fiduciaries meet certain requirements, they would be protected when selecting an insurance company to provide annuity contracts.
- In an effort by the government to encourage smaller employers to implement auto-enrollment, small employers will get a tax credit to offset the costs of starting a 401(k) plan that includes automatic enrollment features or converting an existing plan to include automatic enrollment features.
- Frozen defined-benefit plans are receiving some testing relief from annual requirements.
- The legislation provides for expanded availability of multiple employer plans for smaller employers.
- The legislation also calls for a tightening up of the benefits of “stretch IRAs” and requiring beneficiaries to withdraw all assets of an inherited account within 10 years. The Act also provides for increasing penalties for late filings of Form 5500s.

We encourage Plan management to explore the effects of these new provisions with both your third-party administrator and/or ERISA legal counsel. We anticipate your retirement plan could have additional amendment requirements during 2020 to comply with certain provisions of the SECURE Act.

New Auditing Standard for Employee Benefit Plans

In July 2019, the AICPA Auditing Standards Board (ASB) issued the Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* (SAS 136). SAS 136 applies only to audits of employee benefit plans that are subject to *Employee Retirement Income Security Act of 1974* (ERISA). The new standard prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to ERISA and changes the form and content of the related auditor's report.

New Requirements for the Auditor

SAS 136 addresses specific performance requirements in the following areas:

- Engagement acceptance
- Audit risk assessment and response, including the auditor's consideration of relevant plan provisions
- Communication of reportable findings with those charged with governance
- The auditor's responsibilities relating to the ERISA-required supplemental schedules and the Form 5500
- The form and content of the related auditor's report

New Requirements for the Plan

SAS 136 requires Plan management to provide the auditor with the following:

- Acknowledgment from Plan management that the certifying entity (typically the trustee or custodian) is qualified to provide a certification for investments and related investment income
- Plan management will be required to provide a substantially complete draft of the Form 5500 before the release of the financial statements

ERISA Section 103(a)(3)(C) Audits

ERISA section 103(a)(3)(C) allows Plan management to elect to exclude from the audit certain investment information held and certified by a qualified institution. This type of audit, previously known and referred to as a "limited-scope audit", is now referred to an "ERISA section 103(a)(3)(C) audit" in the new standard. SAS 136 does not change anything in ERISA, and therefore, Plan management is able to continue electing such an audit.

SAS 136 clarifies what is expected of the auditor, including specific procedures when performing an ERISA section 103(a)(3)(C) audit. It also establishes a new form of report that provides greater transparency about the scope and nature of the audit and describes the procedures performed on the certified investment information.

SAS 136 is effective for audits of financial statements for periods ending on or after December 15, 2021. Early implementation is permitted.

This communication is intended solely for the information and use of Plan management, the Plan Administrator and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

We are providing this letter in connection with your audits of the financial statements of the Compass Community Health 401(k) Profit Sharing Plan & Trust (the Plan) as of and for the years ended December 31, 2019 and 2018, and supplemental schedules as of and for the year ended December 31, 2019. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations under ERISA. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control, and preventing and detecting fraud.

As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Reliance Trust Company and Mid Atlantic Trust Company, the trustees, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated February 13, 2020, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.

2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan.
6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.
7. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) There were no administrative committee meeting minutes held through the date of this letter.

- (e) All significant contracts.
-
- 8. All transactions have been recorded in the accounting records and are reflected in the financial statements.
 - 9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by plan procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets or liabilities.
 - 10. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
 - 11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
 - 12. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - 13. Except as reflected in the financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial records.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
 - (d) Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter requiring adjustment or disclosure in the financial statements.

- (e) Agreements to purchase assets previously sold.
 - (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
-
- 14. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
 - 15. We acknowledge the Plan does not meet the definition of a “public entity” under generally accepted accounting principles.
 - 16. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney’s services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.
 - 17. Adequate allowances have been provided for any material losses from uncollectible receivables.
 - 18. The fair values of financial assets and liabilities recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
 - 19. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.
 - 20. The adoption date of the most recent Plan amendment was January 1, 2020, as provided to you.
 - 21. The Plan operates under a volume submitter adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by ADP. This prototype

plan document has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the prototype constituted a qualified plan under Section 401 of the Internal Revenue Code at that time. The Plan has been amended since the prototype received the opinion letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

22. The Plan has complied with the fidelity bonding requirements of ERISA.
23. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
24. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).
25. Except as disclosed in the financial statements, the Plan has:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.
26. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
27. With respect to any nonattest services you have provided us during the year, including preparation of the financial statements and related footnotes:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.

- (d) We have evaluated the adequacy of the services performed and any findings that resulted.
- 28. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.
 - 29. With the exception of those contributions relating to 2018 that were not remitted timely that were corrected during 2019, we have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.
 - 30. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.
 - 31. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).
 - 32. With regard to supplementary information:
 - (a) We acknowledge our responsibility for the presentation of the supplementary information, including its form and content, in conformity with relevant regulatory requirements or other applicable criteria.
 - (b) We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.
 - (c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.
 - (d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - (e) The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

- (f) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.
33. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
34. The employer match was not funded by the Form 5500 filing deadline; however, we intend to fund the matching contribution according to ADP's final calculation. Additionally, we do not foresee any inability to meet this obligation.

Plan Administrator
Compass Community Health
401(k) Profit Sharing Plan & Trust
Portsmouth, Ohio

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Compass Community Health 401(k) Profit Sharing Plan & Trust (Plan) as of and for the year ended December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to and have not expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. Standards also require that we communicate to you the following information related to our audit.

AUDIT SCOPE AND RESULTS

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Plan's significant accounting policies are described in Note 2 of the audited financial statements.

Alternative Accounting Treatments

No matters are reportable.

Management Judgments and Accounting Estimates

No matters are reportable.

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Party-in-interest transactions
- Determination of fair values
- Subsequent events

Audit Adjustments

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments which, in its judgment, are required to prevent the financial statements from being materially misstated. There were no proposed adjustments.

Auditor's Judgments About the Quality of the Plan's Accounting Principles

No matters are reportable.

Other Information in Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the Form 5500 to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention.

Other Material Communications

Other material written communication between management and us related to the audit includes the management representation letter (attached).

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our limited-scope audit of the financial statements of the Compass Community Health 401(k) Profit Sharing Plan & Trust as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosures under the *Employee Retirement Income Security Act of 1974*, on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that combined we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements of the Plan's financial statements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

We observed the following matter that we consider to be a material weakness.

Material Weakness

Reliance on Third Parties and Lack of Management Oversight and Review

During the audit, various deficiencies in internal control were noted relating to a reliance on third parties, lack of management oversight, and the lack of review of Plan activity. The individual deficiencies below explain each of these matters. When combined, the individual deficiencies below result in a material weakness.

Oversight of Third-Party Service Providers

Plan management has outsourced many functions relating to the Plan to outside third parties for processing, including Plan recordkeeping and administration and payroll. Although these responsibilities are outsourced, management has a responsibility to ensure that appropriate controls and safeguards are in place. While management performs several of the following tasks, we have observed that there is no documentation of completion of the related procedures. We recommend that management develop policies surrounding these reviews and document them appropriately.

We recommend Plan management obtain and maintain the annual SOC 1 Reports (Service Auditor's Report on Controls Placed in Operation and Tests of Operating Effectiveness) from each service provider that provides significant services which impacts the Plan's financial reporting and daily transaction processing and document your review of the report. Although the controls and/or potential deficiencies identified within the SOC 1 report are not directly the responsibility of Plan management, they do have an impact on the internal control environment of the Plan and should be analyzed and mitigating controls established for any control deficiencies identified. Plan management should also document the User Control Considerations identified in the report and determine if those are operating effectively within the Plan. Additionally, as part of its fiduciary responsibilities, the Plan Sponsor is required to periodically monitor service providers to ensure they are properly performing the agreed-upon services. Specifically, we recommend that the Plan Sponsor perform and document periodic reviews and reconciliations of information provided by the third-party service providers, including but not limited to the following:

- Review of investment balances and activity summaries to gain knowledge over the Plan's activities and to identify any unusual or significant transactions or investment valuations outside of expectations
- Reconcile participant data to the information maintained by third-party providers for accuracy
- Reconcile contributions remitted each pay period between internal and external records
- Review the quarterly statements for benefits paid and loans issued and reconcile the information from the third-party provider records to internal records document review of periodic feedback files received from the third-party provider

401(k) Oversight Committee

In order to demonstrate that the Plan Sponsor is fulfilling its fiduciary duties, we recommend the committee meet regularly (e.g. quarterly) and document discussions in the form of minutes. Discussions should include investments policy statements, investment choices, the results of the administrator's review of the SOC 1 report, updates to the Plan and controls surrounding the Plan.

Employer Match

The employer match for the 2019 Plan year was not funded by the audit report date. We recommend finalizing eligibility determinations and matching calculations in a timely manner after year end so the final match is processed before filing deadline requirements.

We observed matters that we consider to be deficiencies that we communicated to management orally.

OTHER MATTERS

Although not considered material weaknesses, significant deficiencies or deficiencies in internal control over financial reporting, we observed the following matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, these matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

CARES Act

In March 2020, Congress passed and President Trump signed into law the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act). This bill includes several items specifically related to retirement plans that Plan management should consider implementing when operating the Plan during 2020. However, the Plan amendments do not need to be adopted in 2020. As an example, for a calendar year plan, Plan management would have until December 31, 2022, to make any applicable amendments.

Participant Loans

For new loans issued during the 180-day period after the date the Act was enacted (March 27-September 23, 2020), participants may borrow up to \$100,000 from qualified plans, which is an increase from the \$50,000 previously allowed. If participants have an outstanding loan due before December 31, 2020, the due date can be delayed by one year.

Participant In-Service Distributions

For the period January 1, 2020 until December 31, 2020, participants may elect to take a coronavirus-related distribution of up to \$100,000 from their retirement plan or IRA without a 10 percent early withdrawal penalty (the distribution would still be subject to personal income tax). Also, for any of these coronavirus-related distributions, participants may repay the amount withdrawn back into the Plan within three years from the date of distribution, and the contribution will be treated like a rollover contribution. The Plan Administrator may rely on a participant's certification that the employee satisfies one of the three conditions for a coronavirus-related distribution.

Required Minimum Distributions (RMDs)

For calendar year 2020, the requirements to pay RMDs before the end of the year were temporarily waived. This applies to 401(k), profit-sharing, 403(b) and 457(b) plans as well as individual retirement plans (IRA).

SECURE Act

The *Setting Every Community Up for Retirement Enhancement Act of 2019*—better known as the SECURE Act—was signed into law by the President on December 20, 2019. It appears to be the most significant retirement plan legislation in the past decade.

Provisions of the SECURE Act, which are generally effective in 2020, include the following:

- Increases the cap for the auto-enrollment safe harbor from 10 percent to 15 percent, which could be very helpful for plans with nondiscrimination testing issues.
- Plans could allow participants who encounter certain life events to take out penalty-free in-service distributions from accounts of up to \$5,000 for each spouse. The distribution must be within one year after the birth or adoption of a qualifying child. Please note the distribution is penalty-free but is still subject to normal individual taxation.
- Increases the age for required minimum distributions (RMDs) from 70.5 to 72 and would apply to distributions required to start in 2020. Please note that RMD rules are not applicable if employees are still working and not a 5 percent or more owner, and this specific provision was affected by a provision within the CARES Act of 2020.
- The legislation now provides for inclusion of “long-term part-time employees” (LTPTE) in the Plan in terms of allowing these participants to defer their own contributions into the Plan. Employees working at least 500 hours in three consecutive 12-month periods would be allowed to defer their own funds into the Plan. Employers can still require 1,000 hours of service before having to make employer contributions. These new LTPTEs can be carved out of nondiscrimination testing as well. The LTPTE requirements become effective in 2021.
- In an effort to help participants adequately prepare for their retirement, 401(k) plans will now be subject to new “Lifetime Income Disclosures.” Defined-contribution plans are going to be required to provide annual participant statements that include an estimate of the monthly amount they could receive (based on their current account balance) upon retirement.
- An optional new safe harbor for employers that opt to include a lifetime income investment option in their defined-contribution plans has been created. If plan fiduciaries meet certain requirements, they would be protected when selecting an insurance company to provide annuity contracts.
- In an effort by the government to encourage smaller employers to implement auto-enrollment, small employers will get a tax credit to offset the costs of starting a 401(k) plan that includes automatic enrollment features or converting an existing plan to include automatic enrollment features.
- Frozen defined-benefit plans are receiving some testing relief from annual requirements.
- The legislation provides for expanded availability of multiple employer plans for smaller employers.
- The legislation also calls for a tightening up of the benefits of “stretch IRAs” and requiring beneficiaries to withdraw all assets of an inherited account within 10 years. The Act also provides for increasing penalties for late filings of Form 5500s.

We encourage Plan management to explore the effects of these new provisions with both your third-party administrator and/or ERISA legal counsel. We anticipate your retirement plan could have additional amendment requirements during 2020 to comply with certain provisions of the SECURE Act.

New Auditing Standard for Employee Benefit Plans

In July 2019, the AICPA Auditing Standards Board (ASB) issued the Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* (SAS 136). SAS 136 applies only to audits of employee benefit plans that are subject to *Employee Retirement Income Security Act of 1974* (ERISA). The new standard prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to ERISA and changes the form and content of the related auditor's report.

New Requirements for the Auditor

SAS 136 addresses specific performance requirements in the following areas:

- Engagement acceptance
- Audit risk assessment and response, including the auditor's consideration of relevant plan provisions
- Communication of reportable findings with those charged with governance
- The auditor's responsibilities relating to the ERISA-required supplemental schedules and the Form 5500
- The form and content of the related auditor's report

New Requirements for the Plan

SAS 136 requires Plan management to provide the auditor with the following:

- Acknowledgment from Plan management that the certifying entity (typically the trustee or custodian) is qualified to provide a certification for investments and related investment income
- Plan management will be required to provide a substantially complete draft of the Form 5500 before the release of the financial statements

ERISA Section 103(a)(3)(C) Audits

ERISA section 103(a)(3)(C) allows Plan management to elect to exclude from the audit certain investment information held and certified by a qualified institution. This type of audit, previously known and referred to as a "limited-scope audit", is now referred to an "ERISA section 103(a)(3)(C) audit" in the new standard. SAS 136 does not change anything in ERISA, and therefore, Plan management is able to continue electing such an audit.

SAS 136 clarifies what is expected of the auditor, including specific procedures when performing an ERISA section 103(a)(3)(C) audit. It also establishes a new form of report that provides greater transparency about the scope and nature of the audit and describes the procedures performed on the certified investment information.

SAS 136 is effective for audits of financial statements for periods ending on or after December 15, 2021. Early implementation is permitted.

This communication is intended solely for the information and use of Plan management, the Plan Administrator and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

We are providing this letter in connection with your audits of the financial statements of the Compass Community Health 401(k) Profit Sharing Plan & Trust (the Plan) as of and for the years ended December 31, 2019 and 2018, and supplemental schedules as of and for the year ended December 31, 2019. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations under ERISA. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control, and preventing and detecting fraud.

As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Reliance Trust Company and Mid Atlantic Trust Company, the trustees, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated February 13, 2020, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.

2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We have reviewed and approved a draft of the financial statements and related notes referred to above, which you prepared in connection with your audit of our financial statements. We acknowledge that we are responsible for the fair presentation of the financial statements and related notes.
5. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand the term related party refers to an affiliate; employer, management, fiduciaries, and members of their immediate families, and any other party with which the Plan may deal if the Plan can significantly influence, or be influenced by, the management or operating policies of the other. The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with the Plan.
6. We have disclosed any significant unusual transactions the Plan has entered into during the period, including the nature, terms and business purpose of those transactions and whether such transactions involved related parties.
7. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.
 - (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
 - (d) There were no administrative committee meeting minutes held through the date of this letter.

- (e) All significant contracts.
-
- 8. All transactions have been recorded in the accounting records and are reflected in the financial statements.
 - 9. We have informed you of all current risks of a material amount that are not adequately prevented or detected by plan procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets or liabilities.
 - 10. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
 - 11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from participants, former participants, regulators, third-party servicers or others.
 - 12. We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - 13. Except as reflected in the financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial records.
 - (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
 - (d) Events occurring subsequent to the date of the statement of net assets available for benefits through the date of this letter requiring adjustment or disclosure in the financial statements.

- (e) Agreements to purchase assets previously sold.
 - (f) Reportable transactions as defined in Section 103(b)(3)(H) of ERISA.
-
- 14. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
 - 15. We acknowledge the Plan does not meet the definition of a “public entity” under generally accepted accounting principles.
 - 16. The Plan or the Plan Sponsor is not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. Neither the Plan nor the sponsor has sought or received attorney’s services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.
 - 17. Adequate allowances have been provided for any material losses from uncollectible receivables.
 - 18. The fair values of financial assets and liabilities recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
 - 19. The Plan and the trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. We do not have any intention at present to terminate the Plan. Required nondiscrimination testing under the appropriate Code Sections has been completed for the Plan, and any excess contributions have been disposed of in accordance with regulations.
 - 20. The adoption date of the most recent Plan amendment was January 1, 2020, as provided to you.
 - 21. The Plan operates under a volume submitter adoption agreement in connection with a prototype 401(k) profit-sharing plan and trust sponsored by ADP. This prototype

plan document has been filed with the appropriate agency and has obtained an opinion letter from the Internal Revenue Service stating that the prototype constituted a qualified plan under Section 401 of the Internal Revenue Code at that time. The Plan has been amended since the prototype received the opinion letter. However, we believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, we believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

22. The Plan has complied with the fidelity bonding requirements of ERISA.
23. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
24. We have informed you of the existence of any unrecorded transactions, side agreements or other arrangements (either written or oral).
25. Except as disclosed in the financial statements, the Plan has:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual agreements, for which noncompliance would materially affect the financial statements.
26. The financial statements disclose all significant estimates known to us. Significant estimates are estimates at the date of the statement of net assets available for benefits which could change materially within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
27. With respect to any nonattest services you have provided us during the year, including preparation of the financial statements and related footnotes:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.

- (d) We have evaluated the adequacy of the services performed and any findings that resulted.
- 28. We have reviewed the reports of all transactions processed by third-party servicers, and, based on our review, we believe the transactions shown in the reports are valid and in accordance with our instructions to the third-party processor. We also have had no communications from any of the Plan's service organizations regarding any fraud, noncompliance with laws and regulations or uncorrected misstatements.
- 29. With the exception of those contributions relating to 2018 that were not remitted timely that were corrected during 2019, we have complied with the Department of Labor's regulations concerning the timely remittance of participant contributions.
- 30. We have apprised you of all communications, written or oral, with regulatory agencies concerning the operation of the Plan.
- 31. As applicable, we have complied with the Department of Labor's regulations concerning the services provider fee disclosures in accordance with Sec. 408(b)(2).
- 32. With regard to supplementary information:
 - (a) We acknowledge our responsibility for the presentation of the supplementary information, including its form and content, in conformity with relevant regulatory requirements or other applicable criteria.
 - (b) We believe the supplementary information is fairly presented, both in form and content, in accordance with relevant regulatory requirements or other applicable criteria, in material respects.
 - (c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.
 - (d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - (e) The supplemental information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*.

- (f) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.
33. We understand the values of the assets and liabilities recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.
34. The employer match was not funded by the Form 5500 filing deadline; however, we intend to fund the matching contribution according to ADP's final calculation. Additionally, we do not foresee any inability to meet this obligation.

Eva Gitome, Chief Financial Officer

Eric Stevens, Senior Director Human Resources
